Will Rogers Remarks:

BEVERLY HILLS, July 19.—[To the Editor of The Times:] The Governors of all the States are gathered together in Connecticut to show how far apart they are.

Mr. Wickersham sent a letter to them, and like everything that a highly educated man writes, nobody could understand what he meant. They don't know from it if he is wet, dry, damp, repeal, enforce, endure, modify or let bad enough alone. They have tried to ask him "what he meant" and he can't tell 'em.

The letter has had one astounding outcome. It's made Senator Caraway a Democrat, and Senator Borah a dissolutionist, both see a thing the same way. They agree that Wickersham is all wet.

Yours,
WILL ROGERS.

AIR EXPRESS PROPOSED

Tentative Plans Nation-wide

Project Said to Hinge on American Rail Agency Participation

Curtiss-Wright and Other Leading Aeronautical Interests Involved

NEW YORK, July 19. (Exclusive) Transportation interests in the Curtiss-Wright Corporation and other leading aeronautical organizations of the United States, along with railroad express executives, are considering the formation of a country-wide aviation express company having the same relation to the nation's air business as the American Railway Express Agency, Inc., bears to railroads of the United States, it was confirmed tonight in conversations with individuals close to the interests involved.

While Curtiss-Keys and Wright-Hoyt sources declined to comment on the proposed development, and in several instances denied knowledge of the plan it was learned authoritatively that negotiations are

FRENCH MAY TAX FILMS

Quota Policy to be Junked

Normal Operation Hinted in Study Period by Note Sent to America

High Duty on Imports Seen as Final Solution for Cinema Problem

[Copyright, 1929, by New York Times.]

PARIS, July 19. (Exclusive)—There is reason to believe that negotiations, now actively under way, soon may lead to a settlement of the long and tiresome film controversy of the motion-picture industries of France and the United States.

In an informal memorandum which, it is understood, was sent to Washington several days ago, the French government suggested that the American film interests resume their normal operations in France pending a further study of the problem by the superior film control commission. The French are hoping for a response within the next few days and in the meanwhile Will Hays and other leaders of the American industry are considering the question of policy involved.

PRACTICALLY QUIT

The American film companies in France practically suspended several months ago in protest against the proposed imposition of a four-to-one quota for foreign films. Sales for the coming year were halted and the French employees, numbering more than 8000, have been discharged.

Faced with this united position the French industry has been slowly but surely falling back upon sounder methods of regulating foreign films. It is not unlikely, therefore, that the whole theory of a contingent will be abandoned and a heavy import tax put in its place. The Americans have indicated that they are willing to accept this and if the solution, now in the air, eventually materializes, it will no doubt consist of a frontier tax on each American feature film brought into France.

MAY TAX FILMS

Opposition, however, is being voiced by the French exhibitors, who realize that, in the final analysis, they will be forced to bear the burdens of the increased duties.

The sum of 20,000 francs (about $800) per film, has been mentioned as a suitable tax but the Americans think this is too heavy and a compromise somewhere between that amount and 10,000 francs is anticipated.

Other suggestions which are being considered include an abandonment of the contingent only for those countries which have no contingent system themselves. This would, of course, be favorable to the United States since no internal restriction for foreign films is maintained there.

LICENSE AS BOUNTY

Another proposal would grant to every French producer four import licenses with which they would be able to bring in their foreign films free of duty. The Americans oppose the latter plan on the ground that the producers would be in a position to sell licenses for less than the amount of the new import tax. Furthermore, the producers would be encouraged to embark upon the distribution business themselves, thus cutting in on the American distributors in France.

If the French industry does consent to a frontier tax and an unrestricted market, it would be meeting in full the American demands. It is reasonable to suppose, however, that the French will only do this if and when their government agrees to subsidize the French industry through the proposed new frontier tax.

The motion-picture companies in France are badly in need of substantial funds and no settlement will be agreeable that does not take this into consideration.

SIX PERISH IN SWEEP OF ANGORA FIRE

Large Part of City Razed; Mustapha Kemal Aids in Fight Against Flames

CONSTANTINOPLE, July 19. (AP) A large part of the city of Angora was ravaged by fire today. Flames broke out at 3 a.m. and, fanned by a strong wind, spread rapidly.

Six charred bodies were recovered in the ruined buildings when the fire was brought under control after burning eight hours.

The total number of casualties has not been listed. It is estimated that more than 1000 shops and houses were destroyed. The financial loss will be considerable.

Ghazi Mustapha Kemal, President of the republic, arrived at the scene of the fire at 3 a.m. and personally directed the firemen's fight.

The greater part of the old and picturesque town of Angora was destroyed, as well as the market. The flames were checked just as they reached the new city.

WHITE COLLARITES REVOLT

"Down With Discomfort" Cry Men in New York as They Turn to Smocks and Beltless Pants

NEW YORK, July 19. (AP)—The American man in revolt, with his guns of rebellion aimed at his own clothes, his war cry, "Down with discomfort."

So say Dr. Thomas Darlington, physician, Presbyterian elder and former City Health Commissioner, and Stuart Chase, writer. Bank clerks and salesmen, perspiring into their wilted collars while their wives trip about in chiffon, are following their example in rebelling against the clothes that weigh ten pounds to the women's ten ounces.

A change that means no belts, no collars, no boiled shirts, no wool clothes in 90 deg. weather has got to come, they say, and the more courageous are practicing what they preach.

COSTUME DESIGNED

Dr. Darlington is appearing publicly these July days in a costume he has adopted for "health and comfort."

It consists of a washable tan poplin suit, with loose trousers and a coat cut like a Russian smock, buttoning across the right shoulder and down the side, having a two-inch standing collar; a cotton union suit, shoes and socks.

"A man's hips aren't built to hold anything up," says Dr. Darlington, "and the tight belts he wears now are just about as ridiculous as a woman's corset used to be. He's got to get rid of belts that constrict his stomach.

"I hold my trousers up with what Calvin Coolidge calls 'galluses,' and the collar of my coat is loose and easy. In time, when people have grown used to the sight of men's necks, we can eliminate the collar altogether.

"The wistful looks that men upholstered in tweed and starched collars cast in my direction convince me this reform is coming to stay."

FOUR JAILED IN QUIZ OF HEX MURDER

Michigan Man Admits He Killed Woman Because She "Cast Evil Spell"

KALAMAZOO (Mich.) July 19. (AP)—Eugene Burgess, his wife and their son and daughter are in jail here today while officers investigated what they said has all the appearances of a "hex" slaying.

The victim was Mrs. Etta L. Fairchild, 75 years of age, occupant of a home for the aged here, whose mutilated body was found in a cistern shortly before midnight last night.

Burgess, officers said, confessed he had killed Mrs. Fairchild with a lead pipe and hammer because she "had cast an evil mental influence over his family" and that she "could kill people through her mental process."

IGGIE CHEERS BYRD CREW

Fox Terrier Mascot in Antarctic Wears Coat and Boots to Withstand Extreme Cold

BY RUSSELL OWEN

[Copyright, 1929, by the Los Angeles Times, New York Times Company and St. Louis Post Dispatch. All rights for publication reserved throughout the world.]

LITTLE AMERICA (Antarctica) July 19. (Exclusive)—Halfway over to the mess hall this morning a dark little figure was found sitting in the snow. It was Iggie, without boots, and his feet were cold, for it was 60 below zero. Iggie is the pet name for Igloo, Commander Byrd's mascot and the most intelligent dog in camp. When Iggie's feet are cold he won't walk. This morning he had gone with the commander to breakfast, had stepped outside for a few moments to play with the pups and then apparently had been unable to break through them so he could scratch on the door for admittance. The pups are so big now that they are almost too much for him.

When Commander Byrd was on the ship he was doubtful as to whether he should bring Iggie ashore. He is very fond of him, talks to him in his room and Iggie has all the traditional devotion to his master. The commander was afraid that one of the larger dogs running around might make a mouthful of Iggie some day. He brought him to Little America, however, where the dog miraculously survived and became the pet of the camp. Byrd has had to rescue him many times.

DOG HAS COURAGE

He got along well with the dogs on the ship, made friends with them chased them and even tried to fight with one or two of several times his size. For Iggie has as much courage as brains and these two qualities probably have saved him where a less courageous and intelligent short-haired animal would have died long ago.

Iggie's first encounters were with penguins. They interested him greatly and he would bark at them and rush them only to be repulsed with a peck from the penguins' vicious beaks or a whack with a flipper; and a thoroughly indignant emperor penguin weighing seventy-five pounds can hit a tremendous blow. Iggie never caught

CHILD CAMP SAID TO BE RED SCHOOL

Federal Investigation of Resort on Russian River Asked by Prosecutor

SAN FRANCISCO, July 19. (Exclusive)—Attention of the United States District Attorney's office was called today to a camp for children maintained on the Russian River near Healdsburg, which is declared by the American Legion of Healdsburg to be a school for the propagation of Communism.

The complaint was made following an investigation of the camp by Dist.-Atty. Barnard of Sonoma county. He found in the camp, he said, thirty-six children from 8 to 17 years of age, chiefly of Finnish, Russian and Polish parentage recruited from the San Francisco Bay District. At the entrance to the camp flies the flag of soviet Russia around which the children gather each day to sing the "Internationale."

Each day, Barnard learned, the children parade to the beach singing the "Internationale" and there are taught Communist tenets by an instructor changed every week. Campers in the vicinity, women and children, called attention to the camp by following the paraders and singing "The Star Spangled Banner."

County Detective Pemberton and Deputy Sheriff Shulte of Sonoma county investigated the camp and interrogated the present instructor, Maury Martin of San Francisco. After hearing their report, Dist.-Atty. Barnard communicated with the United States District Attorney's office, requesting that the Department of Justice investigate.

According to Martin, the camp instructor, the camp is known as "Bay Cities Pioneer Camp No. 1, workers for international relief."

Italian Towns Severely Shaken by Earthquake

FLORENCE (Italy) July 19. (AP)—Florence was shaken by an earthquake at 10:02 p.m. yesterday. The shock lasted about eight seconds and did considerable damage to walls and roofs in neighboring villages. Roofs fell and crevices appeared in walls in Borgo, San Lorenzo, Vicchio, Barberino and Firenzuola, but no personal injuries were reported.

The Piazza Michelangelino, the Campo De Marte and Le Gascine were full of fearful people while the populace of the hamlet Mugelo went out into the fields to sleep.

At Bologna the shock was lighter than at Florence. At Faenza and Castel Del Rio the inhabitants were greatly alarmed.

BELGRADE (Jugo-Slavia) July 19. (AP)—A somewhat severe earthshock was felt here at 9:30 o'clock this morning. The epicentre was estimated to be about sixty miles away in the Rudnik district.

JAPAN REPORTED ARMING TO GUARD MANCHURIA LINE

Nipponese Fearful as China and Russia Continue War Moves; Firing Rumored Started

[Copyright, 1929, by the Chicago Tribune.]

TOKIO, July 20 (Saturday) (Exclusive)—No longer untroubled over the Chinese-Russian situation, and frankly admitting the probability of a guerilla warfare on the troop-massed borders, the Japanese government's policy today is apprehensive and prepared instead of watchful waiting.

The Cabinet held an urgent meeting all day yesterday followed by an unconfirmed but reliable report that the general staff has instructed Japanese Manchurian troops to mobilize immediately and be prepared to move.

The nearest of the powers, and the one most concerned, Japan is outwardly anxious for a peaceful settlement, but no one doubts its eventual militaristic stand if Russia invades Manchuria.

Exceedingly significant is the business reaction here, the stock market especially, Manchurian connections rising steadily as the chances of war increase. This to most observers means simply that the Marunouchi, the so-called Japanese Wall street, knows that Japan inevitably will join the Russo-China fight and Japan eventually will benefit if China and Japan fight Russia.

INTERVENTION ASKED

The Chinese Minister at Tokio, Wan Yung Pao, conferred at length with Foreign Minister Shidehara yesterday, it is rumored, and asked Japanese intervention, but it was publicly said he "merely explained China's action in the dispute."

The soviet Ambassador also conferred with the Foreign Minister and it is understood he asked Japan's strict neutrality whatever happens.

The Foreign Office is quoted as believing that neither country intends to declare war at the moment but each is apprehensive of the other's massing of border troops. Just a few shots could start an active warfare along the whole border, which could not be easily stopped. The Foreign Office thinks the soviets may send troops deliberately as far as Harbin, declaring it is more an expedition than a declaration of war, but doubts that China would fail to resist.

Meanwhile, early this morning Manchurian reports, accepted here as true, foster an increasing pessimistic outlook. The chief of these follow:

Soviet troops entered Manchouli at 3 p.m. yesterday, where communications this morning seem cut.

SHOTS EXCHANGED

Some shots were exchanged at Pogranichinaya yesterday morning but details are lacking. An eyewitness from there earlier reported 20,000 Red troops there the day before.

The War Office here received an official report that "the war preparations" of both China and the soviet are completed and the whole border is blockaded by the armies and navies of the disputing countries. This report stated that the soviet Thirty-sixth Division stationed at Chita, has arrived at Doria, and 200 cavalrymen from Doria have been sent to the border near Manchouli prepared to flank the movement. Soviet airplanes are surveying the border from Chita headquarters.

The Nineteenth Corps soviet army at Habarovski started southward Wednesday and is arriving near Pogranichinaya. Pacific soviet army headquarters, ordinarily Vladivostok, now is Grotekow. Soviet warships at Habarovski have started for the mouth of the Sungari River.

The Chinese have three brigades of troops scattered between Harbin and Pogranichinaya and 60,000 troops between Harbin and Manchouli.

ABDUCTION QUEST ON

Missing Heiress Clews Sought

Miss Wolfskill Now Believed by Authorities to be Kidnap Victim

Resident of Los Angeles Due for Questioning About Her Affairs

FAIRFIELD, July 19. (Exclusive) Sheriff Thornton tonight accepted the belief that Miss Irene Wolfskill, missing 57-year-old eccentric heiress, has been kidnaped and he launched a move to interview all persons who may be able to throw light on business or family conditions. Somewhere along the trail of these relations with others, he believes, he will find the essential clew leading to the whereabouts or the body of the woman.

Acceptance of the belief, the Sheriff explained, rests not so much on evidence of an indicative nature as in the failure of other theories to stand up under investigation.

Six days have elapsed since Miss Wolfskill disappeared from her ranch seven miles north of here. In that time the territory in which she might have become lost has been combed afoot and by horse without yielding a trace.

PLANE JOINS SEARCH

Today the searching agencies were augmented by an airplane from Santa Rosa, also without avail. The district has been covered so thoroughly that Thornton believes it impossible for the woman to have escaped detection if she is afield.

One of the first steps in search of a clew in substantiation of the kidnaping theory will be an interview, he said, with Mrs. Bessie Ritchards, discharged as Miss Wolfskill's housekeeper the 2nd inst. by Matt Wolfskill, one of the missing woman's brothers and personal guardians.

Mrs. Ritchards, whose home is in Los Angeles but who now is visiting in Santa Barbara, is not in any way under suspicion, the Sheriff explained, but he thinks she can give information which may prove of great value. The task of getting what information she has was assigned to M. A. Harris, operative of the Burns agency.

BUSINESS TO BE TRACED

The Burns agency has been asked to go into every angle of Miss Wolfskill's business arrangements for the last several years. This last will include the personal relationships between Miss Wolfskill and her two brothers, Matt and Ney,

THE LAST AND GREATEST WAR

The last and greatest war in which mankind will engage will not be one of nation against nation, but of the human race against insects, in the sober and considered view of unimaginative scientists. It will be a war to the death, with no peace or armistice till one or the other of the combatants is completely vanquished. If man loses, he will face utter extinction through starvation.

JOHN S. McGROARTY

This war is no new thing, yet in the future. It has been going on for many years; yet, because its formidable character is only now coming to be realized, man has so far been defeated in every major engagement. In country after country, continent after continent, the insect armies have put to rout the puny efforts of men to stay their ravages. In a dozen quarters simultaneously the staple foodstuffs of America now are menaced by these hordes of tiny scourges.

A remarkable and dramatic picture of this final war of men against their greatest enemy is given by John Steven McGroarty, noted staff writer for The Times, in a series of daily articles to begin tomorrow in The Times. Mr. McGroarty has just returned from a personal investigation of several weeks of the fruit fly situation in Florida, a national emergency the gravity of which is as yet scarcely realized save by the handful of scientists on the battle line in that beleaguered State.

The Times sent Mr. McGroarty to Florida to get and to report the exact truth, that California and the country at large might not only be informed of the facts but as well of the best and most practicable means for helping not only Florida but ourselves against a common menace to the welfare of the entire country.

policy, through adherence to the Kellogg treaty.

The action was taken directly yesterday with Chinese Minister Wu and was communicated to Moscow through French Ambassador Claudel and Foreign Minister Briand in Paris and the soviet embassy there. Since the United States does not recognize the Moscow government, the communication could not be sent directly to it.

Secretary Stimson is convinced that the underlying causes of the dispute are of a negotiable nature and that the whole matter, which has resulted in a severance of diplomatic relations between the two countries, can be settled by arbitration. Official circles here received with considerable pleasure the pronouncements by high soviet officials that the Moscow government will take the Kellogg treaty into consideration in the situation and will avoid war.

ATTITUDE EXPLAINED

The attitude of American officials is that while the treaty will not come into full force until the formal deposit of Japan's ratification in Washington Wednesday, the pact should be accepted by the adhering powers as though it now is in effect.

Chairman Borah of the Senate Foreign Relations Committee declared today that "Russia has from the time she signed the Kellogg pact recognized its binding force."

"She was the first nation to adhere to the treaty," he continued, "and long before the pact had been ratified by the leading nations had proposed to put it into practical effect in her affairs with Poland. And from the beginning of this controversy with China she has called attention to the Kellogg pact and recognized her obligations under it.

"If the press dispatches are correct, yesterday Russian officials declared that there would be no war and again called attention to the Kellogg pact. I hope and I believe, as I said some days ago that this controversy will be adjusted."

CALLED GOOD MOVE

Commenting on the Stimson action, Borah described it as a "good" move. The Senator, who long has been an exponent of American recognition of Russia, expressed regret that the United States cannot communicate directly with the soviet.

Chairman Porter of the House Committee on Foreign Affairs also expressed pleasure at the Russian stand.

"All the facts I have been able to obtain," he said, "indicate a sincere desire on the part of the soviet government to outlaw war. They are to be congratulated on translating into deeds what they have been advocating for years."

Word from the Chinese government along a similar vein to that which has been expressed in Moscow is expected by many diplomats here to result from Secretary Stimson's action.

ANOTHER EFFORT

Simultaneously with his reminder to China and the soviet, Secretary Stimson yesterday summoned the British and Japanese ambassadors, the countries of which are parties to the pan-Pacific treaty of 1921, and enlisted their co-operation in his peace movement to avoid the hostilities which appear to be threatening in the Manchurian trouble.

The United States, Great Britain, Japan and France signed the pan-Pacific treaty in Washington. It relates particularly to their insular possessions and dominions in the Pacific. The second section of the treaty provides if any of their rights in the Pacific are threatened by the aggressive action of another power, they will "communicate with one another fully and frankly in order to arrive at an understanding as to the most efficient measures to be taken jointly or separately to meet the exigencies of the existing situation."

In addition to discussing this angle of the situation with Sir Esme Howard, the British Ambassador, Japanese Ambassador Debuchi, and French Ambassador Claudel, the Secretary also informed Italian Ambassador De Martino regarding the measures he had taken.

SOVIET DECLARED TO REMAIN ADAMANT

BERLIN, July 19. (AP)—A Moscow report reaching here by way of Kovno, Lithuania, declares that the soviet government is determined to reject any attempt by the League of Nations to mediate its dispute with China.

RUSSIANS SEIZED DURING NEW YORK RIOT

NEW YORK, July 19. (AP)—The threatened war between China and Russia had a repercussion here today, when several hundred Russian sympathizers gathered in front of the Chinese Consulate in Astor Place and raised such a rumpus police reserves were required to disperse them. Eight men and four girls were arrested.

Police reserves were met with jeers and hisses and when the crowd ignored orders to move several scuffles followed. No one was reported injured, however, and when police started forcing the nearest standard bearers into patrol wagons the crowd dispersed.

Among those arrested is William W. Weinstone, secretary of the Workers Communist party and candidate for Mayor of New York on his party's ticket.

Members of the staff of S. S. Young, the Chinese Consul-General, sat in their offices on the sixth floor of 13 Astor Place quite unperturbed while the crowd milled in the street below.

No attempt was made to enter the building.

CHINA EXPECTED TO OBTAIN NEW SPIRIT

China will gain her first national consciousness in centuries from the present threatened Red invasion, in the opinion of Very Rev. Michael O'Dwyer, superior-general of the Order of St. Columban and popularly known as Ireland's "peregrinating padre," who arrived from Honolulu yesterday aboard the Lassco liner City of Honolulu, en route around the world on a survey of Columban missions.

The Columban monks maintain two missions in China, at Hin Yang, in Hu Peh province, and the other at Kin Ching, in King Si province, the strongholds of Catholicism in the Orient. O'Dwyer, as superior-general, visits these missions every three years on his continuous globe circuits and therefore has become an authority on Chinese affairs.

"The political entity in China is the family, which is the main reason for China's complete lack of national strength," said Mr. O'Dwyer. "There is no word in the Chinese tongue, as far as I can learn, for patriotism.

"Nevertheless, I found before I left this time that the supporters of every warring and political faction were solidly against the Russian soviet. Another thing; the Chinese view Manchuria as their inheritance and they will not submit to Russian invasion meekly.

"Manchuria is a country of great natural resources and Japan also is developing the mineral wealth of the province to a surprising extent. The Japanese also include Manchura in the program of national expansion."

St. Columban, an Irish monk of the seventh century, founded the evangelical Order of St. Columban, said Mr. O'Dwyer. The Chinese and Philippine missions of the order were founded by Rev. Edward J. Galvan of Brooklyn, now bishop of Hin Yang, in 1911.

During his week's stay in Los Angeles, Mr. O'Dwyer will visit Bishop John J. Cantwell.

TWO DERBY LETTERS IN WAR ZONE

'Times' Messages Held Up, But Others May Fly With Japan's Diplomatic Mail

Two of the letters entered in The Los Angeles Times "'Round-the-World Air-Mail Derby" are held up in the Manchurian war zone, according to a cable received last night from the Associated Press at Tokio, which stated that regular trans-Siberian mails over soviet Russia have been suspended. News dispatches from Harbin, the center of the Sino-Russian disturbances, indicate that Chinese troops have cut their rail connection with the Siberian Eastern and the Trans-Siberian railways and that a number of the mail planes in use flying the transcontinental mails from Harbin and Vladivostok have been drawn from their routes for use in scouting along the border between Siberia and Manchuria.

Notwithstanding the ban against mail passing through the lines of the Chinese and soviet armies, The Times has been able to procure the co-operation of the Japanese government and the two west-bound letters routed through Siberia will be handed today to the Director of Information of the Japanese Foreign Office in Tokio, H. Haito, with the request that the letters be given the military visa and included in the diplomatic mail from that office to the Japanese Embassy at Moscow.

When the six letters started from The Times office in Los Angeles, M. Taknaka, the Imperial Japanese Vice-Consul for this city, cabled Mr. Haito the details of the derby and asked that every courtesy and help be given. Yesterday, when the cable was received stating that war conditions seemed to prevent the passage of the letters routed through Siberia, Mr. Takoaka was quick to offer the help of his government.

From Moscow, the letters will follow their original route down to Berlin, Paris and Cherbourg and go aboard a mail steamer for New York, where the air-mail flight to Los Angeles will be quick and simple.

The third letter of the three, routed west to Yokohama and down the southern route by way of Hongkong to Bombay, already is on its flight from Japan to the south. Although this is the longest route around the world, this envelope may be the winner in the derby.

Chinese Consul Faces Pressure for His Removal

SAN FRANCISCO, July 19. (Exclusive)—Sun Foon, chancellor of the Chinese Consulate, who has been charged with conspiracy in the asserted opium smuggling plot involving the former Vice-Consul and his wife, faces new pressure for his removal to China.

Sun has defied Minister Wu to send him back to China, so some of the most powerful organizations in Chinatown met tonight to discuss measures designed to have him change his mind and stand trial in China. Among the groups meeting were Kuomintang, Nationalist organization, and Chinese Six Companies.

BEES OCCUPY CHURCH

Seven Swarms Defy Congregation and Prevent Services

VINCENNES (Ind.) July 19. (Exclusive)—Seven swarms of bees that a month ago took possession of the Methodist Church at Emison, still prevent holding of services in the building, so today Jay Smith, bee expert, was commissioned to drive out the bees.

He reported they are making honey between the brick walls and plaster and attack any one who approaches. He plugged up openings in the building and filled the church with gas but some of the openings were overlooked and the bees fanned the fumes out of their hives.

The bees recently stopped a funeral at the church. Many persons were stung.

Racketeering Charged Against Bakers' Union

CHICAGO, July 19. (Exclusive)—A bill for an injunction against the Bakers and Confectionery Workers' International Union, Local No. 237, was filed today by Abraham Kaufman, a baker. The bill charges the union with racketeering in a price war and with unlawful picketing. This accusation is the first indication of racketeering in the bakers' union.

Kaufman states he has operated an open shop for several years. He was visited by agents of the union who demanded he employ union help. He refused. On July 1 agents began picketing his shop. The bill charges that the picketers threw bricks through his windows, beat men customers, frightened women customers and seized goods coming into his shop. It asserts that the workers kidnaped one of his employees, Sam Steinberg. Steinberg was told if he wanted to save his life he should stay away from the bakery or he would be shot. Steinberg left.

Five Aviation Schools Rated by Government

WASHINGTON, July 19. (AP)—Five flying schools have been officially approved by the Department of Commerce. They are the first to receive government approval under the Bingham amendment to the Air Commerce Act providing for rating of civilian air schools by the Secretary of Commerce in an effort to reduce the number of flying fatalities.

Embry Riddle Flying School of Cincinnati and the Air Tech Training School of San Diego have been approved as transport, limited commercial and private flying schools.

Parks Air College, Inc., of East St. Louis, Ill., is rated for transport and limited commercial instructions, while the Aero Corporation of California at Los Angeles is given limited commercial and private rating, and the D. W. Flying Service, Inc., of Leroy, N. Y., is approved as a limited commercial school.

Former Witness Kills Herself

ALBUQUERQUE (N. M.) July 19. (AP)—Faye Graves, former inmate of the New Mexico Welfare Home and chief witness in the "twilight sleep" investigation last January, which resulted in the removal of Supt. Bertha Lipps and the appointment of a new board of control, was shot fatally early today with the revolver of Deputy Sheriff Rice, who was taking her home from a dance. Rice said the girl committed suicide.

The District Attorney said he is confident the girl killed herself.

Air Line Fixes New Schedule

OKLAHOMA CITY (Okla.) July 19. (AP)—Eleven-hour passenger service between Oklahoma City and Los Angeles and twenty-four-hour service between Oklahoma City and New York will be inaugurated next week by the Universal Air Corporation, Paul Braniff, operating manager of the Braniff Lines, Universal subsidiary, announced today.

The Oklahoma City-Los Angeles ships will stop at Pampa and Amarillo, Tex., and Albuquerque, N. M.

Society Girl Gets Off Easy

SAN JOSE, July 19. (AP)—Charges of driving while drunk and possession of liquor against Miss Josephine C. Grant, San Francisco and Burlingame society girl, were dismissed after a hearing before Judge O'Connor in Police Court here this afternoon.

She pleaded guilty to a charge of reckless driving and was fined $50, with sentence suspended, the judge declaring in his opinion she had "suffered enough already."

PLANS FOR GAS QUIZ TO BE MAPPED

Four Federal Groups Will Determine Procedure in Refrigeration Inquiry

WASHINGTON, July 19. (AP)—Surgeon-General Cumming announced today that he will call together representatives of four government agencies to determine procedure in an investigation of household and industrial refrigerating mediums using gasses.

The move, which is in accordance with a suggestion made by Assistant Secretary Klein of the Commerce Department, followed publication of a report by the Public Health Service recommending use of "chemical warning agents" where dangerous gasses are utilized in refrigeration. These agents are said to be "for imparting sense-perceptive properties (as marked odor, eye and nose irritation or coughing) to gasses and vapors which either lack these properties or which are tolerable in dangerous concentrations."

The Klein letter was sent first to Secretary Mellon and urged a meeting of representatives of the Public Health Service, Chemical Warfare Service, Bureau of Mines and Bureau of Standards. Dr. Cumming said such a conference will be called soon, because he views the public health problem resulting from the use of dangerous gasses without warning agents as a serious one of national scope.

Search Party Seeks Missing Ranch Woman

FORT BRAGG, July 19. (AP)—Mrs. N. E. Rowe, 77 years of age, and a resident of this district for fifty years, disappeared from her ranch near Albion, eighteen miles south of here, yesterday afternoon. Today a force of 150 men, led by Sheriff R. R. Byrnes and deputies, were searching the logged-over land along the coast and penetrating the densely wooded country further inland in a hunt for her.

Mrs. Rowe left her ranch dwelling to pick wild blackberries.

Mrs. Rowe is the widow of N. E. Rowe, former Albion merchant, who died about six months ago. Pioneers in this country, they have numerous descendants in Northern California and elsewhere.

NEW QUEST IN HEIRESS CASE

according to J. W. Bachmann, trust officer for the Los Angeles bank which handled the business affairs of the missing heiress. The two brothers were guardians of her person under a court order issued in Los Angeles county.

Various reports of women resembling Miss Wolfskill being seen throughout Northern California were received at the Sheriff's office during the day. Sheriff Thornton said the most closely fitting description among them was that of a woman acting suspiciously at a Red Bluff service station. Police there have been asked to hold her if she can be located.

TRAIN TOLL SET AT NINE DEATHS

One Other Person Listed as Missing in Wreck

All Bodies Identified Except Two Negro Porters

New Bridge Erected Over Creek in Colorado

STRATTON (Colo.) July 19. (AP)—After more than thirty-six hours searching wreckage, railroad officials announced today the death toll in the wreck of the Colorado Express, a westbound Chicago, Rock Island and Pacific train, yesterday three miles west of here, is nine dead and one missing. Service over the line is expected to be resumed tonight. Crews have nearly completed a new bridge.

The Pullman which was plunged into a creek swollen to flood stage by a sudden and furious cloudburst which had weakened approaches to a fifty-foot bridge, was thoroughly explored and all bodies removed. Other bodies were found in fields some distance from the wreck, where they had been carried by the high water.

OFFICIAL LIST OF DEAD

An officially announced list of dead, partly identified, follows:

Mary McDonald, West Palm Beach, Fla.

George F. Carlie, New York.

Mrs. George F. Carlie, New York.

Mrs. Ben Lewis, Memphis, Tenn.

Henry Lewis, 11 years of age, Memphis, Tenn.

Mrs. Jennie Foltz, Memphis, Tenn.

T. B. Johnson, Birmingham, Ala.

Two negro porters, unidentified.

DAUGHTER MISSING

Miss Julia Carlie, daughter of Mr. and Mrs. George F. Carlie, was reported with her parents on the train but not trace has been found of her and she is listed by the railroad as missing.

An inquest probably will be opened at Burlington, Colo., county seat, according to Coroner Penny. He is awaiting further identification of some of the victims by relatives and friends.

MOTHER'S FIRST THOUGHTS FOR SAFETY OF HER SON

DENVER, July 19. (AP)—A mother's thought for the safety of her son was the first impression Mrs. Walter Kolass of Berkeley remembered after the Rock Island train on which she was riding was plunged into a raging torrent near Stratton, Colo., yesterday.

"It was terrible," she said.

"One of the heroines of the wreck was Maudie Taylor, 14 years of age, of Mount Harris, Colo., a cripple for many years. Maudie was on her way home from the Shriners' Hospital for Crippled Children at Minneapolis where she had become able to walk as well as any one. Her long period in hospitals had served her well—she was able to "play nurse." She was one of the first dressed and out, lending a helping hand where she could.

To Mrs. A. Kampf of New York, mother of H. Kampf of Denver, the wreck seemed "like a horrible dream," she said. She was uninjured.

Misses Elizabeth Burke of West Depere and Dorothy Blainey of Green Bay, Wis., praised the bravery of their fellow-passengers. Though fatigued and shaken by their own work and experiences, they refused to glorify themselves but commented on the calm way everyone else acted.

PLANE EXPRESS PLAN DISCLOSED

(Continued from First Page)

actually in progress, although still in a tentative state. Public financing on a big scale is believed to be contemplated.

The proposed company, it is stated, will not only handle express business arising out of the operations of transport companies in the Keys and Hoyt groups, but will include all of the principal aviation companies on a basis of stock participation, and be closely allied with railroad and railway express interests.

The success of the plan is said to depend on participation of the American Railway Express Agency, insuring contact and co-operation with the railways.

Officials of the American Railway Express Agency queried in regard to the reported plans to form an air-express organization denied knowledge of such a proposal. R. E. M. Cowie, president of the agency, however, could not be reached. He is understood to be in California and is not due to return to New York for two weeks. It was learned, however, that an air-express company operating on a nation-wide scale would require an agreement with the agency not only because of necessary railway co-operation, but because the use of the agency's widespread pick-up and distributive facilities would be essential.

CHARTER RIGHTS

For this reason the likelihood that the American Railway Express Agency will take a leading part in the new company is considered certain—always provided the organization plans are brought to maturity. It is recalled that the charter under which the rail express agency operates, which took effect March 1, last year, when the nation's $300,000,000 express business was taken over from the railroads, gives the agency full powers to go into the business of carrying goods by air. This power already has been exercised in the past through delivery and pick-up agreements with the country's leading avaition corporations, including some of those included in the Curtiss-Wright consolidation.

JUROR'S RIDE HALTS TRIAL

Court Calls Off Case When Panelman Takes Air with Defendant's Kin

WEAVERVILLE, July 19. (Exclusive) — Superior Judge Bartlett today called a halt to the second trial of Harold H. Bragdon on an arson charge because of the revelation that Juror William Creel took an automobile ride Tuesday night with Mrs. Nettie Whitney, sister of the defendant.

L. C. Smith, counsel for Bragdon, moved for a mistrial order after Dist.-Atty. Given referred to the automobile ride in calling the attention of the court to "undue influence being brought to bear on some of the jurors."

Judge Bartlett fixed September 10 as the date for the new trial.

Berger Shows Improvement

MILWAUKEE, July 19. (AP)—Victor L. Berger, 69 years of age, former Socialist Representative, who suffered a skull fracture when struck by a street car Tuesday, is reported today to be steadily improving.

Attending physicians express the opinion that, barring complications, he will recover.

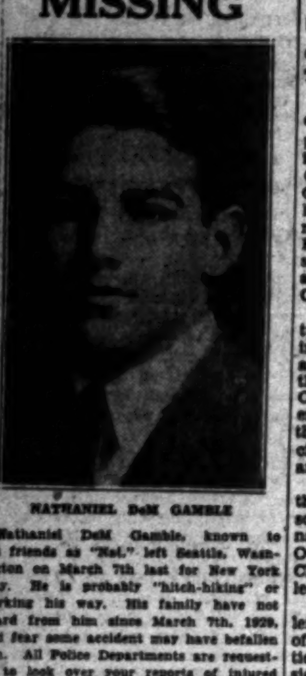
MISSING



NATHANIEL DeM GAMBLE

Nathaniel DeM Gamble, known to his friends as "Nat," left Seattle, Washington on March 7th last for New York City. He is probably "hitch-hiking" or working his way. His family have not heard from him since March 7th, 1929, and fear some accident may have befallen him. All Police Departments are requested to look over your reports of injured persons. Nathaniel Gamble has always borne an excellent reputation and is a young man of excellent habits; therefore, his parents are at a loss for an explanation as to why they have not heard from him.

Description:—Age 24 years, height 5 feet 10 inches or 11 inches, weight 160 or 165 lbs.; broad shoulders, brown eyes and straight brown hair; left handed; scar on right wrist from operation for a broken arm; wore dark suit, brown overcoat and brown hat, and carried black suit case. Well educated. The above young man is very interested in aviation. He may be located at some flying school. If there are any flying schools in your vicinity, kindly make investigation there.

He is urgently requested to communicate with his father. Please wire collect definite information to Miss Heitkemper, 341 Whitaker St., Portland, Oregon.

PAIR ON AERIAL HONEYMOON

Trip Former Miss Curwood's Choice

[P. & A. Photo]

Mr. and Mrs. M. C. Loutt (Viola Curwood)

CLEVELAND (O.) July 19. (Exclusive)—A honeymoon in the air was the choice of the former Viola Curwood, daughter of the late James Oliver Curwood, novelist, and she and her husband, M. C. Loutt, are touring the country by plane following their marriage here Tuesday. The trip combines both pleasure and business of creating interest in the national air races to be conducted in Cleveland next month.

The romance between Miss Curwood and Mr. Loutt began last January at the Miami (Fla.) air races. Mr. Loutt is aviation manager for a Pennsylvania oil concern and has been flying since 1919. Miss Curwood is not an aviatrix, but is an accomplished horse woman and a painter of note.

for an enlargement of the plans to control the pest but it also sets up conditions under which the quarantine of the infested areas may be lifted. The committee is composed of H. J. Quayle of California, Dr. Vernon Kellogg, T. P. Headlee, V. R. Gardner, L. P. Cooper, G. A. Dean and H. A. Morgan, chairman. The program is built around these points:

(1.) Prompt inspection to determine the spread of the fly in other States as well as in Florida.

IN OTHER STATES

(2.) Certification of the movement of all host fruits and vegetables produced in States invaded by the fly.

(3.) Removal of host plants of minor economic importance.

(4.) Enactment of regulations compelling destruction of adult flies. And, if practicable, treatment of soil to destroy pupae.

(5.) Reduction of shipping season to decrease the period in which the fly breeds.

(6.) Provision for prompt clean-up of orchards or other crops.

(7.) Treatment of fruits to make possible their movement without risk of carrying infestation.

(8.) Expansion of research work.

(9.) Expansion of port inspection facilities.

WATERSHED FIRE FORCE VICTORIOUS

Santa Ana Canyon Blaze Controlled After Three Days' Intense Battle

SAN BERNARDINO, July 19.—The Santa Ana Canyon fire which devastated nearly 5000 acres of valuable watershed and threatened the heavy timber on the crest of the San Bernardino Mountains, was definitely under control today, it was announced by J. E. Elliot, supervisor of the San Bernardino National Forest.

The fire, hemmed in between two areas swept by fire two years ago, was pinched out by a series of hastily constructed firebreaks near the crest. Nearly 700 fire fighters were on the lines. Scores of the fire fighters, wearied from their four-day struggle against the flames, were released today by rangers.

A patrol force of 400 men is being kept on the lines to prevent a possible recurrence of the outbreaks which for three consecutive days had undone the work of the fire forces. The fire was the worst of the year, destroying watershed contributory to the Santa Ana River which flows from the mountains to the sea serving the artesian basin of three counties, San Bernardino, Riverside and Orange.

Fires raging in the San Bernardino Mountains are in no way affecting the summer resorts at Big Bear, it was reported yesterday by officials of the resorts. All of them are open to vacationists, they said, and all roads leading to them are passable and not closed to traffic.

the beach," he says. "But more often I find in a few days that the others are doing the same thing and leaving their suit tops in their lockers.

"Men won't be acquiring stomachs and chins when they can be so easily seen. They'll take better care of themselves if they wear less clothes. They'll be more comfortable and, therefore, healthier, and there's no question that they'll work better."

Mr. Chase advocates a costume for daytime wear that consists of a linen doublet, knickers, socks and sandals.

MASCOT CHEERS CREW OF BYRD

(Continued from First Page)

one but he had several passages at arms with penguins which convulsed the crew.

Once on shore he began to forage around for more excitement. The dog teams fascinated him. He would plunge at a dog team, jump into the middle one and in an instant disappear in a confused scrimmage that snarled traces and upset drivers' tempers. At first everyone expected to see a mangled and half-dead Iggie pulled from the mess but each time a little white bundle of noise would dash out of the center barking madly at the excitement he had caused. He is mostly fox terrier, although his ancestry is mixed, and his speed and quickness saved him. Before a larger dog could get a good grip on Iggie he was gone. But he got several honorable scars in this way from dogs which could have killed him with a snap of their jaws.

When the weather became cold, 30 or more below, Iggie lost his desire to run around outside, particularly when the wind blew. He is not built to withstand the low temperatures, although nature has tried hard to increase his coat of hair to meet conditions. But at best it was a cold little dog which ran between the houses and scratched frantically for admission. He always scratches three times on the door and then waits until some one has had time to let him in. If there is no response in a reasonable time Iggie scratches again, a little harder, as if to say, "Come on, let a fellow in, it's cold out here," and in he comes, tail wagging and showing every sign of gratitude.

BOOTS ORDERED

One day Iggie was heard half-yelping and half-crying out in the tunnel, making an awful noise so that those inside thought he must be half-dead after a fight. It was very cold outside and when a man ran out there was Iggie sitting in the tunnel holding up one cold foot and howling with misery. When he is out walking with the commander he suddenly will lie down and whine, holding up one paw until he is picked up and rubbed. Then he will jump down and trot gaily ahead again.

The commander, however, thought he would try to protect Iggie. Men wear furs and boots, why shouldn't Iggie? So he had Alexander fashion a warm wool overcoat for Iggie and Martin Ronne made him a set of leather boots. Iggie thinks his coat is the most disgraceful garment ever made for a dog. It is brown and covers him all over, even his legs are covered down to the boots. Naturally, it is a little stiff and Iggie won't bend his legs when he walks, so he goes along stiff legged, the view from the rear being so ludicrous that everyone howls with laughter while Iggie looks around with a mournful and aggrieved expression, as much as to say, "This is a dirty trick even if it is for my own good." When his boots are first put on, he won't move, just stands as if anchored to the floor, only turning a reproachful glance at the commander, who calls to him to "come, take a walk."

RESENTS COSTUME

He has to be picked up and then taken outdoors where he walks reluctantly, but dutifully. When he gets back inside again he looks around hopefully, as if to ask some one to "please take these confounded things off so I can be a self-respecting dog again." There has been a lot of fun over Iggie and his coat and boots.

One day he lost a boot, and being an intelligent dog, he let it stay lost. He came in looking unusually animated that day, as if saying to himself, "There's one gone," but it did no good, for Ronne made him another. Some times also he will simply refuse to budge if he knows it is very cold. The commander will call him, but Iggie merely looks up from a warm seat as if to say, "No, boss, go ahead. I am not supposed to be a hardy explorer. The "fire for me." And that's all there is to it; Iggie stays in.

He has a fairly good time, however, for he enjoys playing with the pups, although they are now so large that they can easily roll him over in the snow and when he has his blanket on they grab hold of it and make him yank indignantly to get away. But his alertness keeps him out of serious difficulties with them. There are two large dogs who are cowed completely by Iggie's ferocious manner. They are several times larger than the little terrier, but that doesn't help them much. Iggie's motto, like that of another famous fighter, seems to be in this case, "The bigger they are the harder they fall."

TACKLES LOW

Iggie will knock one of these dogs down and stand over him, and when attempts are made to get up, knock him down again. If the dog tries to slip away while Iggie is looking around, Iggie will hurl himself upon him. In some incomprehensive way, it happens so quickly, that the larger dog goes down like a half-back tackled in football game. He actually hits the snow with a thump. Iggie must somehow trip the dog's hind legs by throwing his body against them.

Most of the larger dogs have learned now that Iggie has some special dispensation for he has been rescued time and time again when two or three of them had him down and when a dog goes down here he seldom gets up again. But he has been saved so often they seldom try to eat him any more and he has a wonderful time playing with them.

PLAYS WITH BALL

On days as cold as this, however, he sits inside or wanders around with his toys seeking some one to play with. He has a rubber ball with a squeaker in it and will growl when anyone reaches for it. But if no one tries to grab it Iggie will push it nearer and nearer inviting some one to snatch at it so he can growl and run away. If that doesn't work, he will bite it and make it squeak until some one grabs at him just to change the sound. He can't be fooled by taking the squeaker out of the ball and blowing it, it is the ball he wants and he will pay no attention to the squeaker unless it is in the ball. One day he took the ball over to the mess house and buried it in the snow before going in. When he came out he dug the ball out and trotted back with it. He will play the same way with a pet bone which he carries around when he tires of the ball and which he hides under a rug or in a box which he places under the rug in the commander's room. And some times Commander Byrd has found a bone or two in his bunk, tucked down inside his sleeping bag.

SLEEPS NEAR BYRD

Iggie sleeps in the commander's room in a box lined with warm wool and covered with a robe and a wind-proof. It is cold for him at night with the temperature in the house below zero and sometimes he gets uncovered. Then the commander, who looks at him every time he awakens at night, covers him up again. He is up early in the morning and comes around where the men are dressing, rubbing up against them, wagging his tail and going from one to another as if to bid them a formal good morning. He seems to have a sense of social obligation and occasionally trots over to the other house to go in and walk around greeting everyone. He first goes to those who do things for him and merely bestows a perfunctory wag on those who do not play with him.

ENJOYS MUSIC

Sometimes we are amused by getting Iggie to sing, which he will do whenever a pitch pipe or harmonica is blown near him. He will howl mournfully as if he did not like it at all but wags his tail happily when he finishes as if to say, "Go ahead, fellows, let's all sing, I enjoy it, too."

Despite his barks and fights he is a most affectionate animal. He will snuggle down in one's arms while being petted and grunt with enjoyment. And when Commander Byrd was away at the mountains for several days Iggie was inconsolable and wandered around refusing to play with his toys until the commander got back. He always knows when a flight is about to be made and goes about looking at Byrd as if to persuade him not to go. Iggie is a unique dog and has helped to make life a little merrier for all of us this winter.

NATION FACING EXPENSE RISE

Acts of Congress Will Cost Federal Taxpayer

Army, Navy, Public Works and Postal Increases.

Farm Aid for 1930 Now Set at $150,000,000

WASHINGTON, July 19. (Exclusive)—Certain measures increasing greatly expenditures for navy, army and public works of all kinds in the United States recently passed by Congress, and a constantly mounting increase in the Postoffice Department deficit have made it necessary for the executive aides of President Hoover to make a comprehensive study of these increases of the Federal government.

While the figures are general, they cover all except the new expenses for farm relief which for the fiscal year of 1930 will require not less than an additional $150,000,000. The tentative figures for the new mandatory expenses forced by Congressional action cover the fiscal years from 1926 to 1933, and it means that some way must be found to pay the costs of these acts passed by Congress in the last four years.

IMPORTANT INCREASES

The important increases imposed by existing legislation lie in four principal directions—military expenditure, public works, increase in postoffice deficit and farm relief. The following table shows the growth of these expenditures as imposed by present laws.

The increased naval expenditure is due to the expanded aviation, the new cruiser construction and the capital ship replacement programs. There is hope for some relief in this direction if there is a reduction in naval arms. The increased army expenditures are due to the aviation program and to rebuilding quarters.

The normal postoffice deficit is increased by the lower rates, increased wages and decreased hours of employment.

The public works expenditure here given embraces rivers and harbor improvement, flood control, Boulder Dam, public buildings, public roads, etc. This expenditure is more likely to be increased by four or five millions per annum than to be decreased.

It is impossible at the present time to schedule the volume of farm relief in annual amounts. The burden for the fiscal year 1930 apparently will be at least $150,000,000.

There is also the natural growth of other agencies of the government to keep pace with the population and the social need. These amounts, however, are not anticipated to run into large figures.

TABLE OF COSTS

The following table illustrates what the new acts of Congress will cost the Federal tax payers of the United States and perhaps the final total will be even greater as in these figures given below, no estimate is made for farm relief:

Fiscal year	Army	Navy	Public works	Postoffice deficit	Total
1926	$267,300,000	$312,700,000	$170,800,000	$39,500,000	$ 790,300,000
1927	265,600,000	318,900,000	166,500,000	27,300,000	778,300,000
1928	293,300,000	331,300,000	183,400,000	32,100,000	840,100,000
1929	320,200,000	364,500,000	229,600,000	94,700,000	1,009,000,000
1930	341,800,000	399,200,000	275,800,000	84,000,000	1,100,800,000
1931	350,700,000	422,500,000	275,400,000	80,600,000	1,129,200,000
1932	348,900,000	432,000,000	284,900,000	80,000,000	1,145,800,000
1933	350,900,000	432,000,000	285,900,000	80,000,000	1,148,800,000

HOOVER TO NAME MORE BOARDS

President Thinks Commissions Furnish Best Way to Get at Facts

WASHINGTON, July 19. (AP) President Hoover intends to name additional commissions for inquiries into public questions during his stay in the White House.

In reply to the question of a newspaper correspondent whether he proposes to name "any more commissions," the President replied "I certainly do."

Mr. Hoover went on to say he considers this the best method of determining the facts on any public question and that he intends to follow this policy throughout his term in office.

Hoover Arrives at His Lodge to Spend Week-end

PACIFIC FLIGHT TO BE DELAYED

(Continued from First Page)

of gas-control valves and new pressure fuel pumps. They cannot reach Tacoma before next Monday, and it is expected at least a day will be required to install the valves. The fuel pumps were taken along in case further flaws showed up in the gas and oil system of the ship during yesterday's 1000-mile nonstop flight.

Lieut. Bromley, however, was confident at the take-off here that he will be in Tokio within a week. He had little to say about the flight itself or his chances of being the first man to fly the Pacific alone in a single-motored ship. His attention was taken up with last-minute adjustments on his orange monoplane and the 425-horsepower Wasp motor—first a delayed compass, then a leaky landing shock absorber, and finally loss of vacuum in his gas lines.

STORM PREDICTED

The local United States Weather Bureau told Lieut. Bromley just before the take-off that he would strike a storm over the Siskiyou Mountains in Washington, but the flyer said he would fly over the storm on his way to Pierce County Airport at Tacoma.

Lieut. Bromley nosed the ship upward after a run of about 2500 feet with 450 gallons of gasoline aboard, indicating that he will have no trouble getting off with his capacity gas load of 904 gallons from the mile-long runway constructed at Tacoma for the start of his Tokio hop.

Because a letter from Secretary of State Stimson got lost on the desk of Irving Miles, Lieut. Bromley's Tacoma manager, permission of the Japanese government for the American air man to land in Tokio had not been received in Tacoma yesterday.

The Chamber of Commerce, however, cabled the American Embassy in Tokio to make landing arrangements and Japanese permission was expected promptly.

WATCHED PLANE BUILT

Lieut. Bromley revealed to friends just before taking off yesterday that his wife, Mrs. Margaret Bromley, and his 5-year-old son, Donald, were sent by him to visit Mrs. Bromley's sister in Clinton, Iowa, to make the leave-taking on his daring attempt easier.

They are expected to remain in Clinton until word of the outcome of the thirty-three-hour ocean flight is received in Clinton.

For the last four months Lieut. Bromley has devoted his entire time to supervising construction of the low-winged ship, manufactured at the Lockheed plant in Burbank, and selecting his flight accessories.

He has had installed in the bullet-shaped plane every instrument and apparatus known to air navigation, and emergency equipment from a nonsinkable rubber lifeboat to a machine for turning his breath into drinking water.

RENTS SOARING IN FRANCE

New Law Gives Landlords Their First Opportunity in Several Years to Advance Rates

PARIS, July 19. (AP)—The landlords of France are having a busy and happy time of it this summer raising the rent. It is the first time they have been allowed to do so in several years. A new rent law became effective the 1st inst., giving owners the right to ask more money from occupants of offices and apartments.

More than any other class in France, the landlords suffered from the slump of the franc to one-fifth of its prewar value. Not only was the landlord not allowed to profiteer from the housing shortage after the war, but he wasn't even permitted to increase the rent enough to keep up with the fall of the currency.

Until the recent law was enacted —and put into effect in forty-eight hours—he was forbidden to ask more than double the 1914 rent for his property. That meant that, at best, he was getting a return of 60 per cent less on his holdings than he received before the war.

For instance, a flat renting for 5000 francs a year in 1914 could not be leased for more than 10,000 francs, but 10,000 francs today are worth only $400, whereas 5000 francs in 1914 were valued at $1000.

Because of this legislation many landlords are trying to eject their tenants, but, in the case of most French citizens, the occupant is well protected by the law and cannot be budged from his home. Foreigners who lease apartments, offices and shops do not enjoy such privileges, unless they are war veterans. There are hundreds of thousands of such unprivileged foreigners living in France. Recently many of them have talked things over privately with the landlord and made new agreements. Others dread eviction.

WAR DEBTS DISCUSSION CONTINUES

French Chamber Debate Goes on After Committee Balks on Poincare Plan

PARIS, July 19. (AP)—Continuing a session interrupted only by brief recesses, the Chamber of Deputies tonight resumed its discussion of ratification of the Mellon-Berenger settlement of the war debts France owes the United States.

The Finance Committee of the Chamber today almost unanimously rejected the proposal which had the approval of Premier Poincare for incorporating in a special resolution or subsidiary bill any reservations that the Deputies might require. Despite this flat refusal to follow his lead, the Premier will make the matter a question of confidence and is expected to demand an immediate vote without permitting further discussion.

The Premier, exhausted by almost five days of constant speaking in favor of ratification and forced to rest, is expected to return to the Chamber tomorrow morning.

A sadly wilted opposition reluctantly left an early dinner and entered the torrid atmosphere of the Chamber at 9 o'clock tonight. "Poincare is giving us a Turkish bath treatment," one of the keenest adversaries of ratification was heard to remark. "I would not be surprised if he sweated ratification out of us before midnight Saturday."

PASADENAN INJURED WHEN AUTOS COLLIDE

YOSEMITE, July 19. (AP)—John B. Fox of 286 North Pasadena avenue, Pasadena, was hurt seriously yesterday when his automobile collided with that of Ralph D. Stone, Fresno, one mile east of the El Capitan bridge. Stone was injured less seriously.

STRENGTH OF DOLLAR SHOWS GAIN

June Purchasing Power Greater Than That of Three Years Ago

WASHINGTON, July 19. (AP)—The dollar bought more in June than it did three years ago. The Bureau of Labor Statistics announced today the purchasing power of the June dollar was 103.7 as compared with 100 in 1926.

It purchased less meat, butter and cheese in June than it did three years ago, the bureau said, but in other foods it represented 113.0 in purchasing power as compared with 1926.

The largest change in the purchasing power was in rubber, of which more than twice as much could be bought for the same money. In drugs the dollar could get almost half as much again.

Fuel and lighting materials led the price increases in June over May, with advances reported for California and Kansas-Oklahoma crude petroleum, fuel oil and gasoline.

Among farm products, price increases were reported for wheat, corn, beef steers, calves, lemons, oranges and onions. There were decreases for hogs, sheep, lambs, live poultry, hay and wool.

Bandits Hold Up Armored Truck

NEW ORLEANS, July 19. (AP)—Seven bandits today held up the armored truck of the Hibernia Bank and Trust Company, threw the armed guards off and drove away with the truck.

The armored car was making its morning round of collections from banks when an automobile carrying seven bandits held it up at Dryades and Julia streets.

The truck contained $21,300 in cash and $21,283 in negotiable checks.

MEXICO UNABLE TO END STRIFE

Settlement of Church Issue Proves Inconclusive

Antireligious Minority Now Gnashes its Teeth

Former Supporters Turning Against Government

MEXICO CITY, July 19. (AP)—Settlement of the church problem in Mexico does not mean that "harmony has been restored in the Mexican family" and that the people have set themselves unanimously to the task of national reconstruction, as had been predicted in some quarters would be the case.

Opinion in the "revolutionary family" is divided today as it was before the church and state brought to an end their three-year-old controversy. And in the present instance those who before were the most ardent supporters of the government's policies find themselves on the other side of the fence.

The majority, being Catholic, is content with the agreement allowing reopening of the churches. But the minority which prior to the agreement upheld the government's stand and which now finds itself opposed to it is a well-organized group and constitutes a strong factor in Mexican life.

The minority refuses to reconcile itself to the return of the Catholic priests.

It is well known that many of the most prominent members of this group are strongly antireligious.

An outstanding leader of the antichurch minority is Gov. Tejeda of Vera Cruz. Vera Cruz newspapers published a telegram he is reported to have sent to President Portes Gil, protesting against any arrangement which would allow the Catholic clergy to return to the pulpits in Mexico. Similar messages from the Vera Cruz State Legislature and various workers' and peasants' organizations in Vera Cruz also were published.

SHIP RATE WAR DOGS AT LARGE

Intercoastal Peace Parley Ends in Deadlock

Fight of Luckenbach-Quaker Line Left to Rage

Class A Tariff Slash to B Basis Impending

BY WAYNE B. CAVE

The threat of a general rate war again stalks through the costal shipping industry, following receipt of authoritative information from New York yesterday that the meeting of the United States Intercoastal Conference has ended in a hopeless deadlock after a week's efforts to pacify the Luckenbach-Quaker Line pool controversy.

The impasse was followed promptly by well-founded reports that the two Class A lines operating out of Philadelphia, the Luckenbach Line and American-Hawaiian Line, may commence operations on a Class B basis out of the Delaware River in the immediate future. This means that the express steamers of the Luckenbach and American-Hawaiian would carry all cargo from Philadelphia to the Pacific Coast at the same rates charged now by the slower Class B fleet of the Quaker Line.

While it is generally assumed that both Luckenbach and American-Hawaiian will revert to the Class B basis, it is not known whether these concerns will resume the practice of equalizing inland differentials at Philadelphia.

The present chaotic condition of the coast-to-coast freight industry was precipitated by protest of the Luckenbach Steamship Company to R. C. Thackara, chairman of the United States Intercoastal Conference, that the Quaker Line is not a regularly constituted steamship line and therefore not eligible to the tariff pool which Class A conference lines pay to the slower, cheaper Class B services. The conference, which has been in session in New York for the past week, was called by Mr. Thackara in an effort to settle these differences.

The Class A tariff out of Philadelphia to the Pacific Coast is 5 cents per 100 pounds higher on certain commodities than the rate charged by Class B lines; which means that Luckenbach and American-Hawaiian ships, if the lines make the expected move, will lose approximately $1500 to $2000 per voyage. The Class B lines, in turn, would undoubtedly lose considerable tonnage on account of slower passage to the Coast.

MADDUX ON STAFF OF STEAMSHIP LINE

Thomas G. Maddux, an outstanding rail and steamship freight authority of the Pacific Coast, was yesterday appointed district freight agent of Williams, Dimond & Co., it was announced last night by Harold Smith, Southern California manager for Williams, Dimond & Co.

Mr. Maddux, who began his freight career with the Santa Fe Railroad in 1901, from 1914 to 1927 was assistant general freight agent in Los Angeles for the Luckenbach Steamship Company. In May, 1927, he was promoted to district manager of the Luckenbach Line at Portland, later returning to the company's local offices. Since January, last, he has been special representative here for the American-Hawaiian Steamship Company.

Mr. Maddux's new post will be one of the most important freight jobs on the Coast, since he will have general supervision of the cargo activities of all lines handled here by Williams-Dimond, including the intercoastal fleet of the Quaker Line; the around-the-world, trans-Pacific and New York-Orient services of the Osaka Shoshen Kaisha, and the Union Line of New Zealand.

One of the longest bottle drifts on record was reported yesterday by Lieutenant-Commander R. J. Weeks, in charge of the local United States Navy Hydrographic Office, who has been advised that a bottle thrown overboard from the Panama-Pacific liner Manchuria on May 19, 1924, off the Panama Canal's Pacific entrance, has just been picked up in the Philippines, having drifted more than 9000 miles. The bottle was thrown overboard by Third Officer T. Hannevig, Capt. Valentine J. Green then being in command of the Manchuria.

Passengers entering Los Angeles from foreign ports numbered 11,878 Americans and 3379 aliens during the fiscal year just closed, according to a report compiled by C. G. Gatley, immigration inspector in charge. The alien item is an increase of 80 per cent over the previous year.

Vessels boarded numbered 1804, compared with 1935 the year before, but they carried 47,970 alien seamen as against 46,008, and 15,523 American seamen against 15,209. It indicates the arrival of more commercial cargo vessels, and less fishing craft.

The local immigration staff now comprises Gatley, six inspectors, two clerks and four guards. When he arrived in 1914 two made up the force. He is hoping soon to get an additional clerk and possibly an interpreter of Japanese, because of the growing number of Nipponese needing examination.

California's system of dockage and wharfage charges was sanctioned by port officials of the Pacific Northwest, at the recent Tacoma convention of the Association of Pacific and Far East Ports, from which George P. Nicholson, port engineer, returned on the liner H. F. Alexander yesterday. Basic principles for uniform practices and rates were adopted and a committee will work up detailed tariffs. Nicholson also led a discussion on specialized engineering in port work. San Diego was selected for next year's convention.

Los Angeles Shipbuilding and Dry Dock Corporation will have dry docked and otherwise repaired six ships during the week ending tonight. They include the Chillisco, Golden Hind, Tamaha, Sultana, Glenn Doyle and the Pacific Oak. The later, which had been in collision with the District of Columbia, was repaired four days ahead of the sixteen-day contract, leaving the yards the 18th inst., to reload and proceed today for Norfolk. The Glenn Doyle comes off dry dock today after six days of special survey, renewing rivets and general overhaul. She was bought on the east coast by the Hammond Lumber Company and will run in the Pacific coastwise lumber and freight trade. The yard's small boat department also completed a $10,000 reconditioning job on Norman Church's cruiser yacht Gallaro.

BEET SUGAR BONUS PLAN CONSIDERED

Borah May Sponsor Such Proposals in Senate to Equalize Costs

WASHINGTON, July 19. (AP)—Senator Borah of Idaho, chairman of the Senate Foreign Relations Committee, is considering advisability of sponsoring in the Senate proposals whereby the beet sugar producers would receive a bonus from the government to equalize the cost of production with that of foreign sugar products.

Senator Borah said he has reached no definite conclusion as to the merits of such a plan, but asserted he is studying testimony which was given before the House Ways and Means Committee and the Senate Finance Committee on the subject of a sugar tariff.

Complaints have been received from Cuban sugar producers that a proposed tariff of 2.4 cents a pound would ruin the Cuban sugar industry.

Bill Provides for Filipinos' Study of Arms

MANILA, July 19. (AP)—A bill providing for the sending of two pensionados yearly to Germany, England and France to study the manufacture of modern weapons of warfare was introduced in the Philippine Legislature today by Representative Pecson. Explaining the proposed sending of the students at the expense of the island government, a note accompanying the measure says:

"We are aspiring to become an independent nation, but we shall not be able to keep independent against foreign aggression unless we are prepared to repel such aggression by means of arms. We need trained men in the manufacture of modern weapons of warfare, if we mean to be independent people."

Reasons for not including the United States as a place for the pensionados' study were not given.

Woman Reports Spouse Missing

PHOENIX, July 19. (AP)—Mrs. Delbert W. Buts, wife of a Kokomo (Ind.) business man, appeared at police headquarters here early this evening and requested an investigation into what she termed the "mysterious disappearance" of her husband from Phoenix several weeks ago.

Buts left their apartments here, apparently on a business trip with two unidentified companions. The trio was last heard of at Yuma, Ariz., 205 miles west of Phoenix, where Buts's automobile was stopped for inspection, according to Mrs. Buts.

Wives Admitted in Three Cities

NEW YORK, July 19. (Exclusive) Sam Bagum was arrested today to await extradition papers from Philadelphia charging him with bigamy.

Gertrude Berg of Philadelphia said he married her last May and deserted her in Philadelphia. She came to New York to find him and was informed he had other wives. Bagum was asked if Gertrude's story was true.

"Yes," he answered, "I have wives in Washington, Cleveland and Los Angeles, and if I had not been arrested last night I soon would have had another here."

GO ON THE MALOLO

The Smoking Lounge is beautifully paneled in oak

. . . BE IN HAWAII NEXT WEDNESDAY

HAWAII so near? Indeed, yes now that you have the Malolo! Reeling off 21 knots every hour, she lands you in Honolulu just four days out of San Francisco.

A ship to ride on, the Malolo—luxury as well as speed! Consider the dining saloon. Here is room for every passenger to be seated at once, and menus with two score dishes to intrigue you.

World travelers often speak of the Malolo's spaciousness. Now that they mention it, we do notice that a full list of passengers never crowds the ship's broad decks and lounges. Staterooms, too, are full-grown size.

With the Malolo awaiting you, well imagine that Hawaii—gorgeous, restful Hawaii—goes to the head of your travel list. You can get all details from any travel agency or Matson Line, 723 West 7th St., Los Angeles, VAndyke 8101.

ROGERS AND BRIDE MOTORING IN FRANCE

New Mrs. H. H. Rogers
[P. & A. photo]

PARIS, July 19. (Exclusive)—Col. H. H. Rogers, Standard Oil millionaire, and his bride, the former Mrs. Basil Miles, are reported honeymooning somewhere in the South of France, following their wedding here Tuesday. They left immediately afterward on an automobile tour, with their destination secret.

Col. Rogers was divorced in Holland three weeks ago. He is his bride's third husband.

ably impossible as a reality; for more than 80 per cent of the present population is from south of the great wall; and this majority favors uniting Manchuria with China proper.

Overpopulation is the curse, the great distructive force in Eastern Asia. Unless it takes the form of birth control, education is powerless against it. When the burden placed on the soil is greater than it can bear, Education is only wasted effort. No science is so dismal, and yet so irrefutable, as that relating to overpopulation.

What my eyes see, sharpened by experience and reflection, is not pleasant to look upon. Here is a great, fertile empire, capable of supporting a population of 30,000,000 and maintaining a standard of living equal to that of my own country. But, unless present conditions are radically changed, the second generation will live in the midst of a population of 100,000,000.

WARS TO COME

As these populations continue to multiply, the struggle for existence will take the form of bloody civil and international wars. And they will be an economic necessity; for killing of the breeders is the only method that the world today will accept for limiting the growth of the herd.

Forms of government, under these conditions are without material consequence. Self-government and authority and autocracy are equally impotent to relieve the misery occasioned by overpopulation. Equitable distribution of food products, at its best, would only mean that one-half the population should starve today, and the other half tomorrow.

I have seen in Manchuria not only the mausoleum of its emperors, but the mausoleum of the race. I am leaving it in comparative prosperity; and I thank the good God that I shall not live to return and look upon its misery.

I can say with Montcalm, "Thank God, I shall not live to see the surrender of Quebec tomorrow."

FARM BOARD GIVEN PLEA ON FRUIT FLY

Chairman Later Declares Florida's Appeal Getting Serious Consideration

WASHINGTON, July 19. (AP)—The fruit fly emergency in Florida gained attention today of the newly organized Federal Farm Board.

The board for the first time turned aside from its task of organization to hear an appeal for relief from the Floridans. Chairman Legge indicated at the close of the day that serious consideration is being given the case.

Senator Connolly, Democrat, Texas, also appeared before the board today, and suggested consideration of the cotton situation. The Texan urged the board to set up a statistical arrangement whereby a close check will be had on cotton conditions at all times.

Chairman Legge said the board will accede to a request made that it receive a committee from the Texas Legislature respecting cotton. Otherwise, he said, the cotton situation has not been taken up by the board.

Legge and Vice-Chairman Stone called at the White House to inform President Hoover of the board's operations during the week.

It was announced that Chairman Legge, Carl Williams, representing cotton; C. C. Teague, representative of fruit; Chris L. Christensen, secretary, and Secretary of Agriculture Hyde, will attend the meeting of the American Institute of Co-operation at Baton Rouge, La., the 29th inst.

Mr. Christensen announced that all appointments in the board's organization will be under civil service.

Three Tourists Believed Dead

SALIDA (Colo.) July 19. (AP)—Three persons in a party of seven touring the State were believed to have been drowned today when a freshet, occasioned by a heavy rainstorm, swept under a railroad underpass nine miles east of Salida. The victims as reported to the County Coroner were Mr. and Mrs. Charles Fugate and their baby, Ruby Rona, of Pawhuska, Okla.

ARIZONA RIVER CHANGE VIEWED

Commissioners of California See Parley Nearer

Years of Propaganda Blamed for State's Stand

Negotiations Expected When Court Action Opens

BRAWLEY, July 19. (AP)—Earl C. Pound, California Colorado River commissioner and president of the Imperial Irrigation District, tonight said it is the opinion of the California commission that Arizona will seek to effect a tri-State agreement on the division of water incident to Boulder Canyon Dam after that State has started litigation to determine what its rights in the river actually are.

Pound's statement followed that of John Mason Ross, Arizona river commissioner, that he believes California never will come to an agreement and Arizona will "go to the courts to fight it out."

PROPAGANDA BLAMED

Pound said, "so much propaganda has been spread in Arizona within the last six or eight years relative to the waters of the Colorado, that the people of the State are led to believe they have more rights in the river than actually exist. It will take considerable time to alter the belief, and to prove to Arizona that the Colorado is an interstate river and not the exclusive property of Arizona.

"In view of the psychology built up by the propaganda, it is not strange that the Arizona commission will find it necessary to recommend litigation to determine Arizona's rights to the river, even though, personally, the members of the commission may prefer to work out an amicable agreement with other States. Information to the California commission is that sentiment is rapidly changing in Arizona, as many of the people in the State realize that she is losing very materially in carrying out the obstructive tactics which Arizona thus far has maintained."

ROSS MAKES CHARGES

Ross charged California did not intend to recede from her position, and Arizona felt her only recourse was the courts. He said, "In the courts we will have the advantage that even if we get licked, and there are many phases of the legal side of the question which indicate we will win, we will have everything the Swing-Johnson bill gives us."

Pound declared Arizona never has intended to reach an agreement, and now expects eventually to fall back on the Swing-Johnson bill. "Mr. Ross's statement is held practically to admit the futility of attempting to attack the provision of the Boulder Dam Act. This bill was drawn specifically to permit the other States of the Colorado River basin to proceed with developments without interfering with the rights of Arizona."

Pound based his contention on Congressional records of debate relative to the enactment.

"During the recent tri-State conference in Washington," Pound said, "the Arizona commission seemed to be more reasonable and more ready to understand the views of other States."

YUMA AND IMPERIAL GROUPS WILL CONFER

EL CENTRO, July 19. (AP)—Executives of the Imperial Irrigation District said tonight representatives of the Yuma (Ariz.) Conservation Club have requested a conference with directors of the district to further co-operative action toward the end of completing the Boulder Dam and the all-American canal project.

Secretary James McIver of the Imperial Irrigation District said Secretary Ingham of the Conservation Club communicated with him and a conference was arranged for Sunday.

McIver said Ingham, who formerly was secretary of the Yuma Water Users Association, said representatives of the board, Yuma Mesa and Yuma irrigation projects are anxious to co-operate with Imperial Valley people in furthering the development of this section of the country.

McIver denied that there is any possibility of the Yuma group seeking to merge with the Imperial Irrigation District. He said they represent district widely separted and far removed from the principal center of the Imperial Valley reclamation project here.

Two Missouri Robin Planes Going Strong

ST. LOUIS, July 19. (AP)—Approaching the end of their seventh day in the air, Dale Jackson and Forest O'Brine, piloting the endurance plane St. Louis Robin, continued to cruise over the city tonight. At 8:17 p.m., central standard time, they had been up 157 hours.

A sister endurance plane, the Missouri Robin, which went up at 10:33 a.m., Wednesday, also still is going strong tonight after having been in the air fifty-eight hours at 8:33 p.m. It is piloted by Joseph Hammer and Gentry Shelton, who hope to outlast the crew of the St. Louis Robin.

Espee Robbery Suspect Taken

RENO, July 19. (AP)—Joe Miller, 33 years of age, wanted at Martinez, Cal., for participation in the hold-up and robbery near Bay Point of a Southern Pacific train on June 22, last, was arrested here tonight in a local card room by Police Officer Busey.

He admitted his identity and declared he had heard he was wanted and intended returning to Martinez. He denied he participated in the hold-up, which netted the robbers $16,000.

FORMER BAR HEAD DIES

PHILADELPHIA, July 19. (AP)—Hampton L. Carson, 77 years of age, lawyer, is dead here. He was former president of the American Bar Association and Attorney-General of Pennsylvania from 1903 to 1907.

Mischievous Boy's Erasure of Price Mark Leads to Grand Battle

LA GRANDE (Or.) July 19. (AP)—When a small boy at Enterprise, Or., mischievously erased from a store window part of the price mark on watermelons, he precipitated a price war that sent quotations from 3½ cents to an even cent.

The boy erased the half-cent mark from the window. A near-by grocer saw the change and slashed his price to 1½ cents. A third grocer accepted the challenge, lopping the price to 1 cent.

Watermelons sold at a furious pace and by evening the Enterprise stock had been exhausted.

Chicago Tower Permit Revoked

CHICAGO, July 19. (AP)—The Commission of Buildings today was directed to revoke the permit under which the proposed sixty-story John P. Cuneo tower was to be erected at Michigan avenue and Randolph street. The commission ordered a ban on similar structures.

The city's legal department advised Council that the ordinance under which the Cuneo permit was issued is legally "full of holes."

PROVINCE VOTES FOR PROHIBITION

Prince Edward Island Will Keep Its Dry Act

Government Sale Scheme Decisively Beaten

Nova Scotia to Have Similar Plebiscite This Year

CHARLOTTETOWN (P.E.I.) July 19. (AP)—The Prohibition Act of the Canadian Province of Prince Edward Island was decisively indorsed by a plebiscite yesterday at which voters were asked to decide between its retention or substitution of government sale. Before the returns were all completed prohibition was conceded a large majority. There was a general lack of interest in the balloting.

Approximately 17,000 electors cast their ballots, about 50 per cent of the vote polled in the general provincial election of 1927.

Voting in this city and vicinity resulted in a majority of 218 for government control, the totals being 1417 to 1198. The women's vote predominated in many instances. There were prohibition majorities for all three counties, Kings, Queens and Prince.

The two questions submitted to the electorate were:

(1.) Are you in favor of the Prohibition Act as now the law in this province?

(2.) Are you in favor of the sale of alcoholic liquors under a government control act?

SAILOR DISPLAYS CRAFT, THEN BECOMES "SKIPPER"

CHICAGO, July 19. (Exclusive)—He was only a poor sailor, but he had that honest look which comes of wearing a sailor suit, and when he whispered of liquor that may be concealed in one's sea chest there were those who listened.

He wandered into the office of Peter Knauff. He said he was looking for a Mr. Bennett. He had, he said, passed a couple of cases of Scotch through the customs for Mr. Bennett. Mr. Knauff knew no Mr. Bennett, but he was interested in the sailor's story. So after some negotiations the sailor agreed to ship the two cases to Mr. Knauff's home and Mr. Knauff, if he liked the stuff, could send the sailor $100 in care of his ship. Mr. Knauff thought that was an eminently fair proposition and the trade was on.

The sailor then opened the sea bag he had brought along and exposed two bolts of woolen goods and three Panama hats.

"Maybe I could take that off your hands, too?" suggested Mr. Knauff.

So the sailor agreed to sell the whole works for $50 cash.

"You can pay me cash for this stuff because it's right here for you to see," he argued.

There remains, of course, little to be told. The woolens were cheap shoddy and the hats had holes in them. The liquor hasn't been delivered.

Fresno Lawyer Ousted by Bar

WATSONVILLE, July 19. (AP)—The board of governors of the California Bar Association today disbarred William G. Keene, Fresno attorney, after hearing charges that he took $300 from a client for an appeal he failed to make.

Keene, the board was told, also absconded with funds of the Fresno Bar Association, of which he was treasurer, and left the State three years ago.

Seven disciplinary cases were dismissed on the recommendation of the local administrative committee, and the board will hear about twenty more cases tomorrow. The next meeting of the association is scheduled for Eureka, August 16 and 17.

BUDAPEST (Hungary) July 19. (AP)—A field howitzer exploded during practice today at Haymasker, killing four of its crew, including Capt. Erich Viktor.

Negro Neighbors Sought in Spite

NEWARK (N. J.) July 19. (AP)—John Dreier, wealthy retired milk man, who owns twenty acres, formerly a cow pasture, in the midst of valuable residential property, has plastered it with signs reading: "For sale to colored people only; long terms; restrictions."

Streets were cut through his land recently over his objections. His explanation of the signs is: "They froze me out. They don't want me, so let them have colored people for neighbors."

Secret Service Tells How It Baffles "Raisers"

Public Can Check Easily on Each Denomination

WASHINGTON, July 19. (AP)—In making more difficult the task of converting a $1 bill into a $10 one or a $2 note into a $20 one the new small currency has brought an educational problem to the secret service.

Much of the past work of the secret service in dealing with spurious currency has been caused by note-raising operations, although there have been sporadic appearances of counterfeit bills.

W. H. Moran, chief of the secret service, believes the new currency will place new and greater handicaps in the way of the note raisers because of the denominational designs that have been adopted.

Moran, for a number of years, has favored the adoption of denominational designs as a check to note-raising operations.

The new currency bears the following photographs: $1, Washington; $2, Jefferson; $5, Lincoln; $10, Hamilton; $20, Jackson; $50, Grant; $100, Franklin; $500, McKinley; $1000, Cleveland; $5000, Madison; $10,000, Chase.

At present prices, this land should pay you a profit of 25% or more on your investment, at the end of 5 years.

Avocado Homesites
(Within the City Limits of Los Angeles)

Buy an Income for Life . . on this Easy Monthly Payment Plan . . .

I HAVE acquired a limited amount of choice Avocado land which will be sold at unusually reasonable prices to the first of the many people who will answer this advertisement. This land is only twenty-five minutes drive from Hollywood, close to a fine boulevard in a district famous for its beauty, with city conveniences, schools, stores, etc. Avocado trees planted six years ago in this district are already producing satisfactorily.

I will care for your land at no extra cost to you

Your land will be planted to Fuerte Avocados (70 trees to the acre) and will be cared for by my experienced horticulturists for five years. I will take the crop as my payment for this service, when the trees come into bearing. (If at the end of five years you do not wish to build on your land, arrangements can be made with the company to have your land cared for.)

The Fuerte is hardy, is very rich in flavor and is one of the most popular varieties of avocado, for which there is always a ready and profitable market.

This land lies at an ideal slope for irrigation, and is supplied with city water.

Climatic conditions in this district have been proven favorable to successful avocado culture.

Buy an Independent Income on my Convenient Partial Payment Plan

You can buy parcels of whatever size you can conveniently handle. I have homesites (with 16 avocado trees) for as little as $1000. These can be purchased by paying a portion down, the balance at $12.50 a month. Other larger parcels on equally favorable terms. By the time your homesite is paid for, your trees are well into bearing, yielding you a dependable income yearly.

Avocado culture is comparatively a new industry. The fruit has a stable market and as a profit payer it has established records that are beyond question. Figures can be had at any time on application to the Calavo Growers of California or to any individual grower.

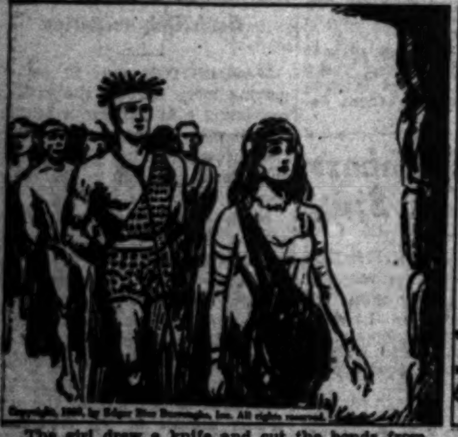
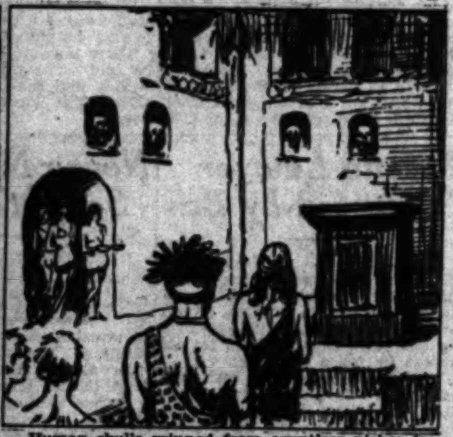
THE RETURN OF TARZAN

By Edgar Rice Burroughs

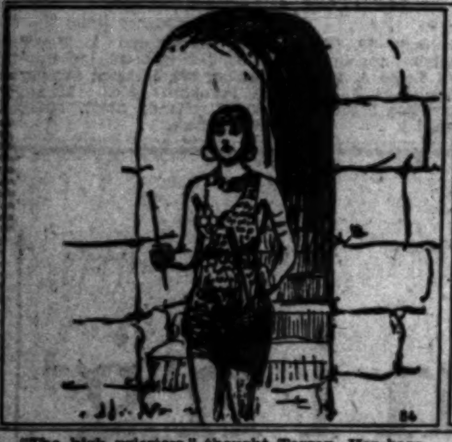


Copyright, 1929, by Edgar Rice Burroughs, Inc. All rights reserved.

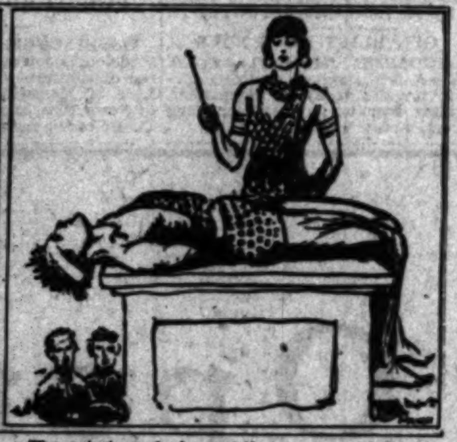
The girl drew a knife and cut the bonds from Tarzan's legs. She led him through winding corridors to a great chamber where stood a bloodstained altar. The men followed in twos. Now Tarzan realized he had fallen into the hands of sunworshipers, destined to be a human sacrifice to their flaming city.



Human skulls grinned from countless niches in the towering walls. A procession of females advanced through an arched doorway. Gold chains were about their waists. Golden ornaments covered them. Each carried two golden cups. The chanting began anew, as from a dark passageway came a young and very beautiful woman.



"The high priestess," thought Tarzan. Her bare arms and legs were almost concealed with massive, bejeweled ornaments. In her girdle she carried a long jeweled knife. All knelt before her. She addressed Tarzan, but he could not understand. For a moment she looked intently at him, awaiting his reply. Then she gave a signal.



The priests rushed upon the ape-man and laid him across the altar. Tarzan knew that in a minute more, this lovely woman would be transformed by fanatical ecstasy into a wild-eyed, bloodthirsty executioner. With dripping knife she would be the first to drink her victim's red, warm blood from the little golden cup that stood upon the altar.

AMERICANS COP DAVIS MATCHES

Big Bill Downs Moldenhauer in Straight Sets

Prenn Beaten by Rival in Long-Drawn Duel

Van Ryn and Allison Play in Doubles Today

BY J. E. ANGLY
Associated Press Staff Writer

BILL TILDEN.

BERLIN, July 19. (AP)—Germany's rapid rise in international tennis came to an abrupt but not unexpected halt against the more seasoned skill of the American stars, William T. Tilden and Francis T. Hunter, in the opening singles matches of the interzone finals for the Davis cup today.

Tilden, playing in fine form, disposed of the methodical Hans Moldenhauer in straight sets, 6-2, 6-4, 6-4. Hunter, after looking like a loser for the first fifteen minutes, defeated Daniel Prenn, German national champion, 3-6, 6-3, 6-4, 6-3.

Thus, with two victories down on their slate, the Americans need only one of the three remaining matches to become challengers again for the trophy they lost to France in 1927. The Americans may clinch the series no later than tomorrow when the youngster doubles team, John Van Ryn and Wilmer Allison, Wimbledon champions, meet Prenn and Moldenhauer. The final two matches, with Tilden meeting Prenn and Moldenhauer playing Hunter, will be held Sunday.

TOUGH JOB

Tilden had no easy job of it in beating Moldenhauer. The German was never brilliant but he did plug away steadily and compelled the tall Philadelphian to call on almost every stroke in his repertoire.

The Teuton seemed afflicted by stage fright at the start and dropped the first two games to a more composed opponent without much of a struggle.

Once he got his nerves steadied, however, Moldenhauer fought hard. Tilden polished off his man on the last point with one of his famous cannonball aces, drawing a great cheer from the crowd.

Tilden delivered himself of only one audible remark during the match. That was a complaint that the line judges hadn't spoken distinctly. The judge had said "out" and had said it in English but Tilden on having it repeated plainly showed he thought the ball was in. To please him Moldenhauer let the next serve whiz past without swinging at the ball, whereupon Tilden, not to be outdone in courtesy, purposely served a double fault.

FAST BATTLE

Hunter's match with Prenn was a bang-up battle from the start to finish with few errors.

Prenn began in magnificant style, taking the first set in such a manner that the crowd had high hopes of seeing the first day's honors divided, but Hunter got better and better as the match progressed and with an opponent fully worthy of

"TIMES" CUP RACE ON TODAY

Southern California Yachtsmen Stage Sailing Battle at Harbor for Famous Trophy

BY FRANK ROCHE

Southern California's yachting spotlight will be shot on the historic Los Angeles Times Cup race today at Los Angeles Harbor. At 12 noon a smart-looking fleet of schooners, yawls, sloops and ketches will take off from No. 2-A buoy and race over a twenty-four-mile course.

The Times trophy is the oldest perpetual yachting trophy in Southern California yachting history.

OWEN CHURCHILL

The Times cup was first awarded in 1903. It was originally won by the old sloop Venus. The Venus captured the trophy for three consecutive years. The sloop Detroit won it in 1906 and the famous old Mischief II copped The Times race in 1907 and 1908.

O. K. Hunsaker's Pirate won The Times classic last year, defeating Owen Churchill's sloop the Friendship, which had taken the honors the year before. The Pirate will not be on hand to defend the trophy today. Hunsaker has his flashy R boat racing in eastern waters this summer, but the Friendship, the Babe, the Wiletie, the Patricia, the Debra, the Harpoon, the Synnove and the Heather are expected to be out with their canvas set when Nick Potter fires the starting gun.

Temple Ashbrook, secretary of the Forty-five Sailing Association, made the announcement of the plans of the race yesterday afternoon. Ted Conant, one of the leading Southland skippers, will handle the stick on the Babe, one of the favorites in the race today, according to Ashbrook.

The Babe, an eight-meter sloop, won the King of Spain trophy last March during the midwinter regatta at Los Angeles Harbor.

Owen Churchill, who recently returned from a year's visit abroad, will make his first appearance of

CHAMPIONS RETURN TODAY

Junior Olympic Games Youngsters Slated to Get Royal Welcome When Stey Step Off Santa Fe Rattler at 2:15 o'Clock This Afternoon

BY BRAVEN DYER

When Southern California's Junior Olympic Games champions step off a Santa Fe rattler this afternoon they will be accorded a demonstration that is liable to embarrass them. The four youngsters are only kids and when they see an official delegation, which in all probability will be headed by Doug Fairbanks, they may feel more like dodging back into their car than alighting to face the music.

VANE BAKER

Vane Baker of Huntington Park, winner of the junior championship, will be met by a body of rooters from his home town, said group being backed by at least one band.

San Pedro plans to send a large delegation to extend the glad hand of welcome to Robert San Jose, who won the senior title, and Jerry Deal, who was runner-up to Baker.

The local Mexican colony won't overlook Fernando Ramos, the Ross Snyder Playground youngster who finished high behind San Jose.

All in all it promises to be a big day, for after official welcomes have been made and the boys have had a chance to greet their respective relatives, they will be placed in official cars and escorted on a parade of the city.

The official parade route and personnel is as follows:

Starts at Santa Fe Depot. Proceeds

DOEG IN FINALS TODAY OF LONGWOOD NET PLAY

BROOKLINE (Mass.) July 19. (AP)—Two former Longwood Bowl tennis tournament winners, Fritz Mercur of Bethlehem, Pa., and John Doeg of Santa Monica, Cal., won their semi-final matches in the thirty-seventh annual play here today and will clash tomorrow for the right to have their names inscribed a second time on the historic cup.

JOHNNY DOEG

William T. Tilden, II, winner in the Davis Cup play today in Berlin against Germany, is the only player to have two legs on the present cup, the eighth Longwood Bowl. Mercur, former Lehigh player, seventh in the national ranking, was seeded first in the tournament and Doeg, Stanford University sophomore, ranking eighth nationally, was seeded second.

In the hardest match today Doeg came from behind after tailing two sets to one at the rest period to defeat Gregory Mangin, Georgetown University student, of Newark, N. J. The scores were 6-4, 5-7, 5-7, 6-3, 6-3.

Mercur dropped the first set of his match with J. Gilbert Hall of South Orange, N. J., 10-8, after leading, 4-1, but he ran over the next three sets easily, 6-4, 6-2, 6-4.

The West will meet the East also in the finals of the women's singles as the result of the semifinals today in the Long-

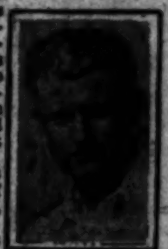
Champion Defends Crown Against Former Title-holder; Fox Hills Golfer Wins Low Net Play-off

BY EDWARD LAWRENCE

Southern California's "big three," Fay Coleman of California, Jack Gaines of Girard, and Dave Martin of California, plus a dark horse, Dr. C. K. Manhart of Fox Hills, will battle it out today and tomorrow for the sixth annual Los Angeles city golf championship over the Warren G. Harding Memorial Course at Griffith Park.

Dr. Manhart manipulated his Novak club with consummate skill to score the only upset of the day, when he defeated Charles "Chuck" Berdrow, the 17-year-old Fox Hills golfer, who eliminated Gibson Dunlap in the second round. Manhart won, 1 up.



JACK GAINES

Francis Schraeder of Santa Monica, Southern California public links champion, must have surprised himself almost to death when he found himself 3 up on Martin shortly after the match got under way. Dave was 1 down going to the tenth hole, after taking a 42 going out, but recovered nicely to trim Schraeder, 3 and 2.

W. L. "Wild Bill" Jelliffe of Girard gave Coleman a tight match. The defending champion won, 2 and 1, after being dormie 3 on 15. Fay lost the sixteenth hole with a 4 against Jelliffe's par, but halved the seventeenth to win.

GAINES WINS

Gaines proved the "Waterloo" of M. Stimson who, incidently, hails from Waterloo, Iowa. The long driving former city champion won,

Neil Christian Betters Par to Annex Pacific Northwest Golf Championship at Sea

FRED MORRISON TIES FOR THIRD

Portland Professional Bags Remarkable 69

Dr. Willing Tops Amateurs With Score of 300

Paid-to-Play Divot Diggers Cop First Five Places

BY FRANK G. GORRIE
Associated Press Sports Writer

SEATTLE (Wash.) July 19. (AP)—With the touch of an artist and the steadiness of a machine, Neil Christian, brilliant Portland professional, stroked seventy-two holes over the tricky Inglewood course in two under par, to win the Pacific Northwest open golf championship and a $300 cash prize today.

FRED MORRISON.

Christian ran away from a field of many of the best professionals and amateurs of California, Oregon, Washington and British Columbia, leading his nearest opponent, Dave Black, Vancouver (B. C.) professional, by six strokes.

The Waverly club professional of Portland forged ahead of the other thirty-five players when he scored a remarkable 69—four under par—on his eighteen-hole round this morning. He held the advantage this afternoon with another brilliant card of 72. Par for the course is 73.

Although several of the finest amateurs in the Pacific Northwest competed in the tournament, the professionals dominated the play, copping the first five places.

Dr. O. F. Willing, Portland amateur and defending champion, led the simon-pures with an even 300.

With a spectacular comeback the veteran Canadian Dave Black scored the low medal of the two days' play when he counted a 68 for five under par on the last eighteen holes, which brought him second money. He captured six birdies on the afternoon flight, four of them on the first nine.

The small gallery wildly cheered the Canadian when he climaxed his afternoon's play with a 35-foot putt on the last hole.

Fred Morrison, Los Angeles professional, and Johnny Jones and Walter Pursey, Seattle professional, tied for third low with 298. Mortie Dutra, Tacoma professional, and Jimmy Johnston, Seattle amateur, each took 301, while Frank Mincher, Sacramento professional, had a card of 302.

Minch played one of the most consistent games of the tournament. He broke the seventy-two holes in fives or better, his card failing to show a single six. Christian was the only other player to get by without a six.

The Portland professional saved himself from lots of trouble this afternoon when he sank three long putts. He dropped a fifteen footer at the eleventh, an eighteen footer at the twelfth, a thirty footer at the thirteenth.

The scores for the two days of play included:

Christian, 76-73-69-72—290; Black, 76-78-74-68—296; Morrison, 76-73-72-77—298; Jones, 73-78-73-74—298; Pursey, 72-81-73-72—298; Willing, 75-74-73-78—300; Dutra, 75-74-73-79—301; Johnston, 74-77-75-75—301; Minch, 76-75-78-73—302; Harold Sampson, Burlingame, Cal., 74-77-76-76—303; George Martin, Long Beach, 75-81-74-73—303.

out in sufficient force at Sacramento to pay expenses.

Doc won three games and lost two for the Solons last year and so far this season has ten victories against nine defeats to his credit. It's to Crandall's credit to have a winning percentage with the weak Sacramento outfit and indicates that Doc still has quite a few winning performances in his ancient wing. Crandall, however, probably would have done better this year but for the fact that Buddy Ryan worked him too often. Doc needs his five days' rest between games and doesn't retain his effectiveness without it.

wood Cricket Club tournament. Miss Dorothy Andrus of Stamford, Ct., won a three-set match from Miss Margaret Blake of Lenox, 6-4, 2-6, 6-4, while Mrs. Lawrence A. Harper of San Francisco defeated Miss Ethel Burkhardt of the same city, 7-5, 6-2.

The match between Doeg, 1927 tournament winner, and Mangin, recent finalist in the intercollegiates, was marked by much volleying, both players going to the net frequently. When Doeg could not break through with his speedy serve, he relied on an accurate chop-stroke game to give him the advantage.

Mercur and Hall after their singles match, reached the finals in the doubles play by putting out Frank X. Shields of New York and Mangin, 6-4, 8-10, 6-2, 6-2.

Bradshaw Harrison, San Bruno, Cal., and Kenneth Appel, South Orange N. J., defeated Malcolm T. Hill and Henry L. Johnson, Jr., both of Newton, 6-2, 6-2, 6-8, 3-6, 6-2.

In women's doubles, semifinal round, Mianne and Sarah Palfrey, both of Brookline, defeated Miss Marjorie Gladman, Santa Monica, Cal., and Miss Alice Francis, East Orange, N. J., 6-4, 6-2.

Miss Josephine [illegible] and Mrs. Lawrence A. Harper, both of San Francisco, defeated Miss Dorothy Andrus, Stamford, Ct., and Miss Virginia Hillyear, Philadelphia, 6-1, 6-3.

INJURIES PUT RUTH ON BENCH

Yankee Slugger Out of Game Indefinitely as Result of Bad Leg

CLEVELAND, July 19. (AP)—Injuries sustained by Babe Ruth in the first of today's games between Cleveland and New York, will keep the home-run hitter out of the Yankee line-up for the rest of the series here, and perhaps for the rest of the season, Miller Huggins, Yankee manager said tonight.

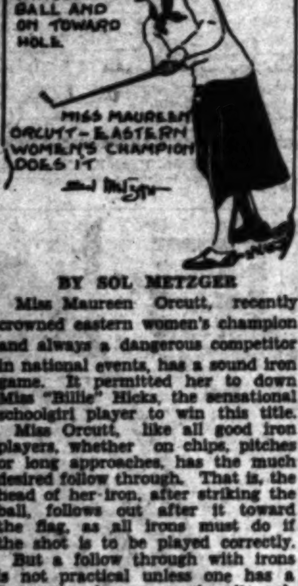
BABE RUTH

The sultan of swat pulled a muscle in his left leg while rounding the bases and was forced to retire. He did not appear in the second game, and tonight Huggins said that Ruth's absence from the game will be indefinite.

Ruth will stay in Cleveland, while the Yankees remain here and then accompany them to New York.

Huggins said Ruth's injuries do not heal as rapidly as they did a few years ago, and that there was no hope of his playing while in his present condition.

Miss Orcutt Plays Irons Correctly



THROW CLUBHEAD THROUGH BALL AND ON TOWARD HOLE.
MISS MAUREEN ORCUTT—EASTERN WOMEN'S CHAMPION DOES IT
Sol Metzger

BY SOL METZGER

Miss Maureen Orcutt, recently crowned eastern women's champion and always a dangerous competitor in national events, has a sound iron game. It permitted her to down Miss "Billie" Hicks, the sensational schoolgirl player to win this title.

Miss Orcutt, like all good iron players, whether on chips, pitches or long approaches, has the much desired follow through. That is, the head of her iron, after striking the ball, follows out after it toward the flag, as all irons must do if the shot is to be played correctly.

But a follow through with irons is not practical unless one has a firm grip, for on nearly all such shots a bit of turf is taken. Monday — more about the follow through.

A golfer is no better than his tee shot. Sol Metzger has prepared a free illustrated leaflet on the art of driving. Send for it in care of this paper and enclose a stamped, addressed envelope.

GRAND CANYON PROVES INSPIRING SIGHT TO BOYS

By John F. Ness
"Times" Staff Representative

GRAND CANYON (Ariz.) July 19. On the last leg of their journey home the four Junior Olympic champions were confronted today with the first experience that has ever forced them to silence for more than a moment at a time on the entire tour, both ways across the country. As the youngsters stood on the brink of the Grand Canyon Vane Baker was so impressed with its awe-inspiring beauty that he couldn't even let out a tiny squeak. Fernando Ramos just stood popeyed. Robert San Jose blinked like a waking baby, and even nonchalant Jerry Deal was forced to admit that whoever dug this hole did a pretty good job of it.

All day the Southern California youngsters have been taking trips to the various points of scenic grandeur and all day Coaches Pop Squire and Arthur Dietz, have been puffing along in the wake of youthful enthusiasm. The gang pledged to stay together this morning and it's been tough on the older folk. The boys are anxious to get home and to receive the plaudits of their parents and their friends. Truly they are little champions for the same esprit de corps prevails in the party today as it did when our pep rallys were being held before the titular struggle in Atlantic City.

When 2:15 o'clock tomorrow afternoon rolls around the boys will be happier in one sense than they were the day following the national meet for after all they are just boys and dad and mother mean more than all other honors combined.

SALO AND RICHMAN SET NEW RECORD

Jhonny Salo, Passaic (N. J.) policeman, and Sam Richman of New York, won the 144-hour marathon, which ended here last night, when they set a new record of 749 miles 696 2-3 yards. The former mark, twenty-five years old, was set at 723 miles by two French runners at New Orleans.

George Rekvan, San Francisco, and Weil Nielsen, Los Angeles, placed second, negotiating 642 miles 767 yards. Third place went to the team of Harry Abramwitz, New York, and Roy McMurty, Los Angeles, with 585 1-3 miles.

The others finished as follows: Joe Spangler, New York, and George Jusick, Poland, fourth, 543 miles.

Charles Hart, England, and C. L. Jensen, Glendale, Cal., fifth, 484½ miles.

Herbert Hademan, New York, and Pat Harrison, Miami, Ariz., sixth, 424 5-6 miles.

YOUNG HEROES RETURN

THIS is homecoming day for Southern California's Junior Olympic heroes—Vane Baker, Jerry Deal, Robert San Jose and Fernando Ramos—the four boys who walked off with first and second places in the final of both junior and senior divisions of the games at Atlantic City.

These boys are splendid and shining examples of the youthful athletic flower of this section of the country. In competition with the best of the land they stood supreme.

Generally speaking, the work of these kids has been overlooked by those who are interested in senior competition as applied to national championships and the international Olympic Games.

But the old heroes have to be replaced some day. Veterans like Charley Paddock are over the peak. From the youngsters in the playgrounds and prep schools must come future championship material in national and international competition.

The Junior Olympic Games provide one of the big training grounds. With a 75-yard dash, chinning contest, basketball throw for accuracy, baseball toss for distance and the standing broad jump they give the kids a chance to develop and perfect themselves in all-around proficiency and coordination.

* * *

INTEREST MOUNTS HIGH

THE TIMES has sponsored the Junior Olympic Games in this section for the past two years because of a desire to stimulate interest in athletics among the kids.

The idea has succeeded admirably. Over 20,000 kids participated last year. There were 30,000 contestants this year. And next year will see even more in the lists.

Although these youngsters have been favored with individual coaching in many cases thousands have relied mainly on Boyd Comstock, the former S.C., Yale and L.A.A.C. track-and-field coach, and member of the Junior Olympic Games executive committee, for correct information.

On the art of sprinting, for example, Comstock edited and The Times printed for distribution over 30,000 pamphlets on the correct method of getting results. The styles of famous sprinters like Charley Paddock, Charley Borah and Frank Wykoff were discussed fully.

The reaction to this dissemination of information is sounded by Comstock: "In the sprint event, the Southern California boys have improved to an astounding degree and chiefly through the distribution of these pamphlets dealing in pictorial and descriptive information. This increase was not so marked last year when only casual information was given out, but during the past several months I have followed and checked these young potential champions with mounting interest.

"Juveniles, being imitative, get the idea incredibly fast, and I expect that this impetus will in time develop into the greatest single factor in senior competitive athletics. I see no reason why five or ten years of this sort of thing will not give us a supremacy along the lines that have been sponsored by The Times that will bring a flood of enviable comment to this section of the country."

* * *

THE NEXT HEAVY KING

ALTHOUGH he probably won't get the chance if they can help it Professor Tommy Loughran of Philadelphia will do to the Messrs. Schmeling and Sharkey, et al., just what he did to young Jimmy Braddock at New York the other night.

In other words, if the good-looking Mr. Loughran ever gets a crack at the world's heavyweight championship he will win it.

The retiring light-heavyweight champ is as superb a boxer as Gene Tunney ever thought of being, and he will make just as many monkeys of the present crop of heavyweight contenders as did Tunney before his retirement.

The only thing Loughran lacks is a punch. Good looking, broad shouldered, keen and intelligent to a high degree, a splendid sportsman, Loughran would make the ideal champion but for his one shortcoming—a heavy wallop.

But in spite of this drawback I firmly believe he can lick all the present crop of heavies with the possible exception of George Godfrey, and there he is at the disadvantage of pitting a possible 180 pounds against Godfrey's 240. Godfrey likely would wear him down in fifteen rounds.

* * *

TOLAN BEAT WILLIAMS

L.A.A.C. boys returning from Vancouver say Percy Williams did not win the 100-yard dash. They report Eddie Tolan, the Michigan black flash, was the real victor, and that the decision was a home-town one.

Be that as it may, the report does not discredit Williams as a sprinter in the slightest. Tolan is a great runner and defeat by him would be no disgrace for the Canadian. On the ther hand Williams demonstrated his class over the pick of the world with his double victory at the Olympic Games last year, and that stands out above all else.

Bobby Seller Enters Finals

DENVER (Colo.) July 19. (AP)—Robert Seller of San Francisco, advanced to the finals of the Colorado State tennis championship tournament today by defeating Alan Herrington of Los Angeles, Cal., 6-4, 6-4, 8-6.

Berkeley Bell of Austin, Tex., and Julius Seligson of New York, each had won a set, and Bell was leading 5-3, in the third when rain caused postponement of further play.

Bell and Seligson will play out their match tomorrow morning, and the winner will meet Seller in the finals tomorrow afternoon.

YOUTH SETS WORLD'S HORSESHOE RECORD

SAN DIEGO, July 19. (AP)—Jimmy Leckey, 17-year-old Phoenix boy, it was announced today, broke a world's horseshoe pitching record here yesterday, when he made a total of 1007 ringers out of 1400 shoes pitched. T. F. Berryhill, head of the Balboa Horseshoe Club, vouches for the remarkable score.

Young Leckey broke the record established at Hollywood in May by Putt Mossman. Mossman made 996 ringers out of 1400 shoes. In making the new record Leckey made 356 double ringers.

TOLAN 'ROBBED' MERCURIES SAY

L.A.A.C. Runners Return from Long Trip

Claim Michigan Star Won in Vancouver Dash

Negro Sprinter Victim of "Home-town" Verdict

Declaring that Eddie Tolan, crack Michigan sprinter, was the victim of a "home-town decision" in Vancouver, a squad of Los Angeles Athletic Club athletes returned yesterday from a three-week tour of tracks on the Pacific Coast.

PERCY WILLIAMS

Statements of the Mercury athletes bear out a statement attributed to Tolan in Windsor, yesterday, that he had beaten Percy Williams, the Canadian flyer, in their recent race at Vancouver. Pictures of the finish, the local cinder stars declared, proved Tolan won handily, with Frank Wykoff and Williams grouped closely behind him, in almost a dead heat for second place.

Wykoff did not return with the runners, staying in Canada to visit friends. Herman Brix, the star shot-putter, who won the all-around championship at Vancouver, with three victories and three thirds in six events, left for New York to join the Cummings party's invasion of Europe.

The Mercuries, who returned yesterday from the trip that took them to Denver, Vancouver and Seattle, included Bill McGeagh, Cliff Halstead, Jim Ferrie, Henry Lassalette, Ken Grumbles and Milton Maurer.

TOLAN DECLARES HE WAS ROBBED

WINDSOR (Ont.) July 19. (AP)—Eddie Tolan, of the University of Michigan, 100 and 200-yard sprint champion of the United States, today charged he was the victim of a "home-town decision" when he was adjudged beaten by Percy Williams in Vancouver last week. Tolan made the statement while passing through Windsor. He is en route to Europe with other athletes, who are to tour the continent.

He said he had pictures which show him leading Williams by close to a foot at the finish. At the conclusion of the race, he said, the judges went into a lengthy conference, from which they emerged to announce that Williams had won by a close margin.

"I have been beaten before," said Tolan, "but never have felt that I was picked second when I actually finished first."

Muelheisen, Muench Meet for Net Title

LA JOLLA, July 19. (Exclusive)—Bob Muench and Dolph Muelheisen, both of San Diego, will meet here tomorrow for the La Jolla tennis singles championships. Muench advanced to the finals by nosing out Chuck Wessner in a terrific three-set match, 3-6, 6-3, 12-10, while Muelheisen took it easy in trimming Ted Easton, 6-0; 6-0.

Muench and Muelheisen will clash again in the men's doubles, Muench paired with Blade, beat Cinao and Saunders, 6-4, 7-5, to gain the finals, while Muelheisen and Ted Easton tripped up Chuck Wessner and Don Bent, 6-4, 6-3.

The results:

Semifinals, men's singles—Muench defeated Wessner, 3-6, 6-3, 12-10; Muelheisen defeated Easton, 6-0, 6-0.

Men's doubles—Muelheisen and Easton defeated Wessner and Bent, 6-4, 6-3; Muench and Blade defeated Ciano and Saunders, 6-4, 7-5.

Mixed doubles—Patz and Wessner defeated Washburn and Bent, 6-3, 8-6; Robinson and Wheldon defeated Deike and Charnock, 6-4, 6-4.

Junior men's doubles — McDavitt and Otis defeated Croul and Kirkbride, 6-1, 6-4.

Final round, ladies' singles—V. Doeg defeated Robinson, 6-1, 8-6; Patz defeated Deike, 8-6, 6-3.

Junior mixed doubles—M. Doeg and H. Shelton defeated Lee and Prisbee, 6-0, 6-3; Sharp and Divine defeated Northcote and J. Shelton, 3-6, 6-2, 6-3.

Girls' singles, under 15—Wheeler defeated M. Doeg, 3-6, 6-1, 12-10, final.

Ladies' doubles—Patz and Robinson defeated Deike and Washburn, 6-4, 6-3; Doeg and Doeg defeated Crookshank and Ward, 6-2, 6-3.

Ladies' junior doubles—Doeg and Doeg defeated Adams and Morgan, 6-0, 6-0; Lee and Sharp defeated Rathbourne and Wheeler, 7-9, 7-5, 6-3.

Junior ladies' singles—V. Doeg defeated Sharp, 6-1, 6-1; M. Doeg defeated Crookshank, 6-1, 6-1.

Junior men's singles — Otis defeated Mako, 4-6, 7-5, 6-3; Holmes defeated MacDavitt, 6-2, 6-2.

Mickey Riley Out of Meet at Ambassador

Mickey Riley, L.A.A.C. diver and holder of all four senior national titles, will be unable to compete in the swimming meet at the Ambassador Hotel plunge tomorrow afternoon due to an injured elbow received in a workout yesterday. Riley suffered the injury when diving from a thirty-foot tower, hitting the water with such force that his elbow was torn.

Coach Fred Cady ordered his star to rest for the next ten days with the hope that he will recover in time for the national outdoor championships at San Francisco, August 22-24.

With Riley out of tomorrow's meet the Mercuries will depend upon Dutch Smith, runner up to Mickey in the national meet, for points in the men's diving events.

KEITH GLEDHILL REACHES FINALS

Santa Barbara Youngster Defeats Clif Sutter in Terrific Match to Gain Right to Meet Winner of Ellsworth Vines-Pare Clash Today

CHICAGO, July 19. (AP)—Keith Gledhill, Santa Barbara (Cal.) star will play in the title round of the singles of the western tennis championships, but reached the final test today only after a terrific battle with Clifford Sutter, young New Orleans sensation, at Skokie Country Club.

KEITH GLEDHILL

ELLSWORTH VINES

Sutter, who left a trail of seeded players in his wake, fought Gledhill to a standstill, losing in four sets. Gledhill easily took the opening set, 6-1, but bowed to the southerner in the second by 10-12. Sutter eased off and dropped the third at 6-2, saving himself by sloughing the last two games. He rallied time after time in the fourth set, but succumbed 14-12 after his terrific efforts left him almost exhausted.

Gledhill played erratically, but had the endurance to outlast the southern youth.

The other semifinals match, between Emmett Pare of Chicago, defending champion, and Ellsworth Vines of Pasadena, Cal., was postponed until tomorrow.

The women's singles went to the semifinals with the favorites winning easily, Carolyn Swartz of San Francisco, Clara Louise Zinke, Cincinnati; Ruth Bailey, St. Louis, and Catherine Wolf, Indianapolis, the first four seeded players, moving up. Miss Bailey scored an easy victory over Mrs. Barbara Duffy of Cleveland, not permitting the latter a game.

Miss Swartz, fifteenth ranking player in the country, eliminated Muriel Adams of Indianapolis, 6-3, 11-9, and Miss Zinke had little trouble with Mary Zitza McHale of Dallas, Tex., winning by 6-1, 6-3. Miss Wolf trounced Ruth Oexman of Cincinnati, 6-4, 6-1.

In the men's doubles Fred Hoyer and George O'Connell, a Chicago pair, trimmed Louis B. Bailey, Jr., and Eugene McCauliff, 8-6, 6-3, 9-7, in the only quarter-final match played.

Miss Zinke and Miss Oexman moved to the semifinal of the women's doubles by a 6-3, 6-4 victory over Bara Holden and Mrs. William McIlvane of Chicago.

DADO TRIPS MATTHEWS

Flashy Filipino Fighter Wins on Technical Kayo in Seventh Round in Legion Go

Speedy Dado, flashy Filipino flyweight, won on a technical knockout over Harold Matthews of Nebraska in the seventh round of their scheduled ten-rounder at the Hollywood American Legion last night. The fight was sensational while it lasted with a packed-house yelling on their feet all the time.

Dado won the first three rounds and had the Nebraska boy on the floor in the second stanza. Matthews staged a comeback in the fourth, taking that round although his left eye was completely closed. In the fifth his right eye started to close due to the terrific pounding he was getting from the Filipino. Matthews was game, and continued, motioning Dado to come to the center of the ring and slug it out. Speedy chose to box, however. In the sixth Matthews again went to the canvas after coming in contact with a powerful left hook. At the end of the round his handlers threw in the towel, giving the fight to Dado.

Jackie Caston, a newcomer, took the decision over Clayton Gouyd in the semi-wind-up. It was a head-to-head slugging match all the way with Caston having the edge because of his final spurt in the sixth round.

Marcelino Lomelli beat Willie Fausto in the six-round special event, but was given a draw by the referee. Tommy Hoffman outpointed Jackie Stewart over the four-round route. The opener was short and sweet, Sarina Paulio knocking out Ray Garcia in the first round. It lasted exactly twenty-two seconds before Paulino connected.

ALL-CALIFORNIA FINALS IN NORTHWEST TOURNEY

TACOMA (Wash.) July 19. (AP)—Two fellow citizens of San Francisco, the veteran Kurt Berndt and youthful Laurason Driscoll, will contend for the men's singles title in the Pacific Northwest at the Tacoma Tennis Club tomorrow.

The last round of play in the men's doubles also will be an all-California affair. Jack Tidball and Cliff Robbins, Los Angeles juniors will endeavor to wrest the honors from Ray Casey and Driscoll of San Francisco. Tidball will play his team-mate, Robbins, for the junior crown.

Finals in the mixed doubles and women's singles likewise are on today's schedules, two out of three sets to decide. Dorothy Weisel, Sacramento, and Mrs. Golda Myer Gross, San Francisco, are contesting for the latter title.

Mrs. Gross and Miss Weisel won the women's doubles title easily today, defeating Ann Cook and Mrs. Esther Bartosh of Los Angeles in straight sets, 6-2, 6-8.

Berndt, seeded No. 1 in the men's singles, gained the final bracket only after overcoming the stubbornest kind of resistance on the part of Theodore McDonald, lone survivor of Tacoma, 6-8, 6-4, 6-4. Driscoll had little difficulty in beating Frank Gove of Berkeley in the other semifinal match, 6-3, 6-1.

Some of the most sparkling tennis of the tournament was provided in the semifinal encounters of the men's doubles, one of which saw the elimination of Wallace Scott, and McDonald by Tidball and Robbins in three sets, 7-9, 6-2, 6-4.

Even more bitterly fought was the match between Frank Gove and Harry Plymire of Palo Alto and Casey and Driscoll, finally taken by the latter team, 8-6, 2-6, 6-4.

Jack Tidball was given considerable competition in attaining the finals in the junior singles by Don Lewis of Portland. The score was 8-6, 8-6. Cliff Robbins conquered Bob Johnson of Portland, 6-4, 6-2.

POTTER SHATTERS MARK IN METROPOLITAN PLAY

BY BRIAN BELL
Associated Press Sports Writer

LONG BEACH (N. Y.) July 19. (AP)—Arthur D. Potter, a stocky, 24-year-old former caddy of Brooklyn, tossed a golf monkey wrench squarely in the center of the machinery of the metropolitan open championship late this afternoon when he drifted calmly in from the eighteenth green of the difficult Lido course, and nonchalantly announced he had compiled a score of 64 in his second round.

As the former ball hawk of the Marine and Field Club, Brooklyn, had a score of 80 yesterday, his thirty-six-hole total of 144 placed him in the lead for the first two rounds, wresting the honor from Leo Diegel, whose 145 was compiled through a par 72 yesterday and not quite so good 73 today.

Diegel's lead had stood most of the day and seemed safe from attack when Potter reported with a card showing 33 out and 31 in, made up of ten fours and eight threes.

The amazing score was eight under par and clipped six strokes from the course record in competition held jointly by MacDonald Smith, Bobby Jones and Jack Forrester. Smith and Jones made theirs in qualifying rounds for the United States open while Forrester's was scored yesterday in the current competition.

Potter's card showed nine birdies and he was over par on only one hole, the short eighth, when he took four after being in a trap.

The Brooklyn player is "unattached" at this time, but said he was "looking for a job."

Diegel and Wild Bill Mehlhorn played together and finished all square for the day with a pair of 73's, and were only a stroke apart for the two rounds, Mehlhorn standing at 146 after a bad finish.

The amateur leader today, Maurice McCarthy, Jr., of Georgetown University, scored 71, but could place no better than seventh as he had an indifferent opening round.

Leading scores:

Arthur D. Potter, Brooklyn	80-64—144
Leo Diegel, Agua Caliente, Mex.	72-73—145
Bill Mehlhorn, Peninsula	73-73—146
Craig Wood, Forest Hills	74-74—148
Jim Barnes, New Rochelle	71-77—148
Bobby Cruickshank, Progress	76-73—149
†Maurice McCarthy, Jr., Green Meadow	78-71—149
Gene Sarazen, Fresh Meadow	75-75—150
Jack Forrester, Hackensack	70-81—151
MacDonald Smith, Lakeville	77-74—151
Henry Ciuci, Mill River	73-79—152

Rain Halts Collegiate Net Tourney

NEWPORT (R. I.) July 19. (AP)—A steady rain prevented the Oxford-Cambridge tennis team from staging its doubles play with the Harvard-Yale combination here this afternoon at the Casino, although six of the pairs were brave enough to make an attempt. When the play was halted, the visitors led the Prentice Cup play, seven matches to two.

Russell Young, leader of the Oxford-Cambridge forces, and his partner, E. R. Avery, disregarded the downpour and started their doubles match against B. H. Whitbeck, Jr., captain of the Crimson-Blue team, and Arthur Ingraham, Jr., of Harvard. They were able to complete four games, which they divided before the rain rendered the court unfit for play. The postponed matches will be played at 11:30 a.m. tomorrow.

In the three singles matches played this morning, the British collegians were able to add two more victories to their string. Arthur S. Wright of Yale, wore out Young, the visiting captain, 11-13, 6-1, 6-4, in a gruelling struggle. In the other net duels, Avory defeated Barry Wood of Harvard, 10-8, 6-4, and Paul De Ricon of Oxford disposed of Whitbeck, 6-1, 7-5.

HUBBELL RETURNS

Pitcher Hubbell returned to the Mission line-up this week after a long rest. The Coast League's leading hurler scored his tenth victory of the season. He has met with defeat only three times. Hubbell was used as a relief pitcher in several games. He has pitched through only six complete contests.

CITY GOLF PLAY IN SEMIFINALS

Coleman, Gaines Clash Over Harding Course

Martin, Manhart Advance in Lower Bracket

Fox Hills Golfer Captures Low Net Play-off

(Continued from Seventh Page)

4 and 3, after leading all the way.

A championship within a championship will be the golfing dish today when Coleman faces Gaines in the semifinals. Both golfers have met upon numerous occasions, the last time at California, when Coleman won the finals of the Culver City club invitational tournament. Both are out for blood, and the match should attract one of the largest galleries of the tournament.

Neither Coleman nor Martin was shooting up to the 68's they registered Thursday. Fay shot an approximate 76, and Martin around that figure.

Martin will be picked to trim Manhart, who, however, has been shooting sweet golf throughout the municipal event. The championship matches are scheduled to start at 1:15. The finalists will play thirty-six holes tomorrow for the title.

One of the most interesting features of yesterday's play was the battle for the low net trophy. With twenty-two golfers tying with net scores of 70 and under, it was decided to stage an elimination for the cup. Frank Dunn, a seven-handicap man from Fox Hills, won on the third green with three consecutive pars.

SCHRAEDER SHINES

Gaines was eliminated on the first hole. He had the prettiest drive, a 300-yard poke, which found a trap just short of the green. He took two from there to get on the green and two-putted for a 5. Had Gaines's ball been ten feet to the right, he would have been on the green putting for an eagle. Such is golf!

Schraeder almost ended the competition on the first green. He sliced his tee shot into the rough, but had a pretty out to the far edge of the green. His chip shot rolled halfway around the cup and then bounced out.

Martin went to the third hole, but kicked one out of bounds and was down in 5.

Following are yesterday's results with pairings and starting times for today:

CHAMPIONSHIP FLIGHT, 1:15 P.M.
Fay Coleman defeated W. L. Jelliffee, 3 and 1.

Angels Annex and Even Up Acorn Series

(Continued from Seventh Page)

right-hander, who hasn't finished a game at Wrigley Field this season, kept his record intact by retiring under fire in the fifth. Funny thing about Plitt, he can pitch like ell on the road, but he has nothing but troubles in the local park.

Red Roberts came to Plitt's rescue in the fifth and tamed the Acorns for the rest of the contest. Although Plitt was a run ahead wher he retired, he had not pitched half of the game so Roberts was credited with the triumph.

KOLLS CHASES STATZ

Jigger Statz and Umpire Ed Kolls renewed their personal feud in the first inning and the fleet Cherub center fielder was chased from the contest. The argument started over a called third strike that Jigger took exception to. It looked as though Kolls was right on his decision. Earl Webb took Statz's place in the game, Schulmerich moving over to center.

Oakland scored first, Lombardi's double to right, Schino's bunt and Dean's sacrifice fly, of which Webb made a sensational catch, producing a run in the second.

The Angels came back strong in their half of the second and belted Edwards for five successive hits, but could only get two runs out of the barrage. Berger, Tolson, Jacobs, Dittmar and Sandberg got the hits to put over the two tallies and fill the sacks with none out. Plitt then fanned and Sandberg was doubled off first, Lombardi to Arlett, to nip what looked like a big inning.

The Oaks tied it up in the third on Haney's wild throw, Reese's steal of second, and Arlett's double. Plitt then purposely walked Carlyle and had to do the same thing to Lombardi after uncorking a wild pitch. The Deacon got out of the hole when Haney threw out Schino.

TOLSON RAPS HOME RUN

Berger's single and Tolson's eighteenth homer, a drive into the center-field stands, gave the Angels another pair of runs in the home half of the third.

Dean and Edwards singled to open the fourth and Frazier bunted them along, but Plitt again got out of the jam by retiring Reese and Brubaker.

When Arlett started the fifth with a home run and Carlyle singled, Lelivelt rushed Roberts to the mound and the big Redhead held the Oaks in check for the rest of the game.

Berger's double and Tolson's single scored an Angel run in the fifth, while Sandberg hit his homer in the sixth. Berger's fourth single, Jacob's hit, a wild pitch and Dittmar's sacrifice fly put over the final Seraph tally in the seventh. Score:

the year behind the stick when he sails the Friendship in today's race. Bill Watson will sail the Wiletie. Al Rogers will handle his Synnove and Temple Ashbrook will skipper the Patrica, according to the latest word from the harbor.

The Times trophy race is conducted under North American Yacht Racing Union rules.

The Nordlinger trophy, which is the second oldest perpetual cup in Southland sailing circles, will be raced for tomorrow. This race is over a fifty-mile course. The Nordlinger was awarded in 1907 and was won that year by the old Colombine.

AUTO DRIVERS RACE TONIGHT

Speedy Pilots Hook Up on Legion Race Track

Records May be Smashed as Cars Overhauled

Three-Lap Event Included in Long Program

Night automobile racing reaches the apex of the summer season at the American Legion Speedway tonight. Drivers of the dirt track from all parts of the West are scheduled to tool their roaring mounts around the five-eights-of-a-mile oval in a program of six events, and manager Herb Marow of the Alhambra-Boulevard layout is predicting that a turnout of 8000 fans will see Starter Fred Wagner wave the flag that will send some twenty-five pilots on their way.

"Stub" Stubblefield, Walt May and Jimmy Sharp have been installed as the favorites tonight. These three young daredevils are expected to set a fast pace in the twenty-four-lap main event, as their respective cars are said to be in the best condition of the season for the castor-oil festivities. Stubblefield was the winner last week with May a close second, and they set such a dazzling pace that the remainder of the field was left far behind.

Realizing that they will be forced to compete with the fastest cars ever entered in a Legion Speedway race, Sharp, Mel Kenealy, "Wild Bill" Heisler and Nick Martino have done some extensive overhauling of their mounts this week to put them in shape for tonight. Indications point to some new records for the course being established and a bagful of skids and skirmishes being enacted as thrills for the cash customers.

The feature contest tonight will be the twenty-four-lap main event. Only the fastest of the "jobs" will compete in this contest. Legion officials announce that a three-lap dash, to correspond to the Hammel Cup event won by Nick Martino, the Italian, last week, probably will be arranged.

HALL OUT TO KAYO HERNANDEZ TONIGHT

Bill Hall, the shuffling chauffeur with the poison punch, will attempt to drop Leo Hernandez, Mexican welterweight star, into the discard in tonight's top clash at the Main-street Athletic Club. Hall has come to the front with a rush during the last few months and earned a chance with Hernandez by stopping another Mexican favorite, Aurelio Herrera, in a round last week. Hernandez's record for the last six months shows a longer list of kayo victims than that of any other local battler. Frankie Abendino and Jimmy O'Neil, 130-pounders, clash in the semi-wind-up. Four other bouts complete the program.

Plan Revival of Northwest Baseball Loop

SAN FRANCISCO, July 19. (AP)—Local baseball circles heard today there is a strong possibility the old Northwest League will be revived in 1930 with six or eight clubs operating on a five-game-a-week schedule.

In the interest of such an organization, J. Cal Ewing, president of the Oakland baseball club, intends to visit in the near future several cities, namely Spokane, Vancouver and Victoria, B. C., and Tacoma.

Ewing said today he believes the time is ripe to organize a Class C circuit in that section. Several semipro leagues are now having substantial patronage and the Oaks' mogul feels the territory will support baseball on Thursdays, Fridays, Saturdays and two Sunday games.

If sufficient local financial support is assured, Ewing said the Oakland club would be willing to help build up a team at Spokane, using it as a farm for youngsters not quite ready for the Coast circuit.

Efforts will be made to place clubs in Seattle and Portland, thereby giving those cities almost continuous baseball.

DANIELS WANTS SCHMELING

Danish Jack Dempsey Eager to Act as Sparring Partner for German Manassa Mauler

Dick Daniels yesterday volunteered to remain over for the Max Schmeling exhibition to serve as a sparring partner. The offer was made through Mike Collins, who also has Schmeling booked for a similar exhibition in Minneapolis.

Matchmaker Wad Wadhams could give Daniels no definite promise since it is not known whether the Black Uhlan carries his own troupe of workmen or depends on sparring material in the town where he boxes.

DICK DANIELS

It would be a unique coincidence since Daniels, who faces Yale Okun in a rematch at the Olympic Tuesday night, is called the Danish Jack Dempsey, while Schmeling is the German Dempsey—so called in the East.

The Daniels-Okun bout is attracting the most attention of any heavyweight bout staged here for a long time. These two newcomers fought such a sensational four rounds in their first fight until it was stopped that the rematch will probably come close to packing the arena.

Although Daniels was the loser in a technical knockout he was just as strong as Okun and half the house thought he would have knocked the New York Jewish fighter out if the bout had continued.

Daniels expects to stop Okun next week and he is in better shape than before. On the other hand Okun looks to be in finer trim and claims to have another defense ready for the one-two system of the rugged Dane.

Okun halted the rushes of Daniels with a terrific uppercut two weeks ago. The experience of Okun may again decide the fight which is certain to be a wild session while it lasts.

Collins says Daniels only showed half the stuff he really has and that if the 19-year-old boy is any way near his real form he should knock Okun flat in a few rounds. Collins admits that Daniels is giving away a lot to the more experienced Okun.

GIANNINI ADDS NEW BANK UNIT

Pacific National Acquired by Holding Company

Resources Involved in Deal About $17,000,000

Building and One Item Not Included in Purchase

Transamerica Corporation, bank-holding company controlled by Giannini interests, has purchased the Pacific National Bank of Los Angeles, executives of both institutions formally announced yesterday. The Los Angeles bank has resources in excess of $17,000,000.

Details regarding the terms of the transaction were not made public but it is understood that a further announcement will be made in the near future. Pacific National Company, which controls the Pacific National Bank and four other smaller banking institutions, was not included in the acquisition, it was stated. The Pacific National Bank Building, which is owned by the Pacific National Company, was also excluded.

Pacific National Bank has deposits of more than $12,500,000 and besides its head office maintains eight branches in Los Angeles. The capital investment totals $2,500,000.

E. M. Smith, president of the Emsco Derrick and Equipment Company and affiliated Emsco companies, will remain as president of the bank. Mr. Smith, who is also chairman of the board, recently took over the presidency on the resignation of Thomas A. Morrissey. He was president of the bank when it was organized in 1923 and became chairman of the board in 1926.

Fred Swenson, executive vice-president, will also remain in his position. Mr. Swenson is president of the Pacific National Company. No changes in the staff personnel are contemplated, it was stated.

Last June arrangements were made to consolidate the Pacific National Bank with the National Bank of Commerce of this city and while the terms were approved by stockholders of both institutions, all proceedings to consolidate the banks were canceled early this month.

Transamerica Corporation is the holding company for the Bank of Italy and the Bancitaly Corporation and their affiliated and subsidiary institutions. Besides a number of bank, credit, insurance and investment companies which it controls directly or indirectly, it holds a substantial stock interest in Bank of America of California and Bank of America, N. A.

Decision in Oil Suit Tuesday

Decision in the suit of Warren K. Deuel, oil man, against the Rio Grande Oil Company and the Barnsdall Oil Company concerning the development of Elwood oil field, near Santa Barbara, probably will be made next Tuesday, according to an announcement made yesterday by Superior Judge Yankwich, before whom the trial was conducted.

Whether Deuel was made a partner or a joint adventurer in the development of the oil field and whether fraud or misrepresentation entered into the circumstances surrounding a release agreement signed by Deuel for a consideration of $3500 are two issues to be decided Oil was produced shortly after the agreement, according to Deuel.

Hudson Motor Income Higher

DETROIT, July 19. (Exclusive) Hudson Motor Car Company reported today net earnings for the six months closed June 30, of $10,621,512 after all charges, equal to $6.65 a share, as compared with $9,216,320 or $5.77 share for the first half of 1928.

Second-quarter earnings totaled $6,053,729, against $5,008,947 for the same period last year. In the first quarter of the current year the company earned $4,567,782, against $4,207,372 for the first quarter of 1928.

TERMS FORECAST IN BANK MERGER DEAL

NEW YORK, July 19. (Exclusive) Merger negotiations between the Bank of America, N. EARNINGS OF ELECTRICAL CONCERN UP

Diamond Manufacturing Reports $22,311 Gain in Net for Six Months

Diamond Electrical Manufacturing Company for the first six months of 1929 showed net earnings after all charges including taxes of $67,562.88, equal after preferred dividends to $2.48 a share on 19,658 common shares outstanding, according to a report issued yesterday by J. H. Pengilly, secretary-treasurer of the company.

These earnings compare with $45,251.30 or $1.28 a share on 19,492 common shares after preferred dividends in the corresponding period of 1928. The gain of $22,311.58 represents an increase in net earnings of 49.28 per cent.

For the second quarter ended June 30, last, the net income totaled $38,361.25, as against $27,324.76 for the comparative period of the previous year, an increase of $11,036.49, or more than 40 per cent.

The company is rapidly developing a national distribution for its products, Mr. Pengilly stated. Recent sales expansions included the arrangements for distribution in Seattle, Denver and Montreal. Business in the San Francisco territory has shown a marked increase in recent months, he added.

The outlook for the current quarter is particularly good, Mr. Pengilly said. The company is planning to place a new piece of electrical apparatus on the market this fall and this is expected to boost the sales volume considerably. Both the company's $7 preferred stock and the common stock which pays $2 annually are listed on the Los Angeles Curb Exchange.

Net Earnings of Gulf Steel Show Increase

NEW YORK, July 19. (Exclusive) Net earnings of the Gulf States Steel Company for the second quarter ended June 30, last, amounted to $405,630 after all charges, equal after preferred dividends to $1.88 a share on the 197,500 shares of no-par common stock outstanding, it was reported here today.

This compares with $354,255, or $1.62 a share on the common stock reported for the preceding quarter. For the second quarter of 1928 the company earned $203,953, or $1.35 a share on 125,000 common shares then outstanding.

The net income for the six months closed June 30, totaled $759,885, or $3.50 a common share, against $541,802, or $3.77 a share on the capital outstanding at the close of the first half of 1928.

H. R. Campbell was elected assistant secretary and assistant treasurer, succeeding Calvert Brewer, resigned.

Extra Declared by Warners

NEW YORK, July 19. (AP)—Directors of Warner Brothers Pictures today declared an extra dividend of 12 1-2 cents and initial quarterly dividends of 75 cents a share on the common, which was recently split two for one, placing the stock on a $3 basis.

The regular quarterly payment of 55 cents on the preferred was also voted. All are payable September 1, to stock of record August 10.

SUN OIL NET PROFITS GAIN FOR HALF YEAR

PHILADELPHIA, July 19. (Exclusive)—Sun Oil Company for the six months ended June 30, last, today reported consolidated net income of $3,637,540, equal after preferred dividends to $2.68 a share on 1,299,934 common shares, as against $2,513,929, or $1.96 a share on 1,206,196 common shares in the same period of 1928.

WIRE COSTS BULK LARGE

Los Angeles Member Houses Spend $700,000 Yearly for Private Systems; Service Fast

BY EARLE E. CROWE

Forced to keep pace with the tremendous interest in Southern California in stocks listed in the New York market, the wire houses operating here have steadily increased their plant investment in leased wires, quotation tickers, trans-lux machines, board room facilities and other equipment necessary to provide the fastest and most efficient service to customers. It is now estimated that each of the wire houses spends approximately $700,000 yearly on wire facilities and tickers alone.

To a considerable degree the results of these large expenditures for improvement are reflected in the increasing of business coming to the wire houses that formerly went over the public wires directly to New York houses. The wire houses have demonstrated that traders can execute orders through the Los Angeles member houses as efficiently and rapidly as if the customer were in the office of his New York broker.

TOTAL RUNS HIGH

Each of the three principal wire houses in Los Angeles leases not less than three duplex wires to New York for transmission of orders, confirmations and market gossip. Each duplex wire costs approximately $225,000 yearly, or a total of $675,000. For the three houses this is a total of $2,025,000 annually in wire rentals. In some cases one or two of the wires pass through San Francisco, and part of the cost is allocated under such circumstances to San Francisco.

The transcontinental wires are routed through the northern, central and southern sections of the country in order to minimize the risk of wire trouble during the winter season. In the early days of leased wires from Los Angeles to New York for brokerage business, there were times when service was suspended for hours at a time because of storms along the route. But with three wire systems over different routes the Los Angeles houses in these days of intense interest in the market are rarely without as good quotation and order service as customers obtain in New York.

Since the quotation tickers have been extended to the Pacific Coast the wire houses as well as other brokerage houses dealing in New York stocks have installed large numbers of tickers to further improve service. The typical wire house in Los Angeles operates approximately twenty quotation tickers in its main and branch offices, which supply virtually instantaneous service on New York Stock Exchange, New York Curb, cotton and grain transactions.

TICKERS EXPENSIVE

Quotation tickers cost $125 a month, or a total of $30,000 annually for a house using twenty tickers. In addition, the translux machines used to project the quotations on a screen for the benefit of board-room customers, represent an additional charge for each office.

Most wire houses, as another feature of the fast service offered, now employ printer machines on either end of the order wires. These machines register on the other end the second the sending key is depressed, which means that orders from Los Angeles to New York are transmitted almost instantaneously. Confirmations of transactions are sent and received in the same manner. Unless the volume in the New York market is exceptionally large, orders from Los Angeles to New York are transmitted, executed and confirmed in the space of two minutes' time.

In no other part of the country has the development of the customers' board room reached the equal of Los Angeles. Among traders who operate in various cities during the year it is a recognized fact that the board rooms in Los Angeles and San Francisco are the best equipped in the country.

Altogether there are thirteen members of the New York Stock Exchange operating in Los Angeles, although not all of them operate on their own private wire system.

Loew's, Inc., Net Earnings High

NEW YORK, July 19. (Exclusive) Earnings of Loew's Inc., for the three months ended June 3, last, are expected to show considerable increase over the similar period last year when net income after charges, depreciation and taxes was $1,953,241, it was reported today. June, 1928, quarter earnings were equal to $1.62 a share on 1,066,880 common shares but due to a 25 per cent stock dividend the June, 1929, quarter earnings will be figured on about 1,335,129 shares.

Estimates on the net income for the twelve months to August 31, next, are placed between $9,500,000 and $10,000,000, which would establish a new high for any fiscal period and will be comparable with peak returns of $8,568,162 in 1928, equal after preferred dividends to $5.90 a share on 1,334,725 common shares outstanding. It is expected directors in the final quarter of the calendar year will declare an extra dividend of at least $1 a share on the common stock, which has been done in the past three years.

MORTGAGE OF OFFICE BUILDING ON MARKET

S. W. Straus & Co. will offer today at par and accrued interest a $4,000,000 issue of Fifty-ninth-street and Madison-avenue Office Building leasehold mortgage 6 1-4 per cent sinking fund gold bond certificates. The issue is secured by a ten-story office building now under construction and the leasehold estate in the land fronting the entire Madison-avenue block between Fifty-eighth and Fifty-ninth streets, New York City. WHAT'S BEHIND YOUR STOCK

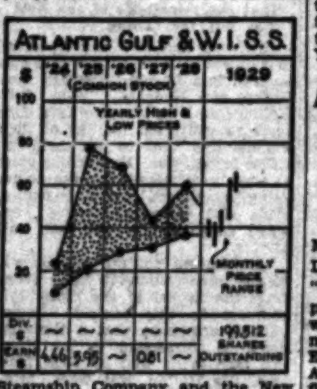
ATLANTIC, GULF AND WEST INDIES S.S. LINES

The Atlantic, Gulf and West Indies Steamship Lines has long been established as a leading steamship enterprise. It is also interested in the oil industry, although its principal interests have been closed out. Four principal subsidiaries are the Clyde Steamship Company, the Mallory Steamship Company, the New York and Cuba Mail Steamship Company and the New York and Porto Rico Steamship Company.



The subsidiaries operate passenger and freight services between New York and other important eastern and southern United States ports, West Indies and Mexico.

Earnings have been irregular. Net income for 1928 was $848,000, which compared with $849,000 in 1927.

CAPITALIZATION

Funded debt	$20,021,438
Preferred stock (5% non-cum.)	13,742,800
Common stock (no par.) shares	199,512

Current data: More liberal government attitude under the new Merchant Marine Act appears to be a favorable influence. The company, under the Cuba mail contract, will probably receive about $800,000 per annum.

RUMORS OF STEEL SALE DEAL AFOOT

Corporation Head Silent Regarding Offer for Columbia Company

NEW YORK, July 19. (AP)—James A. Farrell, president of the United States Steel Corporation, refused to comment today on a report from San Francisco that his company might purchase the Columbia Steel Company.

The report said that the sale might be effected next week when Hubert Fleishhacker, a director of the Anglo and London Paris National Bank of San Francisco; R. W. Kinney, chairman of the Columbia executive committee, and L. F. Rains, vice-president and general manager, arrive here from the Pacific Coast. It is understood they will confer with Mr. Farrell regarding the sale, which is said to depend on the acceptance of a definite offer made to Columbia interests by the Steel Corporation.

SAN FRANCISCO, July 19. (AP)—The Bulletin today said sale of the Columbia Steel Corporation to the United States Steel Corporation may be consummated in New York next week.

Detroit Aircraft Plans Start of "Line" Output

DETROIT, July 19. (Exclusive)—Manufacturing operations of the Detroit Aircraft Corporation on a "line" method similar to that employed in the automobile industry will begin immediately in the former Studebaker plant here, E. S. Evans, president, announced today. Approximately 50,000 square feet of floor space has been leased. Executive offices will also be located in the vacated auto plant.

Three different types of aircraft will be produced there with the quartering of as many subsidiaries of the Detroit Aircraft. They will include flying-boats by Eastman Aircraft Corporation, the Blackburn line of planes and the six-place metal amphibian of the Marine Aircraft Corporation.

Following this announcement, Mr. Evans left by train for California with other Detroit Aircraft officials for final inspection of the Lockheed plants on which Detroit Aircraft holds an option to acquire. Announcement of complete plans of operation of the Detroit Aircraft in the Pacific Coast district is expected on this occasion.

Alkali Works Reports Net at New High Mark

NEW YORK, July 19. (Exclusive) Mathieson Alkali Works Inc., reported today net earnings for the June quarter of $610,697 after all charges, including taxes, equal after preferred dividends to 96 cents a share on 588,328 common shares, against $556,666 or $3.49 a share on 147,083 in the second quarter last year.

E. M. Allen, president, stated that earnings in the quarter were the largest in the history of the company mainly due to the continued good demand for all products besides a capacity production at lower costs with selling prices about the same. On April 25, last, the company paid a stock dividend of 300 per cent.

The net income for the six months reached a total of $1,117,371, equal after preferred dividends to $1.75 a share. This compares with earnings of $986,129 or $6.11 a share reported for the first half of 1928 on the capital then outstanding.

SAND AND ROCK UNITS JOIN

Properties Appraised at $20,000,000 Represented in Bay District Consolidation

Sand, rock and gravel companies operating in Central California yesterday announced a consolidation of their properties into the Pacific Coast Aggregates, Inc., a new company formed by Northern and Southern California banking and industrial interests. The appraised value of the constituent properties is placed at $30,000,000.

Nearly every large producing and distributing company in the sand, rock and gravel business in the San Francisco Bay region and in the territory from Oroville on the north to Monterey and Fresno on the south is included in the combination. The new company, it was stated, will be one of the largest of its kind in the world.

Companies included in the consolidation are: Acme Gravel Company, Associated Gravel Company, American River Sand and Gravel Company, American Sand Company, Bay Development Company, T. I. Butler Company, California Rock Company, Coast Rock and Gravel Company, G. & M. Gravel Company, Piedra Rock Company, California Building Material Company, Pratt Building Material Company, Pratt Rock and Gravel Company, Rhodes Jamieson Company, River Sand and Gravel Company, Santa Clara Gravel Company, and Vulcan Rock Company.

Banking executives are expected within a few days to issue a formal announcement of the complete consolidation program. This announcement will be accompanied by a public offering of securities.

Merger of the various interests under banner of the Pacific Coast Aggregates, Inc., according to the announcement, promises important savings beneficial to stockholders and consumers. The reductions in costs will include the elimination of cross hauls by rail and truck, the elimination of overproduction in the territory and the elimination of large items of expense in selling and administration.

Companies included in the merger handle, it was stated, the largest part of the sand and gravel business in San Francisco, Oakland, Sacramento, Stockton, Berkeley, Alameda, Richmond and other communities. It is estimated that the territory to be served contains one-half the population of California.

The companies included in the merger handle important lines of cement, lime, tile, metal laths, brick and other building materials.

Republic Tells Oil Profits in First Half-Year

Net profits of the Republic Petroleum Company for the first half of the current year totaled $188,164, after production and general expenses, but before depreciation and depletion, equal to 54 cents a share on the 344,000 shares of $10 par value capital stock outstanding, according to a statement issued yesterday by the company.

INQUIRY FOR FINE WOOLS IMPROVING

Prices Unchanged from Previous Week; Medium Grades Firmer

BOSTON, July 19. (AP)—The Commercial Bulletin tomorrow will say:

There is a broader inquiry for fine wools and a little more business in such wools at prices which seem to have crystallized about on the basis of last week's sales, medium wools are firm. In the West, buying is scattered and consignment more general, with no change in price basis.

London has been irregular, but seems to be steadier toward the week-end, at no change in values. Withdrawals have been fairly considerable thus far.

Tropical worsted openings are made at prices unchanged to 10 cents a yard lower than last year and reveal a shortage of such goods in the market, which has resulted in better business for the mills and better prices for medium wools.

Mohair is quiet, but steady.

The rail and water shipments of wool from Boston from January 1, 1929, to July 18, 1929, inclusive, were 98,247,000 pounds, against 87,941,000 pounds for the same period last year. The receipts from January 1, 1929, to July 18, 1929, inclusive, were 179,242,685 pounds, against 197,645,500 pounds for the same period last year.

The Bulletin will publish the following wool quotations tomorrow:

Scoured basis: Texas—Fine twelve months (selected), 91@93; fine short twelve months, 88@90; fine eight months, 85@88. California — Northern, 88@87; Middle county, 83@85; southern, 75@78. COTTON MARKET

NEW YORK, July 19. (AP)—Early declines in cotton were followed today by advances which carried prices into new high ground for the movement. A renewal of the recent demand seemed to be influenced by the failure of weather reports from the Southwest to show as much improvement as expected, and a comparative scarcity of contracts after early offerings had been absorbed.

Active months sold 35 to 47 points net higher and the midafternoon market was within 3 to 10 points of the best.

International Re-Insurance yielded ½ to 55½.

Pacific Gas and Electric advanced 1 1-4 points to 71½. Douglas Aircraft lost a full point to 36 and Emsco Derrick marked another new low at 30½, off 1 3-8. Excepting California Bank, which eased ½ to 137, bank shares held steady.

Sales totaled 46,637 shares valued at $1,037,515; previous day 36,196 shares valued at $1,233,466.

NEW YORK BOND PRICES

NEW YORK, July 19. (AP)—Trading fell off in today's irregular bond market as interest lagged in the convertible list. Reactionary tendencies marked the course of the early dealings, but a spurt in American I. G. Chemical 5½s and easier money attracted some buying and the market improved, closing generally higher.

Money developed an easier tone by mid-day as a good supply of funds came into the market. Call money renewed at 9 and dropped 7 per cent for over the week-end. Time money held at 7¾ per cent.

American I. G. Chemical 5½s, which yesterday broke through to a new high ground at 118, opened at 116½, slipped off to 115 and then mounted to 120¾, where they closed for a gain of 2¼ points. Public Service Corporation of New Jersey 4½s again were whirled upward, soaring 10 points to close at a new high at 270. The stock also established a new top.

Railroad bonds with stock privileges continued to attract a good following. The New Haven convertible debenture 6s and convertible regular 6s and Southern Pacific 4½s followed their stocks into high ground. The New Haven regular convertible 6s jumped 10 points and the debenture 2. Allegheny Corporation 5s of 1949 moved up 1¾ to a new high at 110¾. Atchison convertible 4½s rose 2¾.

Selling pressure was lifted from International Telephone convertible 4½s and they moved up 2¾, while American Telephone convertible 4½s lost a fraction.

All the United States government obligations sold off in a thin market. The foreign list was dull.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in the order given. To expedite transmission, the close is omitted when the same as the low, and both low and close when same as high.

LOS ANGELES CURB

Speculative interest continued to center about Hancock Oil in yesterday's session on the Los Angeles Curb Exchange, as the stock was forced to another new peak price at 55 1-4, up 1 1-4 points. Trading in the issue again led the activity of the market, but selling at the high point brought the price back to 54 at the close, up 1-4 net.

Mexican Seaboard was subjected to considerable liquidation and continues its downward trend with a drop of 7-8 to 39½, having touched a low for the day at 34. The activity in Kinner Airplane and Motor was well sustained, the stock advancing 15 cents to 2.20. Kinner warrants firmed up 5 cents to 1.05. Excepting the mines, trading in the balance of the list was particularly quiet and no changes of consequence were recorded.

Sales totaled 202,215 shares, valued at $470,254; previous day, 118,073 shares, valued at $451,237.

Wheat Futures Off Sharply on Heavy Selling

CHICAGO, July 19. (AP)—Top-heavy under enormous speculative holdings acquired on recent steep upturns, the wheat market reeled downward today, especially at the finish. Some moisture relief in Canada and predictions of a general rainfall there tonight gave a material advantage to the selling side of the market and final quotations were at the day's bottom level.

Wheat closed heavy, 3⅛@4⅛c net lower; rye 6¼@6⅝c off, corn ⅝@1c down, oats showing ⅝@1⅛c decline and provisions varying from 5c setback to a rise of 12c.

Only during brief intervals in the early dealings did the wheat market prove favorable to the hosts of traders who were straining might and main for higher prices. Temporarily, transient gains at Liverpool stimulated fresh buying here and so too did adverse crop reports from Argentina and Australia, together with renewal of 100 deg. temperatures in Canada. Speculative ardor to purchase, however, had apparently become out of breath for at least the present, and the fact soon grew clear that the market was largely minus the aggressive support which of late had seemed to possess no limit. It was at this stage that word of showers in Canada tipped over the balance and sent values rolling downhill.

Announcement that the world's wheat crop was authoritatively estimated today at 12 to 13 per cent less than last year and the world supply, including the end-of-the-season carryover on the 1st inst., is 10 per cent short compared with a year ago, failed to check the tumble in prices. On the contrary, the market upset was accelerated by heavy hedging sales from the Southwest, presumably to finance newly harvested domestic wheat. Special notice was taken, too, of an embargo at Galveston, where 4000 cars of wheat are waiting on railroad tracks, with 2000 more cars heading toward there for an outlet. Meanwhile, export business in wheat from North America was again asserted to be slack.

Rye, corn and oats worked lower, influenced by wheat weakness and by favorable crop reports as to corn.

Commission-house buying of lard gave relative firmness to the provision market.

IRREGULAR TONE ON STOCK MART

(Continued from Tenth Page)

merger announcements, took such issues as American Power and Light, Detroit Edison, Public Service of New Jersey, Engineers' Public Service, National Power and Light, and Standard Gas and Electric up 2 to 6 points to new highs. United Gas Improvement sold up about a point into new high territory, and United Corporation was heavily accumulated.

RAIL ISSUES SOAR

In the rails, New York Central was sent up nearly 9 points to a record price at 241, and New Haven, Lackawanna, Delaware and Hudson, Union Pacific and Kansas City Southern rose to new peaks. Atchison was depressed about 4 points for a time, but rallied to close up a point, net. In the industrials, General Electric made an extreme gain of more than 5 points, and Radio rallied about 3 points, only to lose most of its gain.

Motors were still generally inclined to heaviness, Hudson failing to respond to its earnings report. Studebaker, however, sold up about 3 points. Oils did little, Pan American B losing a point in realizing. Air Reduction, American Bank Note, Allis Chalmers, Du Pont, United Aircraft, and International Harvester were among issues closing from 2 to 6 points lower.

Commodities were irregular. Wheat again reacted, losing 3 to 4 cents of its recent gain on reports of much-needed rain in Canada and forecasts of rain in the American Northwest. Corn sagged about a cent on bearish weather. Cotton, on the other hand, was bid up more than $2 a bale when weather reports failed to bear out bearish forecasts. Closing prices showed net gains of $1.35 to $1.90.

Foreign exchanges eased, sterling cables dropping back to $4.85.

two feet after penetrating a small body of hard shell at 9042 feet.

Recementing

The Milham Exploration Company is recementing eighteen and five-eighth-inch casing in its Kern No. 6 deep test for oil at Buttonwillow. Bottom of the hole is at 2350 feet.

Milham's Crites No. 1, shallow test for gas in that district, is coring ahead below 2618 feet, and reports state that it will near completion after an additional 100 feet of formation has been penetrated.

Drill Twists Out

The drill pipe twisted off in the Western Gulf Oil Company's Hollister No. 1 wildcat, at the foot of Gaviota Pass, in Santa Barbara county, but little difficulty was had in left-handing it off, according to field reports. The hole is being cleaned out preparatory to making a casing test, with bottom of the hole at 3115 feet.

This test blew out a few weeks ago at the rate of about 25,000,000 cubic feet of gas per day, with a slight showing of oil and then was recemented for a water shut-off test.

Drill Frozen

Four and three-quarter-inch drill pipe is reported to be frozen in the Elliott No. 12-8 well, of the Marland Oil Company, at Kettleman Hills. While drilling at about 6510 feet, the drill froze and efforts are being made to loosen it by circulating oil.

Recemented

The Marland Oil Company's Bixby No. 28, at Seal Beach, has just been recemented at 5690 feet at the top of the Bixby sand, and drilling will be resumed soon to pick up the Wasem sand, reports state.

NEW YORK CURB STOCKS

NEW YORK, July 19. (AP)—Major speculative operations in today's curb market were again on the up-side, with the public utility and investment trust issues attracting the most interest. Little attention was paid to the increase in Federal Reserve brokers' loans to a new high level and the continued firmness of the time money rates, the rise being predicted on the high rate of industrial activity, the excellent character of current earnings statements and favorable merger and dividend rumors.

American Super Power was the leader in the public utility division, moving up 4 points to a new high at 68 and then easing to 66 on a turnover of about 150,000 shares. Central States Electric issues, National Electric Power A, Portland Electric and United Gas Improvement also eclipsed their previous top prices. Electric Bond and Share fell from an early high of 146⅞ to 140¼ and rebounded to 141½, off 4½. Electric Investors closed 3 points lower after fluctuating over a range of about 10 points. Northern States Power A and Long Island Lighting were conspicuously heavy.

National Investors soared 13 points to a new high at 105 but lost about half its gain while the warrants soared 32½ points. Goldman Sachs Trading Corporation, which is reported to be negotiating for the Commercial Investment Trust, moved up more than 3 points. Haygart also was in good demand.

Merchants and Manufacturers Securities, which is dealt in chiefly in Chicago, crossed 32 to a new peak on unconfirmed rumors of important developments next week. Procter & Gamble, which sold off recently on the announcement of a five-for-one stock split-up, shot up nearly 5 points to a new high at 451 and eased to 445 while the new stock closed 5 points higher at 90½ after having touched 94. Westark Radio jumped nearly 10 points on a couple of sales.

Blaw & Knox, Sidney Blumenthal, Guardian Fire Insurance, Pennroad, Raybestos, Standard Steel Propeller and Prudential Investors were among the miscellaneous issues to reach new top prices. Trunz Pork Stores sank to a new low.

The closing price is omitted when same as the low and both low and close when same as the high.

METAL MARKETS

CLEVELAND, July 19. (Exclusive)—Daily Metal Trade today says: Steel sheet statistics for June issued today reveal that the industry continues in a favorable position with order back logs of independent producers amounting as of July 1 to 221.1 per cent of plant capacity against 210.1 per cent one month before.

Sales increased sharply in June although production and shipments declined moderately from the May peak, reflecting in large measure the continuing high activity of the automotive industry.

Stocks increased after having touched the low point of the year at the end of May. Strip steel order back logs are being reduced at Pittsburgh with operations continuing to hold at capacity.

Star Awarded to Feland for Nicaragua Work

WASHINGTON, July 19. (AP)—Brig.-Gen. Logan Feland, Marine Corps, has been awarded the Distinguished Service Medal star for "exceptionally meritorious service" as commanding general of the Second Brigade of Marines in Nicaragua from February, 1928, to March, 1929.

Gen. Feland recently was appointed commandant of the department of the Pacific with headquarters in San Francisco. He already wears both the Army and Navy Distinguished Service Medals, awarded for service while in command of the Fifth Regiment of Marines on the French front during the World War. He also holds, for extraordinary heroism during the World War, the Distinguished Service Cross, worn by no other marine officer of high rank.

SAN FRANCISCO, July 18. (Exclusive)—Brig.-Gen. Loan Feland arrived here today to take command of the Department of the Pacific, United States Marine Corps. Gen. Feland succeeds the late Maj.-Gen. Eli K. Cole, who died here suddenly the 4th inst. from heart disease.

New Narcotics Agents Named

WASHINGTON, July 19. (AP)—Assignment of six new inspectors to foreign ports to aid in checking narcotic shipments to the United States was announced today by the customs bureau.

Five of the new agents, it was said, will be assigned to European duties and one to Shanghai.

The action of the bureau, the bureau said, will increase the effectiveness of the foreign forces in furnishing information as to proposed attempts of smugglers to take narcotics into the United States.

Bail Denied Pair in Rum Shooting

TECUMSEH (Okla.) July 19. (AP)—State District Judge Johnston today denied bail to W. W. Thomason, Federal prohibition agent, and Jeff D. Harris, "undercover man," held for trial on murder charges growing out of the shooting of James Harris and Oscar Lowery, farmers, the 4th inst.

ALL-WOMEN JURY WILL TRY MOTOR SUSPECT

SACRAMENTO, July 19. (AP)—The case of West Thresher, charged with the theft of an automobile, will be tried in Sacramento County Superior Court and determined by a jury composed entirely of women—the first all-woman jury in the history of the county courts. Thresher's attorney today exercised eight challenges in weeding out prospective male jurors from the box and will go to trial before the twelve women next Tuesday.

NOTICIAS MUNDIALES DE ULTIMA HORA

NOTAS TELEGRAFICAS

Violento Incendio en la Ciudad de Angora

CONSTANTINOPLA, Julio 19.—Gran parte de la ciudad de Angora quedó hoy desvastada por las llamas. A las 2 a.m. se declaró el incendio, y, fomentado por fuerte viento, se extendió rápidamente.

Tras haber ardido el fuego ocho horas, pudo ser dominado. Entre los edificios destruidos se recogieron seis cadáveres carbonizados. No se ha hecho todavía la lista de las casas quemadas; pero se estiman en más de mil las tiendas y residencias consumidas por el incendio. La pérdida económica será pues de gran consideración.

Ghazi Mustapha Kemal, presidente de la República, se presentó en la escena del siniestro a las 3 a.m., y personalmente dirigió las maniobras de los bomberos.

Ha quedado destruida la mayor parte de la vieja y pintoresca ciudad de Angora, e igual suerte corrió el mercado. Las llamas pudieron ser atajadas en el preciso momento en que habían llegado a la ciudad nueva.

Mucha Gente Ofrece a Morrow su Colaboración

CIUDAD DE MEJICO, Julio 19.—Las noticias que han publicado los periódicos de Méjico y Estados Unidos, de que el embajador Morrow ha estado comprando vastos terrenos y derechos de agua en Méjico, ha dado lugar a que de todas partes le estén dirigiendo cartas y telegramas, pidiéndole trabajo en sus negociaciones.

Los solicitantes de empleo le ofrecen trabajar en lo que a mano venga, desde ordeñar una vaca hasta administrar grandes haciendas. Muchas de las solicitudes proceden de mejicanos que se hallan en los Estados Unidos y desean volver a su patria.

Las comunicaciones referidas han ocasionado no poca sorpresa en la embajada, donde se asegura que todo lo que posee el embajador en Méjico es el medio acre escaso de terreno, que constituye el solar de su casa de campo en Cuernavaca, por la que pagó $6000. En cuanto a lo de que haya comprado saltos de agua por cuenta de la General Electric Company, es pura fábula. Lo que entre sus bienes se acerca más a energía hidráulica, es la piscina natatoria que tiene en el patio trasero de su residencia de Cuernavaca.

Nueve Muertos en una Catástrofe Ferroviaria

STRATTON (Colorado), Julio 19. Después de más de treinta y seis horas de trabajos de descombro en el sitio donde descarriló el Expreso de Colorado, han anunciado hoy los altos empleados del ferrocarril que el tributo pagado a la muerte ayer, a tres millas al oeste de aquí, en la hecatombe del citado tren del Chicago, Rock Island and Pacific, ha sido de nueve personas muertas y una desaparecida. Para esta noche se espera la reanudación del tráfico sobre esa vía férrea, pues las cuadrillas de operarios casi han terminado un nuevo puente.

El coche Pullman, que se precipitó al arroyo, que reventaba de agua debido a un furioso y repentino turbión, ha sido objeto de cuidadosa requisa en busca de cadáveres. Todos los que en él se hallaban fueron removidos. El siniestro se debió a la caída de un puente de cincuenta pies, cuyos aproches se hallaban debilitados por la lluvia.

Entre los nueve muertos figuran los dos mozos negros del Pullman, que no han podido ser identificados.

La señorita Julia Carlie, hija del señor y la señora George F. Carlie, iba con sus padres en el tren. Los cuerpos de éstos fueron recogidos; pero de ella no se ha encontrado huella alguna. La compañía la hace figurar meramente como desaparecida.

Guerra en el Mercado de Sandías Provocada por una Travesura

LA GRANDE (Oregon), Julio 19. Un chico de Enterprise (Oregon) borró por travesura, en el escaparate de una tienda, la fracción del número que marcaba el precio de las sandías, y esa picardía infantil precipitó una guerra de precios, que hizo bajar la jugosa fruta de 3 1-2 centavos a 1 centavo la libra.

Al ver un tendero que el de enfrente había rebajado medio centavo en el precio, puso él sus sandías a 1 1-2 centavos la libra. Un tercer tendero aceptó el reto, y empezó a vender sus sandías a centavo la libra.

Los compradores comenzaron a arrebatarse la fruta en el ansia de aprovecharse de la ganga, y para el oscurecer no quedaba una sandía en el mercado de Enterprise.

NOTAS LOCALES

La Ultima y Más Tremenda Guerra de Todas

La última y más furiosa guerra que va a librar la humanidad no será de una nación contra otra, sino del género humano contra los insectos. Tal es la opinión de los fríos y reposados hombres de ciencia. Y será guerra sin cuartel ni armisticio, hasta que uno de los combatientes no quede completamente derrotado. Si pierde el hombre, queda expuesto a extinguirse por hambre.

Esta guerra no ese cosa nueva; pero ha cobrado ahora caracteres tan feroces, que el hombre, cogido de sorpresa, ha estado perdiendo los más reñidos encuentros. En todos los sitios del globo, los ejércitos de insectos han estado burlando los infructuosos esfuerzos humanos con que se ha tratado de atajar sus destrozos. Los principales productos alimenticios de América se hallan ahora amenazados por tupidas hordes de estas plagas de diminutos enemigos.

En una series de artículos, a partir de mañana, hará el señor John Steven McGroarty, notable escritor de The Times, la dramática descripción de esta guerra final de los hombres contra su mayor enemigo. Acaba de regresar el señor McGroarty de una investigación personal de varias semanas en Florida, donde ha estado estudiando la mosca de la fruta, que constituye un peligro nacional, de cuya terrible gravedad no se ha dado cabal cuenta más que el grupo de sabios que se hallan en aquel estado combatiendo la plaga. El señor McGroarty dirá la verdad desnuda acerca de esta calamidad, a fin de que todo el muno se ponga en guardia contra algo que está amenazando la existencia misma de la humanidad.

MOFFETT CONSIDERS BASE SITES

Aeronautics Bureau Chief Studies Proposed Homes in North for Dirigibles

SAN FRANCISCO, July 19. (AP)—Eligible sites for establishment of a $5,000,000 Pacific Coast naval dirigible base were considered here today with Rear-Admiral William A. Moffett, chief of the Bureau of Aeronautics, and other officials meeting in the offices of the Twelfth Naval District headquarters.

Admiral Moffett said the report must be filed with the Congressional Committee on Naval Affairs by September 1. "We expect Congress to act next winter," he said. "We need a new base for the stationing of the giant dirigible under construction. We must have at least 1000 acres, more if possible, and 2000 acres would be desirable. The land must be good, hard, well drained, and near a railroad."

Meeting with Admiral Moffett and members of the naval board appointed to inspect the sites were representatives of the Junior Chamber of Commerce of San Francisco, who presented a list of San Francisco Bay and Northern California sites. The naval officers will leave for Los Angeles within the next few days where similar meetings will be held.

BODY FOUND IN BAY

EUREKA, July 19. (AP)—The body of A. Alvorsen, 47 years of age, a painter, missing from his home here since the 7th inst., was found floating in Humboldt Bay yesterday.

Morrow Given Offers of Aid on "Vast Estates"

MEXICO CITY, July 19. (AP)—Published reports in Mexican and United States newspapers that Ambassador Morrow has been acquiring vast land and water properties in Mexico have brought a flood of applications, letters and telegrams from people who want to work for him.

The job hunters want to do everything from milking cows to managing large haciendas. Many of the applications are from Mexicans in the United States who wish to return to their home land.

The communications have occasioned considerable surprise at the Embassy, where it is stated the Ambassador owns less than an acre of land in Mexico, that being the plot on which his country home at Cuernavaca is located and which cost him $6000. As for "purchasing waterfalls on behalf of the General Electric Company" it is said the nearest thing to water power he owns in Mexico is the swimming pool in the back yard of the Cuernavaca place.

FAMILY HEAD SUICIDE AFTER SHOOTING FIVE

PETALUMA, July 19. (AP)—Everett Meeks, 30 years of age, a mill worker, shot and wounded his wife and their four small children and then ended his own life here last night, after the family had returned from an automobile ride. Mrs. Meeks and the children are expected to recover. Mrs. Meeks could suggest no motive except that her husband may have been worried over the possible loss of his job.

FATAL FASCINATION FAMILY FAILING

Comely Cousins' Charms Compel Close Comparison

Quintet's Quality Quaint

Left to right—Maurice Hostettler, Nadine Hostettler, Bessie Hostettler, Helen Hostettler and Camille Hostettler.

FIVE comely cousins, of such striking similitude that even their mother and aunt could not distinguish between them on the beach at Waikiki, were among the 321 passengers returning from Hawaii yesterday aboard the Lassco liner City of Honolulu.

They were the Misses Hostettler of Beverly Hills; two sisters, Camille and Nadine, and their cousins, Maurine, Bessie and Helen. But two years separate the ages of the five, all having been together in school from their kindergarten days in Lincoln, Neb., to the present prep school days at Beverly Hills.

Mr. and Mrs. James Hostettler, parents of Camille and Nadine, accompanied them on the Hawaiian tour.

Capt. George Zeh, commander of the City of Honolulu, was at a loss to identify them by name yesterday while they were awaiting immigration landing cards.

HOTEL SALE AND LEASING ANNOUNCED

St. Regis Changes Hands in $900,000 Deal, Then Taken by Chain Group

Sale of the height-limit St. Regis Hotel, together with several adjoining structures at the southeast corner of Sixth and Witmer streets, for $900,000 was announced yesterday by Fred Elliott, Inc., former owner of the property. The purchaser is a local syndicate whose membership is not revealed.

Simultaneously the hotel, garage and several store buildings were leased by the syndicate to Consolidated Hotels, Inc., for twenty-five years. While the lease was made on a percentage basis, it is estimated that approximately $2,000,000 will be returned to the new owners in rentals over the period of the lease.

Carson-Hardebeck & Co., hotel brokers, represented both the syndicate and the hotel chain organization, which now operates more than 100 hotels and apartment-houses. Severcool & Edmunds held the lease on the St. Regis prior to yesterday's deal.

The St. Regis is a Class A structure containing 250 rooms. Under the new management it is proposed to change the name to the Hotel Teris. Albert M. Wheeler has been appointed resident manager. The lessors expect to spend $40,000 immediately on improvements and renovations.

The property has a frontage of 155 feet on West Sixth street, 115 feet on Witmer street and 165 feet on the east property line.

LECTURE ANNOUNCED

Mt. Olive Methodist Episcopal Church, 1548 North Normandie avenue, is announced as the scene of a dinner and lecture at 6:30 p.m. Monday. Dr. E. E. Helms will speak on "The Funny Side of Foreign Travel."

CLUB NAMES H. D. IVEY TREASURER

Bank President Elected by Athletic Organization to Succeed J. Dabney Day

Herbert D. Ivey, newly elected president of the Citizens' National Trust and Savings Bank, was further honored yesterday when the board of directors of the Los Angeles Athletic Club named him as a director and later elected him treasurer of the Seventh-street institution to take the place made vacant by the death of J. Dabney Day.

HERBERT D. IVEY

At the same meeting the directors made the club the largest in the world by ratifying the merger of the Hollywood Athletic Club and the Santa Monica Athletic Club. Besides the parent club the Pacific Coast Club of Long Beach, the Riviera Country Club and the Palo Verde Gun Club belong to the group. The membership is between 4500 and 5000.

The office of treasurer is regarded as one of the most important in the club and the selection of Mr. Ivey was considered carefully, directors announced. Mr. Ivey was elected last week to the presidency of the Citizens' bank, where twenty-five years ago he started his banking career as a messenger boy.

He has been active in affairs of the athletic club for years. In view of the tremendous responsibility of financing the Olympics in 1932, of which he will have an active part, his selection is viewed as of more than ordinary importance by the directors, they declare.

ROL CHIEF UP TO SNOOK

on of New State Organization Head Awaits Conference With Gov. Young Monday

Col. Frank G. Snook, superintendent of the State Division of Vehicles, was called to Sacramento yesterday before he could Gov. Young, who returned to Los Angeles late Thursday San Diego, no announcement of the appointment of a newly created State motor patrol will be forthcoming until Monday at least.

The matter of the appointment of the head or director of the new State motor patrol organization will be left very much in the hands of Col. Snook, as head of the State Division of Motor Vehicles, the Governor declared.

"It is, of course, very necessary that the man who heads this organization should be an extremely high type. He should be a good executive, understand the directing of large groups of men and be thoroughly conscientious. The right man can make of this new State department a splendid success and the wrong man can discredit it," Gov. Young declared.

"But while I have read that Mr. Biscailuz, Los Angeles undersheriff, has been strongly suggested for the post, I am in no position to say that he will be the appointee. Col. Snook telephoned me today that he was leaving for Sacramento to discuss the matter with Director Meek of the State Public Works Department, and that he will confer with me, perhaps Monday. I am leaving the matter of selecting the right man entirely up to Col.

Retired Actress' Funeral Today

Funeral services will be conducted at the Little Church of the Flowers at 11 a.m. today for Fanny Yantis Stockbridge, retired character actress, who died Thursday in a Glendale hospital. Interment will be in Forest Lawn Mausoleum.

Mrs. Stockbridge played in stock at the Morosco Theater for years. She was 57 years of age. Born in Baker City, Or., she had resided in Southern California since 1904. She leaves her husband, Henry Stockbridge, actor, and two brothers, Robert and Edward Misener.

FAHY SETS NEW SPEED MARK IN AIR

Flight from Clovis, N. M., Made at Average Rate of 189.5 Miles an Hour

The fastest time ever recorded for a commercial plane was made yesterday by Herbert Fahy, chief test pilot for the Lockheed Aircraft Company, on a 900-mile flight from Clovis, N. M., to the Lockheed test field at Burbank, officials of that concern report.

Fahy, who was forced down by oil trouble on his recent attempt to lower the transcontinental nonstop record, landed at the Burbank field shortly after 1 p.m. According to officials at the field, his take-off from Clovis was clocked officially and the time required to complete the trip was 4h. and 45m., an average of 189.5 miles an hour.

On his arrival here the Lockheed pilot said he will make another attempt at a transcontinental round-trip record as soon as a change can be made in one of the oil tanks on his Lockheed Black Hornet speed plane.

For two hours yesterday, he said, he flew blind with his head below the cowling and eyes on his navigating instruments, to check their accuracy. He bucked a head wind most of the way.

Funeral Set for Law Publishing House Manager

Funeral services for George E. Mills, for more than twenty-one years Los Angeles manager of the Bancroft-Whitney Company, law book publishers, who died yesterday morning at his residence, 214 South Van Ness avenue, after an illness of several months, will be conducted tomorrow at 3 p.m. at Bresee Brothers chapel, 855 South Figueroa street. Cremation will follow.

Mr. Mills was a member of the bar and had a wide acquaintance among the members of the legal profession of California. He was 60 years of age.

He leaves his widow, Mrs. Belle Haecker Mills, and a sister, Miss Mary Mills, who resides at the family home on Van Ness avenue.

Record Flyers Hop for North

Leaving the scene of their recent great triumph behind them, Loren Mendell and R. B. (Pete) Reinhart, hopped off from the Culver City Airport yesterday morning for San Francisco, where they will fulfill a week's vaudeville engagement.

The new world's endurance air champions flew in their Angeleno, Jr., Buhl Airsedan presented them by the Buhl factory in recognition of the record feat of more than 246 hours of sustained flight recently from the Culver City field.

Plans for a proposed try at a transcontinental round trip refueling flight still are under consideration.

FILIPINOS PLAN PARLEY

Managers of 144 branches of the Filipino Federation of America from all parts of the West, Hawaii and the Philippines will gather in Los Angeles on October 29, next, for preconvention sessions preliminary to the third national assembly here December 23 to January 1. President Moncado said the national gathering is expected to bring 20,000 Filipinos to Los Angeles.

TRAFFIC TAKES LIVES OF FOUR

Two Killed Last Night and Two Victims Die

Baker Injured Fatally When Hit by Street Car

Aged Woman Pinned Under Auto in Collision

Two persons were killed last night in traffic accidents, while a boy injured the preceding night died of his injuries during the day. A detective lieutenant was injured by a driver whom he chased and arrested, and a small boy was hurt in the upset of an automobile which coasted down Bunker Hill.

F. Langsworth, about 50 years of age, a baker, who lived at 3701 West Pico, was injured fatally last night while walking across Pico street at Third avenue. Detective Lieutenants Craig and Peterson reported that Langsworth was struck by a Los Angeles Railway car in charge of Motorman Fligdenstriker and Conductor Ritter. Langsworth received a basal skull fracture and died shortly after being taken to Georgia-street Receiving Hospital.

AGED WOMAN KILLED

Mrs. J. D. Todd, 86, 286 A. Fourth avenue, Long Beach, was killed instantly last night at Long Beach, when a car driven by her son, Clement Todd of Corona, collided with a small delivery truck owned by the Associated Telephone Company at East Second and Belmont avenue. The aged woman was pinned beneath the wrecked car. The truck was driven by Wesley J. Thomas, 1130 Raymond avenue, Long Beach, according to police report.

James McCormick, 54, 342 South Avenue 60, died last night at the General Hospital from injuries received when he was struck by an automobile driven by Charles Calland, 6004 York Boulevard, on July 16. According to the police report of the accident, McCormick was said to have stepped into the path of the automobile in the middle of the 6100 block on Pasadena avenue. No charge has been filed against Calland.

Robert Berru, 9, of 431 Gless street, died at Georgia-street Receiving Hospital yesterday as a result of injuries received Thursday night when he was struck by a hit-and-run driver. The accident occurred at Fourth and Gless streets.

HIT-RUN CHARGE

Cut by flying glass last night after his sedan had been sideswiped, Detective Lieutenants Frank L. (Lefty) James chased the other driver a mile and a half, and arrested him. James was driving in Hill street toward Central Station when at Temple street, he reported, a car darted past at high speed, side swiping his sedan and shattering all its glass. Bleeding profusely, James pursued to Fifth street and Fremont avenue, where he overtook and arrested the driver, Harold A. Hall, 29, 941 Phelps avenue, and his companion, Joe Martini, 21, 169 1-2 North Bunker Hill avenue. Phelps was booked as a hit-and-run driver, Martini was booked for Wright Act violation, possession of less than a quart of liquor, and James had his wounds treated.

Manuel Rios, 5, 837 Lyon street, was left alone in his father's automobile when the father, Marcello Rios, parked the machine in front of 840 Bunker avenue. The car coasted down the hill, struck a curb and overturned with little Manuel, whose ankles were sprained. He was treated at the Receiving Hospital.

WALLA WALLA MAYOR JOURNEYS HOMEWARD

Mayor McCrosky of Walla Walla, Wash., left Los Angeles last night to return to his home city after a visit of several weeks with his brother-in-law and sister, Mr. and Mrs. W. E. Orrison of 2880 Rock Glen avenue. He came here as a representative to the Elks' Grand Lodge and since the convention has been sightseeing in the Southland. This was Mayor McCrosky's first visit to Los Angeles in several years. He expressed amazement at the city's expansion.

NEW COURT OPENS HERE NEXT MONTH

Chief Justice Waste Names Three to Preside in City Appeals Tribunal

A new Court of Appeals which will have final jurisdiction over cases from Los Angeles county municipal and justice courts will begin sessions here August 14, having been created by a statute passed at the last session of the Legislature.

Chief Justice Waste of the California Supreme Court yesterday appointed three Superior Court judges to sit in the new court.

Victor R. McLucas will be the new Chief Justice, and his associates will be Hartley Shaw and Edward T. Bishop. The Board of Supervisors next week is expected to designate a courtroom for the use of the Municipal Appeals Court and Gov. Young will appoint three judges to the Superior Court to replace those who received the Appellate Court appointments.

Nominations by Mayor Approved

Mayor Porter's nomination of Mrs. Charles S. McKelvey to the Board of Pension Commissioners, and Mrs. Jules Kauffman to the Municipal Art Commission, were confirmed yesterday by the Council.

This fills six vacancies among the seventeen on the city commissions.

RADIO MEN HEAR LAFOUNT

National Commissioner Declares That Rules Must Be Obeyed and Tells of Wireless Progress

"Radio stations must follow the instructions of the Radio Commission," said Federal Commissioner Harold A. Lafount yesterday morning before nearly four hundred members of the Radio Trades Association in the Breakfast Club pavilion on Riverside Drive.

"One of the rules and regulations," said the commissioner, "is that broadcasters must announce phonograph records as such instead of trying to fool the public.

"My office in Washington informs me," he said, "that thirty-five dictaphone records are waiting for me. These were taken in Los Angeles where interested parties have made recordings of programs from various stations.

"They listen to the broadcast over a receiving set and the records are faithful reproductions of what actually is going on out here."

POPULARITY GROWS

A year ago radio manufacturers spent some $650,000,000 to manufacture 2,500,000 sets, and this year the figures will be practically doubled, asserted the speaker.

One of the features of radio in this country, he said, is the fact that no taxes are made on listening. In England, he said, the people pay $160,000,000 annually in license fees for the privilege of listening in.

The broadcast of programs from the British Isles will be an actuality in the fall, said the commissioner. But, he said, the programs will not be at all equal to California music and talks. Although international programs will be novel, and will appeal to people who want to hear from their home country, there is no comparison with radio programs here and across the water, Mr. Lafount said.

California now has more radio facilities than any other State, not even excluding New York State, and Southern California programs are equal to those anywhere else, except in New York City, he declared.

CHIEF CONCERN

On his arrival here and before going to the Breakfast Club Mr. Lafount gave out an interview in which he declared radio broadcast, as the home fan knows it, is not the outstanding object of the Federal Radio Commission's present interest.

SILENCE BALKS BRIBERY INQUIRY

Clarke and Newport Refuse to Talk for Jury

Former's Abrupt Switch Shock to Fitts

Hearing in $50,000 Asserted Offer Resumes Monday

Refusal of Robert D. Clarke, former court clerk, to talk when taken before the grand jury yesterday afternoon suddenly halted an investigation into his purported confession of a $50,000 bribery plot to influence a decision of Municipal Judge Stafford.

The abrupt switch in the attitude of Clarke was a distinct shock to Dist.-Atty. Fitts and came after the prisoner had been escorted from his jail cell to the jury chambers, where he met F. P. Newport, president of the F. P. Newport Company, real estate operators, who had been taken to the grand jury witness room for questioning.

SUBPOENA SERVED

Newport is the defendant in a civil suit around which the asserted bribe offer is reported to revolve and his failure to answer a telephonic summons to appear before the grand jury resulted in the serving of a forthwith subpoena by Investigators Wheeler and Armstrong from the District Attorney's office. The summons was served at Balboa Beach, the investigators said, and they escorted the real estate man to the Hall of Justice. He was called before the jury but is understood to have refused to answer questions, standing on his constitutional rights.

Clarke shook hands with Newport but there was apparently little cordiality in the meeting and few words were exchanged. Others in the witness room awaiting the call of the jury were Judge Stafford with whom Clarke is asserted to have held conferences in which a large sum of money was to be made available if the jurist would change a decision in a civil suit, and Chief of Investigators O'Brien and Assistant Chief Matthews, who are said to have overheard conversations between the judge and Clarke.

ADVICE SOUGHT

Judge Stafford was called first and after a few minutes, Fitts asked Clarke to step into the jury chambers. The former clerk was in the room less than three minutes and the District Attorney, the judge and Clarke held a hasty consultation. It then developed that Clarke desired advice from Nod Mulville, an attorney, who also is the referee in Municipal Court, before telling his version of the bribery ramifications, to which he is asserted to have confessed.

The conference failed to shake the adamant stand of Clarke and he was ordered returned to his jail cell.

Following the adjournment of the grand jury it was learned the inquiry will be resumed Tuesday and that Newport was instructed to appear again for questioning.

ARRESTED THURSDAY

Clarke was placed in the County Jail Thursday following his purported confession of the bribe plot, which was first made known to the District Attorney by Judge Stafford. The attempted bribe, according to Judge Stafford, was offered in connection with a decision he had under submission in the suit of Charles O. Middleton against F. P. Newport, Security Trust and Savings Bank, and T. L. Dudley. The case, which he heard sitting in Superior Court, concerned the dissolution of a partnership between the contesting parties and more than $1,000,000 was involved, Stafford said.

The tender of the bribe is asserted to have been made by Clarke, who formerly was a clerk in Stafford's court but who resigned to make the race for Councilman in the Second District at the primary election, on representation that he was in the employ of the F. P. Newport Company, and could make a carte blanche offer not to exceed $50,000 for a decision favorable to the real estate organization.

Weather to be Pleasant Over City's Week-end

A pleasant week-end for the Los Angeles area was indicated in the forecast issued yesterday by Col. H. B. Hersey, in charge of the local office of the United States Weather Bureau.

Although the general feeling was that yesterday was a little cooler than the day before, the opposite was revealed by the temperature readings. The maximum yesterday was 82 deg. reached at 12:30 p.m. The day before the corrected maximum was given as 81 deg. The humidity yesterday was only 50 per cent, and the day before it was 54. Yesterday's minimum temperature was 61 deg., reached at 5:30 a.m.

The forecast for today calls for moderate temperatures, such as yesterday, with a little fog along the coast, which might roll in on the city proper. Yesterday there was a little fog over the harbor district.

The Weather Bureau joins with other governmental agencies in urging upon week-end mountain visitors to be extremely careful with camp fires and with smoking because of the danger from brush fires.

MAYOR BIDDEN TO BARBECUE

Through Councilman Barthel the Bay District Property Owners' Association yesterday extended an invitation to Mayor Porter and the Council to attend a barbecue and clambake on the beach at Del Rey next Saturday at 1 p.m.

by Harry Carr

THE Chamber of Commerce figures show that Los Angeles now rejoices in a population of 1,450,000. This must be a mistake, because I have counted about twice that number on Wilshire Boulevard between 5 and 6 o'clock, and they were all trying to run over me.

IT'LL BE A WHALE

Nevertheless—whether the C. of C. is right or I am—no one can doubt the fact that Los Angeles will be one of the largest cities in the world. In fifty years it will stand with the first three.

Even as it is now, it virtually is one city from Balboa to Santa Barbara.

THE FUTURE

The problem of the future is whether it will be a vast community like London, made of four or five different city and county governments; or whether it will be merged into one communal system—to all intents and purposes a city republic. In any case, it will have to dig up a great deal more water than it has now.

ERUDITION FOR JANITORS

It goes without saying that our lives and our treasure and our last drop of blood should be staked to defend the solemn principle that nobody should be a janitor at the City Hall without passing the civil service examinations. But I have a faint curiosity as to what examination is given to insure proper qualifications for swabbing down the floors and picking up the Councilmanic cigar butts.

A PROBLEM TO SOLVE

The fainting of an aviator caused a fatal accident one day this week. This is another problem that will have to be solved . . . the flying craft that brings itself safely down when something happens to the engineer.

Some of the most obvious things however, have never been invented.

For instance, an automobile that will not stall. The motor designers can never contentedly call it a day's work until a gasoline motor will keep on going like a steam engine.

GUNMEN

There is one sight that never fails to induce wonderment as to whether we are living in the caveman days or in modern civilization. This is the arrival of the money car at a bank—armored automobiles—guards with rifles—special cops with drawn revolvers. In spite of these primeval precautions the bandits seem to get the plunder whenever they feel inclined. You can count on your fingers the bank robberies that have failed.

PRIMITIVE

We seem to be coming back to the spring of the world again—having made the great circle. We read that army training has become so scientific that—in the officers' training schools—they are going back to bows and arrows as a means of doing something or other to the military brain. I doubt if they know themselves; but archery is a lot of entertainment, anyhow.

BOWS AND ARROWS

The archery experts tell me that the Indians, whose living depended upon their prowess with a bow and arrow, weren't very good at it. Their success was due more to their knowledge of animal life

Mother Confesses Driving Automobile After Bank of Italy Branch Robb

BROTHER NAMED AS ACCOMPLICE

Mrs. Sterling Makes Clean Breast of Hold-up

Identifies Two Men Accused in Indictments

Aids Police in Recovering Her Share of Plunder

After stoutly maintaining her innocence for more than two weeks, Mrs. Marie Sterling, comely 26-year-old mother of a 5-year-old son, yesterday confessed to Detective Lieutenants Bergeron and Wilson of the Wilshire division that she was the driver of the automobile in the $1800 hold-up of a Bank of Italy branch at West Adams street and Orange Drive on the 3rd inst.

At the same time she revealed that $447, her share of the stolen funds, probably still is lying in a vacant lot next to her address at 1643 South Orange Grove avenue, where she had tossed it, wrapped in a newspaper, when detectives knocked on her door to question her shortly after the robbery. The officers went to the lot and recovered the money.

NAMES TWO MEN

Mrs. Sterling broke down after repeated questioning on the part of the detectives, who declared they never have had any doubt of her complicity in the hold-up. The confession followed shortly after the woman was confronted with statements of bank officials that a picture of her son was that of a boy who had been seen in the bank with her the day before the robbery.

The accused mother further disclosed that the two men she drove to and from the bank and who still are being sought by police are her brother, Leroy Coffman, 25, and E. A. Nelson, 30. After the hold-up, she told the detectives, she drove the men some blocks from the scene, where they transferred to another waiting automobile, in which they followed her to the Orange Grove avenue address. There, she declared, they divided the spoils. When the detectives knocked on the door, having traced the car to her address through the license number obtained by witnesses, her brother and Nelson made their escape through a rear door, while she hurled her part of the money through an open window.

THREE INDICTED

The hold-up occurred at noon on the 3rd inst. Two men, who, Mrs. Sterling admitted yesterday, were Coffman and Nelson, thrust a scribbled demand for $15,000 through a teller's window to John Maharg, manager of the bank. Maharg handed them a roll of bills and they vanished, making their escape in the car at the wheel of which sat Mrs. Sterling, according to her confession. All three later were charged with robbery in grand jury indictments.

Mrs. Sterling yesterday insisted she does not know the whereabouts of Coffman and Nelson.

'Texas Gun Girl' Jumps Her Bail

Los Angeles police last night again were searching for Rudell Heath, this time on a bench warrant issued yesterday by Municipal Judge Ambrose when the Texas "gun girl" failed to appear for preliminary hearing on forgery charges. Her bail of $1500 was forfeited.

Her attorney, S. S. Hahn, told the court he believes that the girl, who attained notoriety here when she took five shots with a revolver at a "boy friend," has gone back to her mother's home at Houston, Tex.

TWO ROBBERS MAKE HAUL IN DRESS SHOP

Two robbers broke into Billy's Smock Shop, 1059 South Alvarado street, early yesterday, and stole 150 frocks valued at $2000. While the thieves were loading the dresses into a car at the door, pedestrians frightened them into hasty flight. Descriptions of thieves and car were reported to the police.

PRISONER IN ESCAPE TRY OVERTAKEN

Suspect Held for Trial Makes Dash for Liberty in Hall of Justice

Making a desperate effort to escape from custody just after he had been ordered held for trial on charges of violating the State Poison Act, Charles H. Cunningham, 29 years of age, yesterday was overtaken and subdued by Detective Lieutenant R. H. Halsall of the central narcotic squad just outside the courtroom of Municipal Judge McConnell in the Hall of Justice, and was lodged in the County Jail to await his trial.

Cunningham, with Floyd J. McLain, was arrested at 619 South Main street by Police Officer Hahn at 4:30 a.m. on the 15th inst. On the witness stand Hahn declared that he found a bottle containing 100 narcotic tablets on the seat of the automobile occupied by the two men. Both were ordered held for trial, Cunningham's bail being set at $5000 and McLain's at $2500.

During the hearing Cunningham took the witness stand and declared that he had been beaten by the police after his arrest. He exhibited bruises. Capt. Seager of the central narcotic squad told Judge McConnell that Cunningham twice has attempted to kill himself since his arrest. The bruises, he said, were caused when police balked the attempted suicide.

National Guard Unit Leaves for Camp Tonight

Approximately 1000 men of the One Hundred and Sixtieth Infantry, off for the annual summer encampment at San Luis Obispo, will leave here today on three Southern Pacific trains.

The specials have been ordered to the sidings at Exposition Park, prepared to load the regiment, augmented this year by the One Hundred and Fifteenth Observation Squadron.

The first train will leave at 10 p.m., the others following ten minutes apart.

Under command of Col. Harcourt Hervey, the regiment will join Brig.-Gen. Walter P. Story's Eightieth Brigade and for two weeks participate in the latest army maneuvers as directed by the War Deportment.

ENGINEER DIVORCES INTERIOR DECORATOR

Mrs. Jeffie Harris Flannery, an interior decorator, was divorced by her husband, Charles A. Flannery, civil engineer, when she failed to appear in Superior Judge Fleming's court yesterday.

Two children, Charles, 11 years of age, and Martha, 9, will be in joint custody of their father and mother, according to an agreement by the couple. Flannery said his wife struck him and abused him in the presence of guests. He also testified that she smoked too many cigarettes and associated with other men. Mrs. Flannery replied that her only associations were in a business way, and that it was necessary for her in her decorating work to confer with men.

MASSAGE PARLOR'S OWNER SENTENCED

Mrs. Anna Bouk, convicted by a jury of operating a massage parlor without a license, was sentenced to serve six months in the County Jail by Municipal Judge Thompson yesterday. Mrs. Bouk was arrested by Bert Humason of the State Chiropractic Board. During the trial Humason testified that the woman's massage parlor, at 1492 Sunset Boulevard, was in the office of a licensed chiropractor, and that she led patients to believe that she was licensed to practice chiropractic.

CONVENT RAID REPORTS FOUND

District Attorney's Dry Raiders Follow Others

Prior Search by Constable and Sheriff Told

Results Barren in Each Case, Record Shows

Proof that the Catholic convent and residence of a number of Mexican refugee nuns at 4127 Fisher street was raided and the doors smashed down by prohibition enforcement officers from Dist.-Atty. Fitts's office on June 13, last, after quiet investigations of anonymous "tips" had been made and closed by officers on two other occasions was disclosed yesterday.

It already was known that Constable Tucker of Belvedere had made an investigation of the place several days before the raid conducted by O. L. Childers, a member of the prohibition enforcement detail from Fitts's office. But yesterday Capt. James Benton, chief of Sheriff Traeger's prohibition-enforcement detail, revealed a report made by his officers a month prior to the June raids, stating that they had investigated the place and found nothing.

The facts of the District-Attorney's raid were not brought to light until nearly six weeks afterward when it was discovered that Bishop Cantwell and other high Catholic dignitaries of this diocese had protested against the convent raid to Dist.-Atty. Fitts. Apologies ensued and the matter was closed.

Dist.-Atty. Fitts says he is considering a complete reorganization of his dry squad and has ordered that search warrants be used on all future searches.

Yesterday Constable Tucker made a signed statement of the findings of his investigation. Deputy Constable Bash, who is reported to have phoned the "tip," also was questioned.

He said that he smelled an odor of liquor while passing along the street near the convent, according to Dist.-Atty. Fitts. Grand jury investigation of the matter has been deferred until the 22nd inst.

Report Urges Roller Coaster Safety Device

Recommendation was made by a Coroner's jury yesterday that the authorities take action looking to the use of some device to prevent passengers from standing up in roller coasters. This recommendation accompanied a verdict of accidental death in the case of Toby Stersic, 14 years of age, 8810 Compton avenue, Compton, who was drowned after falling from an Ocean Park pier roller coaster on the night of the 8th inst. His body was recovered Thursday.

Deputy Coroner Childers conducted the inquest yesterday at the Kirkelie Funeral Parlors, Ocean Park. The verdict was "accidental death from drowning after falling from a roller coaster on Ocean Park pier." Testimony given asserted that the lad stood up in a car on the most dangerous dips of the coaster. The jerk of the car threw him into the ocean.

The boy's funeral will be conducted at 10 a.m. today at the Reed Funeral Home.

Lindberghs to Prolong Stay Another Day

Col. and Mrs. Charles A. Lindbergh will prolong their stay here at least another day, it was reported last night at the home of J. L. Maddux, where they are house guests.

The business of getting the western division of Transcontinental Air Transport running smoothly is occupying Col. Lindbergh's time as technical director of the new air-rail passenger line.

Mechanics at the T.A.T. headquarters at Grand Central Air Terminal are prepared to put Lindbergh's open biplane on the line any time, and it is possible the colonel and his bride will take off for the East tomorrow.

STORK LINE BRINGS JUDGE SHELDON SON

As the courts opened at 10 a.m. yesterday, an embryo jurist was ushered into the world at the Good Samaritan Hospital in the person of an eight-pound son of Municipal Judge Caryl M. Sheldon and Mrs. Sheldon. Judge Sheldon reports both mother and son doing well.

SHAW CUTS HEAVY BAIL OF GETZOFF

Tailor in Keyes Bribery Case Tells of Threats; Will Go to Chicago

Pleading that he has been receiving threatening letter and telephone calls and is in fear of his life, Ben Getzoff, Spring-street tailor, convicted of bribery with former Dist.-Atty. Keyes and Ed Rosenberg and later granted probation, yesterday appeared before Superior Judge Shaw and succeeded in having his bail reduced from $50,000 to $5000 and obtained permission to leave Los Angeles and reside in Chicago.

The bail applies on another charge of bribery contained in an indictment still on file in Superior Court. This indictment charges Getzoff, his son Dave and A. I. Lasker with bribery. Two other indictments on file in Superior Court also name Getzoff defendant on bribery charges but on these he was granted his liberty on his own recognizance. All three cases, for the present, are "off calendar."

Robert P. Stewart, chief deputy District Attorney, opposed Getzoff's motion to lower the bail to $5000, suggesting $10,000 as the minimum. Judge Shaw, however, ruled that inasmuch as Getzoff already is at liberty under probation and required to report to the probation officer at stated intervals, $5000 bail is sufficient to insure his appearance at any time.

SAN GABRIEL VALLEY DUE FOR AIRPORT

Boosters Outline Plans for Two Major Fields at Mass Meeting

A program calling for the establishment of two major airports in San Gabriel Valley was outlined last night at a meeting of the San Gabriel Valley Development Association, which met with the editors of thirty newspapers published in the valley at La Remada Inn.

M. J. Haig, executive secretary of the association, said tentative plans called for an air field at El Monte where 968 acres are available and another near the present winter quarters of the Al G. Barnes Circus. Fifty-two new roads also are included in the plans of the association, Mr. Haig said.

Robert L. Sheahan pictured the future of the eastern part of the San Gabriel Valley, which he declared is destined to become one of the most densely populated areas in the world.

A fund of $50,000 for publicity and advertising was proposed to the members and a series of speeches pleaded for a close spirit of co-operation between the various towns in the valley.

Norman Kerry's Trip to England Hinted in Vain

Norman Kerry, film actor, was back in Hollywood yesterday following his "week-end" trip to London. It really was a "week-end" trip, inasmuch as he spent only two days in London after traveling all the way from New York.

Kerry was in New York when his wife, Mrs. Rosene Kerry, obtained a divorce from him here. She was returning to England and when Kerry heard she was on board the steamship Majestic he made up his mind to join her. He did, without the usual passport, and when he got to England had to put up a passport bond.

Although Kerry was not reached yesterday, his friends say little was accomplished on the trip abroad toward affecting a reconciliation.

HOOSIERS PLAN REUNION

Indianans of all Southern California have been invited to a picnic reunion the 27th inst., in Sycamore Grove. It has been arranged under the auspices of the Indiana Society of Southern California. A. B. Metcalf, president of the society, promises that all the best of State picnic features will be provided the local Hoosiers.

NEBRASKANS TO PICNIC

Nebraskans living here were notified that their annual summer picnic will be held next Saturday at Bixby Park, Long Beach. R. W. Richardson, president of the Nebraska Association, promises an interesting program following the basket lunch, together with all the facilities of the county registers.

DOG GETS IN ON RAID FIGHT

Officers Lose Blood, Shirts, Skin and Tempers When Rum Suspects Oppose Arrest, Aided by Pet

A raid on an asserted speakeasy in an apartment at 524 Stanford avenue, in which a bulldog participated in the melee, yesterday not only landed four persons in jail on various charges, but also sent one police officer to the hospital and three others to the wardrobe for whole shirts.

The injured officer is Special Investigator Duncan, and the prisoners are John Meyers, 53-year-old plumber, and his wife, Hazel, 29, both charged with Wright Act possession and sale, battery and resisting an officer; Ralph M. Hill, a steel worker, 21, charged with Wright Act possession and sale, and Betty Brown, 23, charged with vagrancy, idleness.

According to the police report, Investigators Belcher and Harlan, attached to Chief Davis's undercover dry squad, were admitted to the Meyers's apartment Thursday and allowed to purchase drinks of liquor. They left, returning yesterday with Officers Southard and Duncan, who remained outside. When the latter were refused admittance, Belcher and Harlan, then within, opened the door for them. In the apartment at the time were Mr. and Mrs. Meyers, Hill and the Brown woman.

When the officers sought to place them under arrest, according to the police report, Meyers set upon Duncan, kicking him in the mouth, Mrs. Meyers tore the shirts of Harlan and Belcher, and the family bulldog attacked Southard. Tenants in neighboring apartments sent in a riot call and the flying squad from Central Station responded and quelled the free-for-all. Later Mrs. Meyers obtained her release in $450 bail. The bulldog was not held.

SCARED FIREMAN HALED INTO OFFICE OF PORTER

Mayor Porter added another of his "Haroun Al Raschid" exploits to his collection yesterday when he gave Hoseman R. E. Shiefer of Engine Company 22 the fright of his life.

Shortly before the final election, Mayor Porter was campaigning about the fire stations, and when he shook hands with Hoseman Shiefer the latter said:

"Well, good-by, Mr. Porter."

"Why good-by?" asked Porter.

"Because, if you're elected, you'll never speak to a poor hoseman again."

Porter replied that the hoseman would be surprised and told him to drop around, and if he didn't, he would have him brought into the Mayor's suite.

Sure enough, yesterday morning Hoseman Shiefer was polishing brass trimmings when Detective Lieutenants Holt and Stillson tapped him on the shoulder, showed their badges and told him to come along. They gave him time to change to his blues, and then, to his vast astonishment, drove him to the City Hall and ushered him into the Mayor's presence. The Mayor gripped his hand and complimented him on being "caught working."

"Just a bit of innocent horse-play," said the Mayor to the assembled group.

Judge Considers Suit Over Lots After Oil Boom

Superior Judge Warne yesterday took under submission the case of R. L. Moser, former banker and real estate man, against Orin A. Pearce, real estate operator, to compel the fulfillment of an asserted agreement.

The suit is the outgrowth of the oil boom in Lawndale last March, according to testimony during the trial. Moser seeks to have Pearce go through with an asserted written agreement to purchase five lots in Lawndale for a total of $9000.

Pearce contends the property is worth less than $5000 and introduced testimony to that effect.

Moser is represented by Victor H. Koenig and Pearce by the law firm of Overton, Lyman and Plumb.

Damages Given for Crash Death

Judgement of $3380.50 yesterday was awarded by Superior Judge Purkitt to Shirley Kassel Etcove, Alice Kassel Owens, Rae Kassel Lubar and Sam Binder, children and husband, respectively, of Mrs. Anna Binder, who died as the result of injuries when she was struck by a truck owned by Louis Goldberg and operated by William Goldberg, an employee, on November 24, 1926, according to evidence introduced at the trial.

Suit for $60,000 was brought by the three daughters for asserted damages resulting from the death of their mother a few days following the accident at the intersection of Alvarado street and Glendale Boulder. Sam Binder, subsequently joined the plaintiffs as an intervener, seeking $50,000 damages.

Patent Owners Bring Actions

Two suits were filed yesterday in Mills Alloys, Inc., regarding asserted patent infringements upon an electric arc furnace for the treatment and manufacture of certain minerals and metal products. It was brought out that the process was patented by Oscar L. Mills, president of the plaintiff company, who assigned his rights to the company.

In one suit an accounting is sought from National Tools and Metals, Inc., and preliminary and permanent injunctions are sought to prevent further use of the process. A similar action was filed against the Mineral Conversion Company and J. T. Terry, seeking the same relief.

PARK DEED TO BE SENT BACK FOR CORRECTION

The Council yesterday adopted a report of its Parks and Playgrounds Committee recommending that the deed for the conveyance of Monte Vista Park, in Sunland, be resubmitted to the Board of Supervisors for a description of certain vacated streets. The park is county property, but a year ago Sunland voted to annex to the city, and the Supervisors therefore proposed to deed the park to the city.

MUCH SMOKE CAUSED BY BURING OIL SUMP

An oil sump in the Santa Fe Springs district being burned out under permit from County Fire Warden Turner, and a grass fire near Long Beach, produced a lot of smoke, but no real damage yesterday afternoon. The grass fire, at Santa Anita Drive and Cerritos avenue, was patrolled by a crew of men from Turner's office.

UDGE TO READ LOVE LETTERS

laming Missives Issue in Fawcett Balm Case

aid to be from Mrs. Binney to Plaintiff's Husband

ourt Will Decide Whether Jury Shall See Them

perior Judge Edmonds, before [illegible] is being tried the $100,000 [illegible] enation suit of Mrs. June Fawcett against Mrs. Harriet Binney, [illegible] to have stolen the love of [illegible] Fawcett, president of the Hollywood Exchange Club, will spend [illegible] week-end probing among the [illegible] of a dead love, it developed [illegible] terday, when he took under submission a motion to admit to the [illegible] as evidence twenty-four flaming missives asserted to have been [illegible] by Mrs. Binney to Fawcett.

Judge Edmonds said he would decide after reading the letters whether to permit them to be viewed by the jury. Attorney Michael Narlian, [illegible] Mrs. Fawcett, has succeeded in [illegible] parts of the letters, most [illegible] addressed to "Dear Chubby" and signed "Peppy" read into [illegible] record. Harold Fendler, attorney [illegible] Mrs. Binney, has objected to [illegible] the letters written to [illegible] after his final separation [illegible] his wife.

BECAME ESTRANGED

Attorney Narlian yesterday moved [illegible] the letters be admitted on the [illegible] that until a husband and [illegible] finally are divorced no third [illegible] legally can claim the affection of either. The Fawcett divorce [illegible] filed, has not yet come to [illegible]

[illegible] Fawcett left his wife, however, he has become estranged from [illegible] defendant, who then married [illegible] A. Binney. Fawcett turned [illegible] letters from Mrs. Binney to his [illegible] who delivered them to her [illegible] for use in her $100,000 alienation suit. If Judge Edmonds decides that Attorney Narlian is right, [illegible] letters will be read to the jury [illegible] morning.

PICTURE IN EVIDENCE

Meanwhile there was offered and [illegible] as an exhibit, a kodak [illegible] said to be of Mrs. Binney, [illegible] to Fawcett. FILM FLYING PAIR'S RITES TO BE TODAY

Services for Knechtel and Hauber Will be at Church of Flowers

Funeral services for Alvin Knechtel, aviator and motion-picture cameraman, and William Hauber, film stunt man, both of whom were killed Wednesday in an airplane crash near the Metropolitan Airport, will be conducted today at the Little Church of the Flowers, Glendale.

Rites for Knechtel will be conducted at 2 p.m. Two hours later services will be conducted from the same church for Hauber.

Knechtel and Hauber met death when their plane crashed while they were seeking a location for a forced landing.

The aviator-cameraman had been shooting motion pictures from the air for years. He leaves his widow, Mrs. Lillian Knechtel, 1179 North Kenmore avenue; his parents, Mr. and Mrs. S. M. Knechtel, and a brother, Lloyd, who is also a cameraman.

The following active pallbearers will serve at the Shrine-Masonic funeral of Knechtel: Carol Dunning, Ralph Hammeras, Hugh Bennett, Milton Cohen, Roy Minor, Frank Clark, Robert Blair and Jack Brown.

The honorary pallbearers include Art Gobel, Hal Wallis, Ned Merin, Charles Murray, Simeon Allen, Roy Dange, George Mitchell, Jack L. Warner, John McCormick, Frank Lloyd, Dave Thompson, Edward Blackburn, A. Stratton, George Richards, Edward Berry, C. D. White, Robert McGowan, Harry Pollard, Ned Van Buren, Jack Okey, John Seitz, Al Rockett, Henry Hobart, Warren Doan, Efe Asher, Joe Johnston, Frank Woods and Alvin Wycoff.

Hauber was equally well known for his daring stunt performances doubling for cinema stars. He leaves his widow and 12-year-old son, William Hauber, Jr., and a mother, Mrs. W. C. Hauber, of 1445 Euna Drive.

Council Rejects Protests Aimed at Street Work

Protests were denied by Council yesterday against the improvement of Seward street between Sunset and Santa Monica boulevards, the improvement of St. Andrews Place between Eighty-third street and Manchester avenue and the improvement of Sherbourne Drive between Gregory Way and Pico Boulevard.

The proceedings for the improvement of Raynol street at Reynolds avenue were ordered abandoned and the City Engineer instructed to institute new proceedings which will include an additional 200 feet of pavement.

Assessments were confirmed for the improvement of Sixty-third Place at Broadway, Sheldon avenue between Mulholland and Mansfield streets and Third avenue between Pico and Washington streets.

Watches Taken by Robber Gang

Smashing a large plate-glass window in Slavick's jewelry shop at 427 West Seventh street, robbers early yesterday helped themselves to a display of watches valued at $500, according to a report made to police by officials of the store.

MANY TO BE AT MORMON FETE TODAY

Ocean Park Pier Scene of Program Scheduled for Utah State Pioneer Day

Commemorating the eighty-second anniversary of the entry of the Mormons into the Salt Lake Valley, 15,000 members of the Church of the Latter Day Saints will gather on the Ocean Park Pier today in observance of Utah State Pioneer Day.

The program will start at 4 p.m. in the Municipal Auditorium, with the community singing of "All's Well, the pioneer song. Addresses of welcome will be delivered by George W. McCune, president of the Hollywood stake, and Leo J. Muir, president of the Los Angeles stake; and Dr. James E. Talmadge, recognized authority on the history of the immortal invasion, will describe the arrival of the covered wagons.

The evening will be devoted to a pioneer ball in the Egyptian Ballroom, at which tunes of the days of '49 will be lent the touch of modern syncopation. O. H. Hewlett, general chairman of the committee of 200, is in charge of the affair.

NEWLYWED IN COURT AS RESULT OF CRASH

Michael P. Cudahy and Wife

WITNESSES SAY CUDAHY WAS DRUNK

Policeman Quotes Youth as Admitting Drinking; Trial Ordered and Bail Set

Michael P. Cudahy, Jr., 21-year-old heir to the Cudahy fortune, admitted he was "pretty drunk" after his automobile had collided with one driven by Charles B. Lang of 5102 Delaware avenue, Eagle Rock, at 1 a.m. on the 12th inst. Policeman James F. Martin, who arrested him, testified yesterday in Municipal Judge Ballard's court, where the youth was undergoing preliminary hearing on a felony charge of driving while intoxicated. Judge Ballard ordered Cudahy held for trial by Superior Court under $1500 bail.

Officer Martin also declared that Cudahy said he had been drinking "pretty strong stuff" when questioned. Officer George H. Kahler testified that Cudahy's breath was alcoholic and his gait unsteady at the time. Kahler testified that he attempted to talk to Cudahy but that the latter refused to answer his questions after being told by Attorney Edward Davin, who arrived on the scene shortly after the crash and who represented Cudahy at the hearing yesterday, to "Shut up, you fool, or you'll go to jail for life."

Called to the stand by Dep. Dist.-Atty. Burgess, Lang declared that Cudahy's roadster crashed into his on the wrong side of the street after a sudden swerve, and that he attempted to evade the crash but was unable to do so. Dr. C. A. McDonald of the Dickey & Cass Receiving Hospital, testified that he gave Cudahy a sobriety test at 1:40 a.m. and that he was intoxicated.

Cudahy's bride of three weeks, the former Adell Evanson, occupied a seat with him at the counsel table throughout the hearing.

Former Screen Extra Held on New Accusation

Juanita Montanya, once a Hollywood motion-picture extra, granted probation after pleading guilty to a charge of burglary in the home of a friend, appeared in Superior Court again yesterday accused of violating probation. It is charged that she was arrested in a Riverside store stealing toys.

Miss Montanya's first appearance in court was when she filed a $50,000 damage suit against Wallace Beery, motion-picture actor. The case later was dismissed.

Judge Shaw yesterday deferred action on Miss Montanya's case until August 2.

Typists Take City Job Tests

More than 200 applicants for stenographic positions in the city service, about 90 per cent of whom were women, took the examination given by the civil service department yesterday. There are only a few positions open at this time and the purpose of the examination was mainly to make up a large eligible list.

The examination was conducted by Mrs. Zelma Tinney, senior examiner of the department, under the direction of Robert B. Park, chief examiner. Half of it consisted of a dictation and transcription test and the other half included a spelling test.

Countess Loses Hotel Bill Case

Countess Charlotte de Chanquett, convicted in Municipal Court of defrauding the Ambassador out of a $494 hotel bill, lost her appeal in Superior Judge Shaw's court yesterday when the latter ruled against her.

The woman is expected to surrender herself to the custody of the Sheriff this morning when she is scheduled to start serving the ninety-day sentence imposed by Municipal Judge Sheldon on February 13, last.

The Countess is 23 years of age, and gives her occupation as a motion-picture writer.

BOMBAY KNOWS ITS HOLLYWOOD

Residents of Indian City on World Tour Here

Eight of Ten Films Shown American, Says Merchant

United States Cars Also in Repute With Hindus

M. NADIRSHAW

Hollywood furnishes 80 per cent of the motion pictures exhibited in India and Indians like them better than foreign-made films, it was stated yesterday by three Parsee business men of Bombay who are in Los Angeles on business and sightseeing. They are M. Nadirshaw, importer of American pharmaceutical products, M. M. Bharucha, member of the Bombay Stock Exchange, and Horamasji K. Rhabha, wealthy landowner. When seen at the Biltmore, where they are staying until tomorrow, Mr. Nadirshaw acted as spokesman, although each visitor is a graduate of Oxford University and a perfect English linguist.

AROUND WORLD

The trio are on a leisurely trip around the world from east to west. They motored down from San Francisco and were lavish in praise of California's scenic splendor and architectural beauty. Mr. Nadirshaw controls India-wide sales of American dental supplies. One of his missions here is to create better understanding between the two countries with a view to increasing American imports to India.

"There is a great demand in India for American manufactured goods, especially oil and pharmaceutical products," he stated. "Of motion-picture films shown in India, 80 per cent is made in your Hollywood, and they are liked better than films made elsewhere. It is not a question of American films being forced on us—the Indians like Hollywood movies better.

FORD'S STANDING HIGH

"Between 60 and 75 per cent of the cars used in India are American-made. They are preferred to those made in other countries. General Motors and Ford products are in high standing in our land.

"The United States is big and gorgeous. It has grown so fast and is so hygienic as compared with, say, London, which has accumulated the scum of centuries, while America, particularly California, is well-built and clean."

BEST OF FAMILY

It was suggested that he might be speaking in the manner of Katherine Mayo's "Mother India," which aroused such a controversy by its wholesale criticisms of India.

"That book set forth matters which are not representative of general, actual conditions in my country," said Mr. Nadirshaw. "If Americans read it, they also should read 'Father India' and 'Child India,' showing the other side. Miss Mayo's book scandalizes Hindu customs and reflects on all Indians, although we are Parsees, not Hindus. The better classes in India desire a better understanding and co-operation between Indians and British."

LAFOUNT GIVES VIEWS OF RADIO

(Continued from First Page)

our work," he said, "has to do with radio communication interests. This phase is becoming increasingly important. Already there is a large number of radio communication stations, many of which are on the Pacific Coast. The advent of commercial radio communication service on the Atlantic seaboard has proven a great factor in reducing Atlantic cable rates to Europe. They are about 6 cents per word now, as against 40 to 60 cents for Pacific cables. Radio communication will do much to lower cable rates on the Pacific and develop trade between the United States and the Orient."

INSPECTION TRIP

This is the biennial inspection trip of Mr. Lafount who, as fifth zone commissioner, has charge of radio in eleven Western States, Alaska and the Hawaiian Islands. He will remain in Los Angeles until Monday night holding conferences with station owners and managers, representatives of radio retailers and manufacturers and others interested in wireless problems.

Among the visitors to the radio breakfast were H. N. Tyson, program manager of KGU, Honolulu; W. T. Blackwell, of KTSM, which is a new station scheduled to open in El Paso next month, and Paul Morency, field secretary of the National Association of Broadcasters.

A. G. Farquharson, secretary of the association, acted as chairman. H. E. Sherman, president, and Walter M. Fagan, vice-president, were at the head table. The entertainment was furnished by KFWB's studios.

Kappa Sigma Delegates Go on Auto Tour

Six hundred delegates and guests at the twenty-eighth biennial conclave of Kappa Sigma Fraternity, in session at the Ambassador, left the hotel via auto caravan yesterday. Their route was general until midafternoon, when they descended on Universal City, where they saw films in the making. Warner Brothers' lot then was visited, followed by a drive to the Cascade Beach Club at Santa Monica. The day's program closed with a barbecue at the Uplifters' Ranch.

The conclave, which opened last Wednesday, will be concluded today with election of officers, a banquet and ball.

Here is grand and glorious news!—at Schwabacher-Frey's, 736 S. Broadway, there is in progress a most remarkable "Third Anniversary Sale" and among the remarkable values offered are a selected group of their special made-up desk sets with bases of onyx, marble and other materials with single or double pen combinations, the regular price of which are $50—now offered for $33.65. Also a few Q. R. S. motion-picture machines which did cost $39.50 may be bought for $19.50, think of it. The question now is, how soon can you go in?

Exceptionally well filled slip covers are made by the West Coast Slip Cover Co., whose address is 1425 W. 8th., (DRexel 6728) while as for draperies why they simply excel in such work! You will never again bother to make your own curtains or self covers now that you know about this concern, will you.

Chicken Sandwich—Chop cold boiled chicken and moisten it with salad dressing. Chicken sandwiches may be varied by adding chopped celery, ham, gherkins or pickles to the chicken.

You know there is a peculiar charm to old silver—but the best of it will become dimmed by age . . . broken or battered. Now why not take this silver up to the Peerless Platers 239½ S. Spring (upstairs) and have it replated and repaired at an astonishingly small cost. They do such work beautifully. Having been in business for twenty-three years you may know they are thoroughly reliable, too.

Apple and Banana Salad—Cut two quarts of apples in small slices; then slice three or four large bananas. Sprinkle with one-fourth cupful of lemon juice and mix with cream mayonnaise dressing; serve on crisp lettuce leaves.

The new stock of jewelry carried by the Peerless Platers of 239½ S. Spring (upstairs) is receiving very favorable comments . . . it is so reasonable in price, you see. Mr. Kent up there, it is well to know, repairs jewelry of all kinds, doing special designing as well. He will modernize your old wedding ring most reasonably. The phone number is VAndike 5417.

To clean black felt, use a teaspoonful of ammonia mixed with half a cupful of cold tea.

This is the very time of the year to drive town to San Clemente . . . the "Spanish Village By the Sea" there to enjoy the food par excellence at Travaglini's Cafe San Clemente. Never will you enjoy a repast more, for Mr. Travaglini certainly gives you the best the markets afford, while in the matter of splendid service and courteous attention, Travaglini's Cafe San Clemente excels. Go down this week-end, couldn't you? It is so easy to reach, being half-way between Los Angeles and San Diego.

Help the Children's Hospital Salvage Department save some wee lad or lassie's life by sending them all your discarded clothing and useless articles. 'Tis a very worthy charity you thus contribute to and your gift will be greatly appreciated. Get up a bundle today, if possible, sending it to 712 Maple avenue, TUcker 2462.

Would you not like to have some lovely Fluff rugs made out of your old carpets . . . or some attractive Colonial rugs made from rags? Of course, you are interested, so call up the Hoffman Rug Works, 2914 W. Jefferson, EMpire 2048, and have them make such rugs right away.

To clean corduroy, use pure white soap and warm water and plunge it up and down; rinse several times in clear water. Do not wring—hang it up, inside out, dripping wet to dry; do not iron it, use a brush when dry (but one way of the cloth) to smooth the nap.

Why don't you go around the house and collect the unframed pictures you have long been resolving to have framed and take them into the nearest Mathews Paint Company store to be framed properly. Not only will you find the department to which you take them very up to date but it will have just what you want in unusual moldings and ready-made frames!

Now take seriously this suggestion for by framing photographs and pictures of every kind you preserve them perpetually thereby finding them a lasting source of pleasure. One of the following addresses, therefore, use soon: 1245 S. Hill; 1559 N. Vine, (Hollywood,) and 740 E. Green, Pasadena.

"Calpro" is the ideal system which you should use if you are bothered to death with destructive ants! It eliminates them forever in an hour's time, think of it. Of course, you are interested so phone at once the Calpro Sales Co. 3616 W. Pico, (EMpire 1038) or 1329 Santa Monica Blvd., or get them at 15 E. Canon Perido, Santa Barbara.

To clean furs, take them outdoors and brush them (with the nap) with a stiff whiskbroom; then saturate a clean cloth with gasoline and rub them well, afterward using the whiskbroom to restore the nap, and hang in the sun to dry.

French Dressing—Mix in a glass jar two tablespoonfuls of vinegar, four tablespoonfuls of salad oil, one-half teaspoonful of salt and a dash of paprika; shake till well emulsified. This may be mixed in the jar several days before using, but it is necessary to shake it vigorously each time before using.

It is a fact a picnic isn't a picnic any more without plenty of grapejuice to drink. Of course, you make the grape juice yourself—that is a foregone conclusion now that you can buy Guasti Concentrated Grape Juice.

How do you make this perfect thirst-quenching beverage, do you ask? Simplest thing in the world! Take three parts of water to one part Guasti Concentrated Grape Juice and you make the very finest drink you ever hope to taste.

We have no other than the Italian Vineyard Company to thank for giving us so excellent a product to be recommended. Their vineyards at Guasti, California, are famous the country over, and so when you drink the cooling summer drinks and taste the delectable desserts you make with their product you know you are having the best procurable.

Tell you what you do: Phone your grocer today—this very morning, in fact, for a quart or gallon. Just in case he can't supply you phone MUtual 2124, which is the telephone number of the Italian Vineyard Company's Los Angeles address and they will give your order prompt attention, sending with your request a free booklet known as Grape Drinks and desserts, which is really very instructive and worth-while.

To clean white sweaters and other white woolen goods without washing, rub in thoroughly a mixture of one-third salt and two-thirds cornmeal and lay aside overnight; then brush out and hang in the shade.

Do not attempt the cleaning of your handsome oriental or domestic rugs but send them to experts such as the John Bloeser City Carpet Cleaning works. This concern having been in business for years and years is absolutely reliable. They return your rug looking like new! Call them up now why don't you? TRinity 4739 is the number.

New tag for shoe lace—If a tag comes off a shoe lace, press a little melted black sealing wax around the end of the lace and shape it to form a tag. It will serve as well as the original.

Good old country style sausage! is there anything better particularly when its made by the Western Sausage Co.? You know they buy only the very finest government inspected eastern shoulder pork which they grind very fine—adding to it seasoning of thirteen different spices which gives you the "bestest" sausage you ever tasted! Tell you where you buy it: 302 S Hill and 6400 Hollywood Blvd. Oh, yes, they make it in the window right before your very eyes.

When the shoehorn is mislaid, a heavy spoon handle or a folded envelope will serve as a good substitute.

There has been no change in the quality of the food served at Travaglini's Roma Rotisserie and Food Shop since "John" and his brother took over the management of these fine cafes. The same good food, excellent service and courteous attention will be found there. Remember the address, 1801 W. 7th, corner of Burlington.

LEADER IN AUTO FIELD VISITS CITY

Don Smith of Peerless Company Comments on Stability of Market Here

DON SMITH

Stability of the automobile market is more pronounced in Los Angeles than in any other city of the country, in the opinion of industry officials, according to Don Smith, vice-president of the Peerless Company, who arrived here yesterday from Cleveland to confer with Pacific Coast executives of his organization.

"The business is in a healthy state throughout the country," he said, "but there is more aggressiveness here than elsewhere. While here I will make a close study of conditions and try to carry back with me some of Los Angeles' aggressive spirit."

Smith is a former Los Angeles automobile man. In 1914 he was made vice-president and general manager of the Chandler agency here, and in 1921 was sent to the Orient, where he introduced the Cleveland car. A year later he returned and formed Don Smith, Inc., distributor of the Moon. Two years ago he sold his interests and went east.

EMSCO EMPLOYEES WILL PICNIC TODAY

More than 3500 employees of the numerous plants and offices of the Emsco Company will trek to Rose Hill Park, South Pasadena, today for their annual picnic and athletic carnival. Following the awarding of prizes in the evening there will be dancing until midnight. The company's offices will remain closed all day.

Mar Vista Park Plan Put Up to Frank Shearer

The petition of residents of Mar Vista for the acquisition of a tract of about thirty-two acres for a public park in that section, was referred by the Park Commission yesterday to Frank Shearer, superintendent of the Park Department, for investigation. The petitioners addressed their plea originally to the Council but that body passed it on to the Park Commission.

If, as the result of Supt. Shearer's investigation, the commission reports favorably to the Council, the latter will institute proceedings for the acquisition of the land under the Municipal Improvement District Act of 1927. Twenty-five acres of it comprise the golf course of the Westward Ho Country Club, and the other seven acres are covered by a grove of trees.

The petitioners state they have ascertained that the whole tract can be purchased for $150,000 and that this is less than the assessed valuation of the land.

WEDDING OF ZIEGLER TO BE NEXT THURSDAY

After several postponements made necessary by his concert appearances, the wedding of Robert Ziegler, musician and concert pianist, to Miss Patricia C. Gillingham will take place in the Little Church of the Flowers next Thursday.

A number of well-known musicians are to furnish the wedding music. Dorothy Jordan, former Chicago grand opera star, will sing and there also will be a trio composed of Alexander Borissof, 'cello; Mischa Altman, violin, and Salvatore De Santaella, piano.

STUDENTS VISIT CATALINA

Summer-school students of the University of Southern California are leaving their books untouched today and have centered their attentions on their annual excursion to Catalina Island. Kenneth Stonier, general manager of student publications, who is in charge of the event, announces that this year's excursion is breaking all attendance records.

'LIMEHOUSE' QUARTET TO FACE TRIAL

White Women and Chinese Associates Bound Over on Narcotic Charges

Arrested in Chinese quarters during police raids on the 17th inst., two white women and two Chinese men were ordered held for trial for violation of the State Poison Act yesterday by Municipal Judge McConnell. During the hearing voluntary statements made by the women to police after their arrest that their existence with the orientals was due to the drug habit were introduced into evidence by Dep. Dist.-Atty. Bialock, who conducted the prosecution.

Detective Lieutenants Schlinske and Phillips of the central narcotic squad testified that they found Mrs. Bessie Encinas, 38 years of age, of 119 South Greenwood avenue, Pasadena, and Lo Wing Wong, 29, in a room together at 706 South San Julian street. In the room the detectives found a tobacco can containing morphine, a quantity of yen shee, the residue of smoked opium, which is used again, and a hypodermic needle.

Tom King, 40, and Mrs. Lucille King, 35, his asserted white wife, were arrested at 402 Crocker street. The two detectives reported they found the pair in possession of nine opium pills and a small amount of yen shee.

Judge McConnell ordered all four held for trial by Superior Court. He fixed bail at $10,000 for Lo Wing Wong and at $2500 each for the other three.

CLUB TO GET AIR DATA

The multimillion candle-power lighting system recently installed at the new Western Air Express terminal on Valley Boulevard will be explained to the membership of the Southern California Edison Employees Club at noon Monday, by W. R. Balsom, of the Western Air Express speakers' bureau. The talk, which will include a general discussion on commercial aviation, will be illustrated with motion pictures, Balsom announced.

Today's Bible Text

He that is faithful in that which is least, is faithful also in much; and he that is unjust in the least, is unjust also in much. St. Luke xvi:10.

READY FOR BUSINESS

Often an expert is merely one who has a little experience and a great deal of confidence in himself.

CAN'T ALL AGREE

We may take it almost for granted that a tariff bill which will find favor with an American majority will not be very popular in Europe. It is hard to please the world.

SHOES FOR MEN

Shoes of navy blue with pearl-gray uppers are the latest thing in street wear for men, but the men are slow in realizing the fact and adapting themselves to it. Anyhow, men's dogs now come in colored blankets.

THE SPLIT PINT

Augustinas Valdemaras, the latest Premier of the recent republic of Lithuania, is only four feet eleven inches in height, but is said to be as pugnacious as a wild cat. Some of these snappy little bozos can make more fuss than an amiable mammoth like Bill Taft.

IN THE SUBMARINE

Out of about 5000 devices and inventions to make submarines safer the government finds but two or three that gain unqualified approval. Those who go down into the sea in ships engage in no trifling cruise. There are hazards not readily to be coped with.

A DEEP-SEA BREAKFAST

Advices from the Cape Verde Islands, off the west coast of Africa, tell of the capture by fishermen of an eighteen-foot shark having the body of a full-grown woman in its interior. This would seem to put a crimp in the contentions of some naturalists that the shark is comparatively harmless so far as humans are concerned.

THE BIG TOOTH

The Harvard dental museum has the tusk of a mastodon that was found in Alaska and must have been living there more than 50,000 years ago. The tusk alone weighs over 300 pounds and is more than eleven feet long. The mastodons of those days must have had their dental work done with a steam shovel.

MAN OF MANY WORDS

The Italian poet, D'Annunzio, is credited with having a vocabulary exceeding 40,000 words, which is the most wonderful repertoire of the time. This even surpasses Shakespeare if the count be correct. But a wide vocabulary is not important—save possibly for poets. The big man in Italy is Mussolini and he can get along with a few capital "I's."

FOREIGN RELATIONS

Senator Caraway is trying to gather from the police department of the capital all the information he can gather about the private life of the foreign ambassadors and diplomats. He wants to know when they have been intoxicated and when they have broken traffic and other laws. By reason of their diplomatic standing they are exempt from arrest for misdemeanors, but there is a sneaking idea that the Arkansas statesman figures on deporting a few ambassadors and ministers unless they cut out the booze and drive according to traffic regulations. The idea has in it the making of a few more wars, but that will not halt the southerner if he believes he is right.

LOOKING FOR WORK

It is asserted that the number of unemployed in England now reaches nearly 1,200,000 souls. The situation has not been clearing, but a great responsibility will be placed upon the new Labor administration. Among the measures urged in easement is a limitation of workers to the ages between 16 and 65 years and a general reduction of hours—to a seven or eight-hour day. This would halt child labor and also provide more jobs in industries running ten hours or more a day. Old men pried out of their jobs would be cared for by the state. The situation calls for intelligent action and a lot of co-operation.

A NATIONAL EMERGENCY

To a long series of other evils, and as a perhaps natural sequence of the most serious of them, there has been added in Florida a fiscal difficulty signalized by the closing of more than a score of banks, with, of course, much attendant distress to individuals and disturbance of business. This difficulty does not seem to have been caused by unsound banking, but by the destruction for the time being of one of Florida's principal industries, fruit and vegetable production, by the Mediterranean fruit fly and the fruit and vegetable quarantine.

The Federal Reserve system, by making immediately available several million dollars in cash, is doing what it can to relieve the situation, but so serious is the condition that such relief can be at best only temporary and superficial. Means must be found for permanent rehabilitation. It is apparent, further, that such help must come, for the most part, from without the State.

There are several reasons why this course is necessary. If the fruit fly was the first major plague that had struck Florida her situation would be bad enough; but its effects are being piled on top of destruction wrought by the collapse of the land boom, by hurricane and by frost; and the accumulated effects would suffice to jeopard the stability of the soundest State. Then, too, in Florida is being fought at the present time the battle of the whole United States for the security of its food supply, against a menace the importance of which can hardly be exaggerated. It is a fight in which every citizen has a vital stake.

Last year Florida citrus growers shipped out 86,000 carloads of fruit, worth $75,000,000; this year it is doubtful whether any fruit at all can be shipped. It is true the Department of Agriculture is giving hope that some part of the crop can be marketed, under special and stringent precautions, but this hope may prove illusory, since the department will quite properly take no chances. In any event the losses to the growers will be huge and they are unable to bear them alone, nor would it be just to permit them to do so if they could.

The State of Florida had but $50,000 available when this storm broke and every cent of it has gone into the fruit-fly war, which takes millions to prosecute. It will doubtless make such contributions as it can, but the blow at its industry and at the prosperity of its citizens has made the collection of taxes difficult and much cannot be expected of it.

The banks that have gone under had loaned large amounts to growers, in transactions that under ordinary circumstances would have been as safe as any banking transactions anywhere, but the quarantine naturally froze these loans and made failure inevitable.

The State of Florida is not, of course, bankrupt. It has great natural resources; there is no reason to believe that the run of hard luck it has experienced is anything but temporary; and it will, in time, win back to prosperity and even affluence. But its present condition is such that it requires aid and that aid should be forthcoming in full measure.

The situation in Florida constitutes a national emergency, for the menace of the fruit fly is one that hangs over every fruit and vegetable-producing area in the country save, perhaps, a very limited one in the extreme north. It is, further, one of the gravest possible importance to California, where entrance of the fly would constitute a calamity even greater than in Florida by reason of our more extensive growing of fruits and other soil products which are subject to the fly's devastations. In order intelligently to deal with our own danger as well as to be most helpful to Florida by co-operation in the national war of extermination against the fly, it is incumbent upon us to inform ourselves as exhaustively as possible on every angle of the problem.

It was with this in mind that The Times assigned John Steven McGroarty, its noted staff writer, to spend several weeks in Florida in a first-hand investigation of the fruit-fly situation and to write for Times readers and for the country at large the exact facts. The first of Mr. McGroarty's articles will appear in The Times tomorrow and daily thereafter. They present a vivid picture of the front-line warfare against the insect scourge in Florida and a candid one of what may be expected if the scientists are beaten. More important still, Mr. McGroarty gives in detail the consensus of experts as to the means by which the national emergency should be met and how California and Californians best can help therein.

The series is worthy of the best and most thoughtful attention of every American.

TEN YEARS OF SERVICE

Los Angeles might well confer on Ralph J. Scott some special token of a city's regard for a valuable and faithful servant to commemorate the completion of his ten years' occupancy of the important position of chief engineer of the fire department. Not alone the constructive work accomplished by Fire Chief Scott in building his department always a little ahead of the needs of a phenomenally growing city, but even more the loyal co-operation he has won from a body of 1646 men, all of whom are trained to the last degree of efficiency, denotes qualities in the chief that at this time are certainly deserving community as well as official recognition.

The ten years' growth in the Los Angeles fire department is, indeed, in itself an epic in modern progress filled with the drama of this age of wondrous change. Romance, science and business nowhere blend more fully than in the record of the men and the machines on whom a city relies for defense against that best friend and most dangerous foe of the human race—fire.

We in this Southwest metropolis are fortunate in possessing a fire department that has never once failed us and whose work for the public has escaped the criticism and censure of even the most carping faultfinder. Los Angeles has a record for a minimum in fire losses and a reputation as a good hazard with fire insurance underwriters unexcelled by any city. Our people have nothing but the highest respect for and confidence in the chief, the personnel and the performance of the Los Angeles fire department.

At the end of the first decade of Chief Scott's incumbency we might well honor him, and through him every one of our alert, active and devoted city fire fighters, by some commemoration in which our whole citizenry can have a share.

ROME GOES ICY

The newest industry in Rome is an ice-cream production plant—the only one in Italy. Heretofore, the little cream used has been the creation of the home or small shop, but the Amerian clamor for lots of the cold stuff has led to the development of a business on wholesale lines. People who are in Rome may now watch the Romans lap up their vanilla and love it.

IN DEFENSE OF THE ROMANS

By James J. Montague

The Romans were a fighting breed;
From England to Stamboul.
The crumbling ruins prove their greed
To spread their iron rule.
In these somewhat more gentle days
Since men are more polite,
A number of the Roman ways
Are not considered right.

But though the Romans crushed their foes
With a relentless hand
And brought unnumbered griefs and woes
On many a vanquished land,
Though heavy was all Europe's load
Beneath their haughty sway,
When they put down a country road
They put it down to stay.
It did not last a year or two
As do the roads which we
So busily are building through
This country of the free.
It was not laid on sand or silt
Or mud or ooze or slime;
A first-class Roman road was built
To last throughout all time.

Tyrannical the Romans were
And filled with guile and craft,
But, though I possibly may err,
They did not practice graft.
When they built roads to carry men
With chariot and spear
They did not dig them up again
To build anew each year.

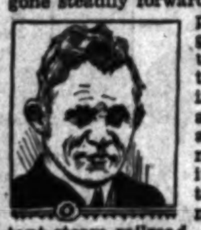
The LEE SIDE O' L.A.

BY Lee Shippey

D. W. PONTIUS, new president of the Pacific Electric Railway, really ought to be written up for the "success" magazines, for no man's career more strikingly proves what an "average man" may accomplish. Thirty-eight years ago he started in about the humblest job a railroad could give him and, without friends or influence, except such as he won by his own unaided efforts, he has gone steadily forward until now he is



president of the greatest interurban system in the world, serving more towns and more people and having more miles of track, if it were laid end to end, than many an important steam railroad.

And all because of his slogan, "Make the boss need you."

Pontius was born at Upper Sandusky, O., and didn't do much of note as a youth except learn to play the euphonium horn. He attended a small college there, but at 20 went to work as a clerk at $30 a month. But he wasn't an ordinary $30-a-month clerk. He returned to the office at night and learned to be a telegraph operator. And then, at 21, he set out to see the world.

Tooted Own Horn

He first went to St. Paul as an operator on the Chicago Great Western. But it was winter and St. Paul was bitter cold. He worked till May when, a better operator than he had been, he struck out for Portland, Or.

Counting varied experience an asset, he worked for the Union Pacific and then the Northern Pacific, for a year, and then sailed for San Francisco.

No railroad job welcomed him there, but his horn-playing won him one with a band. He applied in Oakland to A. D. Wilder, superintendent of the Southern Pacific, for work and Wilder never looked up from his work while questioning him. "What kind of operator, are you?" Wilder asked. "Just an average good operator." "We employ none but first-class men," said Wilder, closing the interview.

Pontius waited awhile and went back to Wilder, determined to show he could toot more than one kind of horn. Again Wilder did not look up. "What can you do?" he asked. "I can fill any job in your department," confidently answered Pontius. "I can be operator, station agent, trainmaster, anything you need." Then Wilder looked up. "You're just the man we need," he said, and rang a bell. "If this man can do all he says he can," he ordered, "put him to work."

"What you been telling the boss?" he was asked in another office.

Pontius smiled the slow, friendly smile which has made him friends everywhere. "I had to interest him," he admitted. "But I know I can fill any job you're likely to give me. I'll demonstrate."

Two of a Kind

He was given a job and soon was sent to Tracy, where Alice Malina Banfill was assistant operator.

She also soon made the boss feel he needed her and six months later became Mrs. Pontius. Not long afterward Pontius met Paul Shoup, then district freight and passenger agent at San Jose, and made Shoup see he needed him. While agent at Watsonville, Pontius got up the first comprehensive and valuable apple report the Southern Pacific had been able to secure.

Came Here in 1911

Pontius came here as traffic manager of the Los Angeles Pacific and helped make the combination of that line with the Pacific Electric, the Los Angeles and Redondo, the Riverside and Arlington, the San Bernardino Traffic Company, the Redlands Central and the San Antonio and Ontario Heights into the present Pacific Electric system a successful venture. That was in 1911.

But it was his human side which enabled him to build not only high but solidly. Ninety per cent of the 7000 employees of the Pacific Electric know Pontius personally and he knows most of them. He stands by the right of appeal—if any employee is discharged he has the right to appeal clear up to Pontius, with result that no man under him dares discharge anyone without just cause.

D. W. PONTIUS PRESIDENT P. E. RY.
GOSH, I'M NERVOUS!

He has built up the schools for employees till they almost form a university. He has made a success of the recreation camp for employees at Lake Arrowhead, where for $8 or $9 a week a whole family may have a furnished cottage and get provisions at cost. He has helped many an underdog, released from prison or in hard luck, to get a fresh start.

Little Worries of a Railway President

Recently Pontius was awakened at 2 a.m. by the violent ringing of his telephone. "Your men are tearing up track in front of my house at this ungodly hour," said a frenzied voice. "If I can't sleep, why in hell should you?" Instead of hanging up in fury, Pontius investigated, found there was illness in the house, and had the men moved. For now he looks on the public as his boss and wants it to feel it needs him. That is why he is president of the City Health Commission, executive vice-president of the Mission Playhouse Corporation and an earnest worker in a score of other organizations for Southern California betterment and progress.

WHAT OTHERS THINK ABOUT IT

LINDBERGH—A HINDRANCE?

(Boston Transcript)

Col. Charles A. Lindbergh is not as much an aid to aviation as he is a hindrance, in the opinion of Richard Hughes, British novelist, visiting in Boston. This is an unusual and somewhat surprising opinion. The fault, as he reasons it out, is not the colonel's. It comes from that hero-worshiping publicity which the press has foisted upon him against his will in the journalistic effort to make Lindbergh a Conqueror of the Air. Reporters have emphasized the adventurous side of his flights to such a degree that the comparative safety of travel by air is obscured.

Lindbergh, in British eyes, is the Prince of Wales of America. To aviation, his is the advertising value of the Prince of Wales to the empire. Yet this adulation of the public, according to our novelist, has dealt aviation a blow. When Lindbergh flies it is an adventure. Despite postal routes and the achievements of the men who fly night and day in regular service, the press chronicles of the colonel's unannounced hops stamp in the public mind the impression that he is the pioneer of the sky and the blazer of the air trail. He hopped off in New York and landed safely in Cleveland!

For the advance and acceptance of aviation, therefore, Mr. Hughes joins those who would end the saga of the Lindbergh in the news columns and by its absence reduce aviation from adventure to humdrum travel from Boston to Oshkosh in maximum comfort.

SILK BREECHES HIT ANEW

(New York Evening Post)

We knew that we were on the right track when we said that silk knee-breeches at the Court of St. James represented an era that was dying. That Ambassador Dawes refused to wear them was a sign of the time. Now there is an even more emphatic one in an identical refusal made by the Rt. Hon. Margaret Bondfield, Minister of Labor in the British Cabinet. As a Cabinet Minister she is entitled to attend the Prince of Wales' levee, but at that function knee-breeches are prescribed by custom. Why these garments should be objectionable to any lady who follows present styles we can hardly see. But the Rt. Hon. "Maggie" objects and won't go to the party at all. When the flapper vote makes the British Cabinet dominantly feminine the silk breeches may be quietly outlawed and all future American ambassadors saved embarrassment.

EDUCATION ON WATER

(San Francisco Chronicle)

Orange county's proposed $16,500,000 bond issue to save Santa Ana River floods for irrigation water failed by only a few hundred votes. The beach towns, which have nothing to irrigate, beat the proposal.

This is something to ponder. Assuming, for the sake of the argument, that the flood-control plan was sound, the beach towns were merely shortsighted. It is true that their main crop, which is summer visitors, does not need irrigation. It thrives on soft drinks instead.

But the beach towns forget that their crop of summer visitors cannot come unless it has money. And the biggest part of California's money comes from irrigating water. If the farms dried up the beach towns would wither and blow away.

LETTERS TO The Times

[Name and address of writer must accompany all letters for this column. Letters of a personal nature or involving contentious religious questions are not acceptable.]

Consult Gospel of Mark

VENTURA, July 17.—[To the Editor of The Times:] An interesting question has been raised by your correspondents, L. V. Shepherd and Dana L. Teague, as to what constitutes a Christian. Mr. Shepherd asserted that "Christians are not found in our jails" and Mr. Teague cited figures to prove that 84 per cent of the inmates of States' prisons have expressed a preference for the Christian religion. Then Mr. Shepherd comes back and says that it all depends on what your definition of the word "Christian" is, as to whether or not there was any justification for his statement.

Well, is everyone free to have his own personal opinion as to what constitutes a "Christian" and make broad and sweeping statements from it, without regard to census figures or statistics of any kind? One man says, "By their works ye shall know them," but that sentiment is rank poison to our most noted revivalists. If Mr. Shepherd does not concede that "expressing a preference for the Christian religion," or being a church member, or joining the Ku Klux Klan, or being sent to jail marks a man as a Christian, perhaps he will indorse the definition to be found in Mark sixteenth chapter, verses 15, 16, 17 and 18—especially 17 and 18.

LOS ANGELES, July 17.—[To the Editor of The Times:] I was most happy last Sunday to read your unusual editorial on the subject of "California's Sports and Recreations," and got quite a thrill when I noticed your reference to covering that most interesting recreation of horseback riding.

Eagerly I turned to the Sunday Sports Section and imagine my surprise and disappointment not to find a single thing about horseback riding.

The thousands who are already indulging in this healthful outdoor recreation in Southern California are having great numbers added to them constantly and I know they would all welcome the opportunity of keeping posted on the doings of the horseback recreation activities.

W.C.T.U. Convention

LOS ANGELES, July 18.—[To the Editor of The Times:] Yesterday I dropped in at the convention of the W.C.T.U. at Pacific Palisades and found the hall completely filled. Of course the great audience was made up largely of women, but there were a few of us old men there. The object of this letter is to say that I was surprised and delighted with the exercises. The music was excellent; the college oratorical contest was by far the best I have ever heard; and the address by Dr. Mary Harris Armor was up to her usual high standard, very instructive and entertaining.

In The Times of today I looked in vain for an account of the proceedings at this convention. Your hearty and consistent support of all that tends to better the administration of our laws and the uplifting of society led me to expect that you would have had a reporter at the Pacific Palisades yesterday.

WHERE CAN I LEARN *Piano?*

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is inclosed. Address Louise L. Temple, care of The Times.]

Instruction in both elementary and advanced piano is offered free by the Polytechnic Evening High School, 400 West Washington Boulevard. The classes are continuous throughout the year, with the exception of Christmas and Easter vacations, the first week in July and the last two weeks in August.

During the summer term the elementary class will meet on Monday, Wednesday and Friday evenings from 7 to 9 in room 356 of the Auditorium Building, while the advanced class will meet on Monday, Tuesday, Wednesday, Thursday and Friday from 7 to 8 p.m. in room 357 of the same building.

The advanced class is under the direction of Margaret Wickes Jones, formerly of the Chicago Musical College and Chicago Grand Opera Company. Work of this class includes Bach inventions, preludes and fugues; Beethoven's sonatas; Haydn and Mozart. There are also velocity, octave and transposing accompaniments studies.

OTHER WORLDS LIKE OURS

Our earth is a dark star. That is, it shines with reflected light only and that not perceptible out in space. A dark star is really not a star but a planet. Astronomically speaking, suns only are stars. There are billions of suns within telescope range in the heavens, and, doubtless, billions of planets we cannot see. The planets we can see are only those in our tiny solar system. Among the millions of planets we cannot see, there must be several thousand on which conditions are similar to those of the earth and which may have civilizations as far or farther advanced than our own. Radio may make it possible some day for us to communicate with them.—[Capper's Weekly.

SHAKE BEFORE TAKING

BY EUGENE BROWN

One of our hefty Elk visitors laved himself in the Pacific on a recent morning and when he came from the waters he had a chill. He shook like a platter of meat jelly and at once a bright reporter legged it down to the wires and shot off a hot story about another California quake.

In a dice game in Spring street the sporty barber shook five aces four times in succession. Such mighty shaking sent a quiver the length of that highway and the repercussion even disturbed the cool serenity of the City Hall. Another enterprising journalist raced for the ticker and broke the news to Greater America. Presently the mighty presses in myriads of cities were broadcasting the gripping details of Nature's upheaval in the Angeles sector.

There it was in massive black type, stretching clear across the front page and carrying the explosive delivery of a circus poster. Or so they told me later.

But when a couple of Senators wired to know if I were still living and if they could do anything for me I knew that I had missed something.

That was it.

I had lost out on a quake.

I had been right in the thick of it and had never heard it click.

Things were supposed to be wobbling all about me and strong men were agog with excitement and apprehension and yet my pulse never skipped a beat.

That is always the way with it. I have loitered in Southern California for more than fifteen years hoping and praying to get in on the next quake—but there hasn't been any. There have been stories about them—several, in fact, but what of it? One was described as being right where I was standing at the time, but I never learned about it until the next day. I never thought I was particularly solid on my pins, but I must be. Anyhow, I have been through three or four of these so-called temblors and never knew that anything had happened. Maybe I have been vaccinated. I'll bet I could go right up to a seismograph and kick it in the slats.

But if things seem slow and dull to me the newspapers in various parts of the country manage to get quite a thrill out of the situation—or whatever it is. For instance, a Washington paper carried blazer headlines three inches high, extending clear across the front page, telling the world that "Four Are Injured in Great California Quake." The details are a bit ragged, however. Some girl was rescued from the sea by a life guard; a couple of children were nipped in a washing machine; an oil worker bumped his head against a derrick. It isn't made clear how any quiver of the earth had aught to do with these accidents, but they all happened the same day and so there must have been a quake.

The esteemed Chicago Tribune wore headlines carrying the exciting tidings that "Quake Moves Los Angeles City Hall a Foot." It may be said in truth that to move this massive pile a foot is a feat.

But there it was in plain type.

Come to find out it was calculated that there must have been a ten or twelve-inch vibration to the tower, which is 415 feet high. Everybody knows that the wiggle-waggle of a skyscraper is provided for by the architect. It is taken care of in the anchorage. One of New York's earlier structures—the Flatiron Building—was said to have a floppage of three or four feet in its top stories when the wind was blowing. Nobody cared a whoop.

The New York Times had in its story a paragraph telling how eighty-five prisoners in the seventh-floor jail at Long Beach screamed in abject terror as the buildings rocked under and about them. So far as we were able to learn at this end of the line the usual crap game in the cloister wasn't even interrupted.

The Detroit Free Press in the course of its narrative tells of whole residences being totally wrecked by falling chimneys. And here I went out and examined my chateau under the microscope and couldn't find so much as a nick in it.

The Boston Herald, recalling the circumstance that the San Francisco adventure was more fire than quake, now refers to the Los Angeles tremor as a fire and indulges in much pleasurable sarcasm in the doing.

The New York World falls into much the same vein, but says that with three or four people being hurt and one thing and another it is pretty clear that Los Angeles has had an earthquake, but it is by no means clear what the city is going to call it. Continuing, the paper adds: "In that respect San Francisco has quite an advantage over her. For while that proud city did have an earthquake some time back she also had a fire. But apparently Los Angeles did not have a fire when her buildings began to rock, so obviously she is up against it."

There is much more publicity and practically all of it based upon the dinky little wiggle that few Californians knew aught about until informed by interested outsiders. But I have my part cut out. I am going to get even with some of these bozos. I have been figuring on a little visit in Detroit and other cities in the East. Now I am going to take a tin cup along and pose as an earthquake sufferer. It may cover much of the expense. Henry Ford is due for a shock.

The woman who flatters herself that she can't be flattered is in the same class with the man who boasts that he never brags.

BOY ATHLETES TO BE "ON AIR"

Young Olympic Winners Will Give Talks Over KHJ This Afternoon

The returning Olympic winners, Vane Baker, Jerry Deal, Robert San Jose and Fernando Ramos, will be heard over KHJ, the Don Lee station, from 4 to 4:15 o'clock this afternoon.

The young athletes will speak from the tower of the Times Building at the conclusion of the parade.

Others on the program will include Les Henry and members of the City Playground and Recreation Department.

present diversity in the form of Hawaiian music by the Sunset Serenaders, dance music by Warren Taylor's orchestra and a studio organ recital.

ROBIN HOOD

The 7:30 o'clock broadcast in the studios of KFWB will offer another serial in the "Robin Hood" continuity with music by Ray Martinez and his orchestra, assisted by studio talent.

Commissioner Lafount, a summary of whose talk yesterday morning will be found elsewhere in The Times this morning, has suggested that the people of the East are anxious to hear talent from this coast.

They already, he said yesterday, know of the country and climate, but they know comparatively little of the entertainment talent.

This brings up once more the suggestion that already has been made to the Chamber of Commerce and the All-Year Club that, during the winter months, a special booster program be sent eastward from Southern California.

Trusties Who "Struck" Sent to Central Jail

Deprived of further privileges as trusties, eight asserted ringleaders of the thirty-five cooks, kitchen helpers and waiters who went on a so-called strike at the Lincoln Heights Jail Thursday morning were transferred to the City Jail at Central Police Station yesterday and placed in cells to serve out their sentences. They are Joseph Stone, Jack Cono, Jack Harris, George Thomas, negro, Frank Manerin, Francis Lawrence, Pete Pinneaux and George Roach.

According to the police, all the transferred prisoners are habitual offenders, their arrests ranging from three to twenty-one times on charges including extortion, burglary, robbery, forgery and violation of the Wright Act.

PICKPOCKET ESCAPES IN BROADWAY CROWD

A pickpocket chase yesterday threw lunch-hour crowds at Broadway and Seventh street into an uproar during which the thief escaped. Francis H. Wilson, 1802 South Burlington avenue, was on a Broadway street car when a pickpocket stole his wallet containing $225. Wilson saw his purse vanish in the hand of a stranger and chased him through the car and off. Both plunged into the crowd where Wilson's yells startled shoppers but did not stop the thief.

YOUR BABY AND MINE

BY MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb-sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

SUMMER APT TO DISRUPT BABY'S GOOD SLEEPING HABITS

There is undoubtedly during the hot months a disposition to throw baby's regular schedule overboard. The days are longer, and going to bed at 6 or 7 o'clock is manifestly disagreeable to the child who has come to view bedtime and darkness as synonomous.

Then there is the temptation to bundle the baby in the car and get out for a few hours of rest and relaxation. Barring a car, we are treated to the sight of hot and tired children being dragged to beaches and parks on crowded street cars or busses for a few hours of relief from the heat of the house.

We can't blame parents. In child rearing one has to know when to keep a rule and when to break it. Judgment is born from repeated experiences. If the mother has discovered that the child sleeps better after a long ride and an hour or two in a cool place, we feel that she has a right to make this decision even if baby is kept up longer than good rules say he should.

If she can be sensible and firm enough to keep him from eating and running about excitedly, she will do him no harm, but if she takes him where there are lights and music and crowds and amusements, that seems to me quite unpardonable. Mothers need recreation, but not at the expense of the small child. If there is no one to care for the children, then father and mother can take turns in going with some man or woman friend, knowing that baby is safe and well cared for at home. If they can manage to leave some responsible older person in charge of the baby that is even better. It is obvious that to leave a sleeping baby alone, even if one is sure he will stay asleep, is cruel and dangerous.

The baby who for long months has gone to bed at a regular hour is the child who can be left with strangers with the assurance that once he is asleep he can be depended upon to stay that way.

It is the child who has had no regular habits, who stays up until the parents go to bed, who insists on being a part of every family excitement, who can never be left with any one. He would raise the roof.

While we condone the breaking of schedules during those months of torrid heat when seeking a cool spot is everyone's right and privilege, as soon as the intense heat is past, baby should be reintroduced to his regular schedule so that the break will not be permanent. And just because one looks forward to such relaxation of rules during the summer months is no excuse for failing to establish regular habits in the small baby. It is much easier to reinstate an old habit than to start a new one.

HEALTH and DIET ADVICE

By Dr Frank McCoy
author of "The Fast Way to Health"

Dr. McCoy will answer personal questions on health and diet, addressed to him care of the Los Angeles Times. Inclose stamped, addressed envelope for reply.

HEALTH ICE CREAM

During a hot day, one's thought naturally turns to ice cream, but it should be thoroughly understood that the food value of ice cream is very high, and it should at all times be considered as a real food and may be used as a meal by itself or with fresh, whole or crushed fruits.

Most of the formulas used by the ice cream manufacturers contain approximately the same ingredients, 10 to 12 per cent milk fat, 14 to 15 per cent cane sugar, 10 to 11 per cent of milk solids, and less than 1 per cent of edible gelatin.

During the summer, I would suggest that you try some lunches of ice cream as the principal part of the meal, using with it any one kind of fruits, such as cherries, peaches, oranges or berries. Or, in place of fruit, you may use the cooked or raw nonstarchy vegetables. When you use ice cream, it is better to leave out meat, potatoes, bread, cake and all other heavy foods, as they are not needed with such a highly nutritious food as ice cream.

You can make a very fine health ice cream at home if you have an ice cream freezer. If you are inclined to be overweight, or intend the ice cream for children, it is better not to use as high a proportion of cream, but use more milk. It is also a little better to use brown sugar or honey than the refined granulated sugar in preparing the ice cream. If you wish the cream to be a smoother consistency, you can add gelatin, but you can make a very fine ice cream by simply mixing crushed fruits, whole milk and sufficient sweetening. Pure orange juice or crushed berries, mashed peaches, etc., can be frozen without milk for fruit ices by those who wish to avoid gaining weight. The following recipe will be found quite good:

CRUSHED FRUIT ICE CREAM

Measure into a dish half the contents of an envelope of plain gelatin and add to it two or three tablespoonfuls of cold water to soften. Crush the desired amount of one kind of fruit and mix with a half-pint of cream. Into another bowl put a pint of whole milk into which has been thoroughly mixed about a third of a cupful of honey, add to the fruit. Next, add the gelatin which has been dissolved over hot water. Stir all together and pour into freezer and freeze until of the desired consistency. The amount makes about a quart, depending upon the quantity of fruit used. The amount of honey varies with the acidity of the fruit.

If you have no freezer, you can make an ice in the following manner:

FROZEN CANNED FRUITS

Do not open the can of pineapple, peaches, berries, etc., but remove the label, placing the entire can in a bucket and entirely surround it with a mixture of chopped ice and ice cream salt. This will freeze in about a half-hour, after which the can may be opened by cutting around the outside edge—not the top. The frozen ice may then be sliced and served; or, if you have one of the new electrical refrigerators, you can place the can of fruit in the freezing compartment for about a half to three-quarters of an hour.

QUESTIONS AND ANSWERS

Rash

Question: H. W. G. writes: "A rash composed of water blisters has appeared on my neck and arms which irritates, especially at night. Have been eating a good deal of rhubarb lately."

Answer: Rhubarb is too acid to be used with ordinary food and you have probably guessed the cause of your trouble. Besides the acid of the rhubarb makes it necessary to use so much sugar to make it palatable that this mixture increases the acidity of the stomach above normal.

Treatment for Hair

Q.: F. D. asks: "Can you recommend something to use on my hair to thicken it and to make it grow?"

A.: The ice treatment applied to your scalp twice daily will make your hair grow strong. Keep your hair cut short and treat the scalp by applications of ice. Hold the ice in a thick towel and move it from one part of the scalp to the other, giving about a five-minute treatment. This brings the blood to the hair roots, and the hair shafts will become larger and stronger because of the increased blood supply. Rub in cocoanut oil afterward.

Warts

Q.: L. D. G. writes: "I am getting warts on my fingers and I want to know if there is any way to get rid of them, or to prevent any more."

A.: Warts are caused by a systemic acidosis, and can be prevented by proper dieting. Warts can be easily removed by the application of glacial acetic acid. Get a small bottle of these crystals in a drug store and apply a small crystal to each one of the warts. Rub vaseline all around the wart before applying the acid. One application of the crystals is usually sufficient.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

BREAST OF BABY LAMB HINDUSTAN

Take two pounds of breast of lamb and cut in even-sized pieces, place in a saucepan four tablespoonfuls of butter or shortening, and brown the lamb on both sides, remove to a saucepan, and cover with boiling water, add one-half of a bay leaf, one thinly sliced onion, two branches of parsley, two stalks of celery, one sliced carrot, three peppercorns and allow to cook until tender, remove from the broth and cool, pressing under a weight, remove the vegetables from the broth, strain through a fine cloth, add to it for every two cupfuls of broth, one teaspoonful of gelatine and allow to stand until cool, skim free from all grease, and add a teaspoonful of curry powder, remove the meat from the bones, cover the bottom of the mold, with a layer of the gelatine and allow to harden. Place a layer of the meat on this, cover with more gelatine, and allow that to harden. Place a layer of sliced cooked carrots and cooked peas on this. Continue in this way until all the ingredients have been used, having the last layer of jelly. Allow to harden and serve with a string-bean salad that has been seasoned with tarragon-flavored mayonnaise.

HAM AND HORSERADISH SANDWICHES

Twelve thin slices of ham, twelve slices of bread, two tablespoonfuls of finely grated horseradish, two teaspoonfuls of finely chopped parsley, cut the crusts from the bread, and spread with creamed butter, lay the thin slices of ham on the bread mix the horseradish and parsley together and spread the ham thinly with the horseradish mixture, roll up, and pin the rolls together with a tooth pick, place the rolls close together in a dish, cover with a slightly dampened cloth and set in a cool place for at least one hour before serving.

CARROT AND RIPE OLIVE SALAD

One cupful of cold cooked carrots, cut in small dice, one cupful of cooked peas, one-half a cupful of finely shredded cabbage, one small onion, chopped fine, one cupful of chopped ripe olives, a seasoning of salt, and paprika, mix the vegetables lightly, pour over them a French dressing, and let stand in the refrigerator for one hour. Drain off the French dressing, season with salt and paprika, place the mixture in lettuce cups, garnish with a spiral mayonnaise, sprinkle over a little chopped parsley and four strips of green peppers.

SUMMER SQUASH SOUP

Cut the stem and blossom end from one pound of summer squash, wash but do not peel, add one onion chopped fine, cover with three cupfuls of boiling water and cook until the squash is tender, mash fine, and add one cupful of rich milk, take two tablespoonfuls of flour, and cream it into three tablespoonfuls of melted butter, add this slowly to the milk mixture, stirring constantly, season with salt, and white pepper, serve hot, garnished with a spiral of whipped cream.

GUIDING YOUR CHILD

ABOUT DEATH

By Mrs. Agnes Lyne

Nothing serves so much to concentrate your child's thoughts on death as to let him feel that you are shocked by his interest in the subject.

The child naturally regards the fact of death with the same interest he feels in all other curious happenings in the curious world of nature. You are charmed with his interest in the birds and the flowers. You even answer cheerfully his questions about sex because you know he should be answered. But death—that is different.

You, yourself, feel both fear and revulsion when for a moment you divest yourself of your protective armor of indifference. His candid curiosity is appalling to you. You evade his questions. Or perhaps you even try to impress on him the horror of death in your effort to imbue him with a fitting respect for it.

You forget that death has no emotional associations whatsoever for your child until you give them to him or until some personal bereavement brings them home.

When your child finds a dead creature and shows only a frank interest in relation to it, be satisfied that his response is an entirely healthy one and indicates no lack of proper compassion. If a moment after he has learned of the death of a playmate he dashes gaily down the street on his scooter, it is not because he will not miss his little friend, but because he shows his feelings in ways foreign to the adult mind.

Life will make the fact of death real and serious enough. You need add nothing to the inevitable. Rather it should be your effort to rob the thought of death of any unnecessary distress.

EDWARD F. GARNER BURIED

Last tribute was paid yesterday to Edward F. Garner, retired manufacturer, a resident of Southern California for twenty-five years, who died Wednesday at his home, 216 Rosemont avenue. Funeral services at Edwards Brothers' chapel were followed by burial in Forest Lawn Memorial Park. Mr. Garner was 79 years of age. He came here in 1904 from Massachusetts. Besides his wife, Mrs. Elizabeth Garner, he leaves a daughter, Mrs. Lena May Plaisted of Los Angeles, and three sons, Clarence A. Garner of Los Angeles, and Edward A. and Frank C. Garner of Milwaukee.

YOUNG SEES DRY LAW AS DUAL DUTY

Federal Government and States Believed by Him to Share Responsibility

"Opinion to the contrary, the Eighteenth Amendment is the only amendment to the Constitution that puts on the Federal and the State governments equal obligation in the matter of law enforcement," declared Gov. Young yesterday, referring to the much-discussed letter of former Atty.-Gen. Wickersham, chairman of President Hoover's crime investigation commission.

The letter, addressed to Gov. Roosevelt of New York and read to a meeting of Governors in that State, seeking their opinions on Wickersham's suggestion that the various commonwealths take a definite share in the enforcement of national prohibition, started a storm of protest from dry Democrats and others during the past week.

"The amendment," Gov. Young continued, "specifically provides that the various States shall do their share in enforcing the law, but I am not enough of a lawyer to say whether the provisions of the amendment make it mandatory for the States to enforce the prohibition law."

Salesmen Tell Orders to Sell Unowned Land

Testimony was adduced yesterday in United States District Court in the trial of John W. Alford, Los Angeles promoter, accused of using the mails to defraud, that after the promoter's authority to sell so-called oil lands in Oklahoma was withdrawn salesmen were instructed to go ahead and sell the land.

C. L. Brudaker, a former salesman, testified that he was instructed to close his deals after the scheme had fallen through.

The case, being tried before United States District Judge Sawtelle, will be resumed on Monday.

State Creamery Combine to Add Arden Dairies

S. H. Berch, president of Western Dairy Products Company and California Dairies, Inc., yesterday announced the acquisition through their affiliated company, Western Dairy Farms, Inc., of the Arden Certified Dairy Farm at El Monte. This is a new step in the $4,300,000 milk purchase being negotiated by Western Dairy Products Company.

Western Dairy Products Company recently acquired the properties of the California Co-operative Creamery Company, which include the Burr Creamery and the Sanitary Gold Seal Creamery.

It is estimated the gross 1929 business of the combine will exceed $28,000,000. Addition of Arden concern will boost these figures considerably.

William Craig's Funeral Service Will Be Today

Funeral rites for William T. Craig, attorney, a native of California and a resident of Los Angeles for thirty-six years, will be conducted at 11 a.m. today at Pierce Brothers' chapel, 720 West Washington street. Interment will be in Forest Lawn Mausoleum.

Born in Watsonville on March 8, 1866, Mr. Craig was educated at the University of California and the Hasting College of Law. In 1893 he came to Los Angeles. He was associated in law practice with Frank C. Weller. He was a director of the United States National Bank and since 1900 had been attorney for the Wholesalers' Board of Trade.

Besides his widow, Mrs. L. Etta Brown Craig, he leaves a son, Talton R. Craig. The family home is at 528 South Harvard Boulevard.

APPEAL FILED ON PERMIT

James Atkinson yesterday filed with the Council an appeal against the decision of the City Planning Commission denying him a permit to conduct a private school at 734 Lucerne avenue. It was referred to the City Planning Committee.

TRAMS TO HIGH PEAKS PROJECTED

German Engineer Here Surveying Projects for National Parks

Tentative plans for the construction of a number of aerial passenger tramway systems in the West, similar to those in use in Europe and South Africa, were revealed here yesterday with the arrival of Richard Ernst of Leipzig, Germany, engineer for the Adolf Bleichert Company, of that city. He is a guest at the Alexandria.

Rainier National Park, the Yosemite, Mount Hood and the Grand Canyon were announced by Herr Ernst as possible locations for the air ropeway systems and surveys of several of these locations already have been made by Ernst, who has been in this country for that purpose for several weeks.

The German engineer has just completed surveys for projects in the Yosemite, at the behest of the Yosemite Park and Curry Company; in Rainier National Park at the invitation of the Rainier National Park Company, and at Mount Hood for the United States Forestry Department, he declared.

At the request of the Santa Fe Railroad Company, Herr Ernst will leave tomorrow for the Grand Canyon to make a similar survey there, he announced.

The Yosemite Park project would call for an aerial railway, with suitable terminals, from the floor of the Valley to Glacier Point, and would cost in the neighborhood of $300,000.

The Bleichert Company, designers of the "Bleichert-Zugg" passenger ropeway system, has designed and constructed 75 per cent of the aerial systems of the world.

WAR MOTHERS TO MEET

The next meeting of the Loyal Chapter, American War Mothers, it was announced yesterday, will be held next Tuesday at 2 p.m., in Patriotic Hall, 1816 South Figueroa street. Mrs. Frances Forrester, president, will preside.

Outdoors a Pippin
...indoors a Pest

For every woman there is a sermon in the case of this lovely Philadelphia girl (name withheld). Outdoors others found her so charming, so gay. But in the drawing room they politely avoided her. She couldn't understand it. The truth is that her trouble, which went unnoticed in the open air, became instantly apparent—and offensive—indoors.

Don't fool yourself

It's folly to assume that you never have halitosis, the unforgivable social fault. One out of every three is either an occasional or constant offender, surveys show.

Halitosis is caused by fermenting food particles in the mouth. Minor infections of the oral tract. Bad teeth, and Pyorrhea.

Rich Women

Rich women who know value prefer LISTERINE TOOTH PASTE at 25c to dentifrices costing more.

Kills germs—Destroys odors

Since you, yourself, cannot tell when you have halitosis, the wise precaution is to gargle with full strength Listerine. Every morning. Every night. And between times before meeting others.

Undiluted Listerine strikes at the cause of odors because it's an active—though safe—germicide. Even the stubborn Staphylococcus Aureus (pus) germ is killed by it in 15 seconds.

Furthermore, being a powerful deodorant it immediately destroys all odors arising in the mouth. Leaves your breath sweet and normal.

Be at your best

Keep Listerine handy in home and office and use it often. Take it with you on your vacation. By the way, our free Book of Etiquette may interest you. Address Dept. H9, Lambert Pharmacal Company, St. Louis, Mo., U. S. A.

Halitosis is a daily threat
end it with Listerine

M.-G.-M. Heads Laud Dialogue in "Dynamite"

A select audience of officials at M.-G.-M. went away from a preview at the studio of Cecil B. De Mille's first all-talking picture "Dynamite," convinced that this director has made the finest dialogue picture to date, it is said.

"Dynamite," which is to have its world premiere at the Fox Carthay Circle Theater Thursday evening, indicates clearly, says one of these executives, the stage training enjoyed by the director before he cast in his lot with pictures. This is his first Metro-Goldwyn-Mayer production. It returns to the dressy, boudoir vehicles such as "Male and Female," and "Why Change Your Wife."

Charles Bickford, the stage star whom De Mille borrowed from Broadway, and Kay Johnson, another favorite, divide acting honors in the production with Conrad Nagel and Julia Faye of film note.

BIRTH DATE LOST IN FIRE

Gladys Unger, playwright and cowriter with John Howard Lawson and Jeanie Macpherson of the dialogue for Cecil B. De Mille's "Dynamite," has invented the neatest excuse yet for not putting her birth date on the information sheet required by Metro-Goldwyn-Mayer. Miss Unger lists her birthplace as San Francisco, but at the place marked "birth date," she writes, "Date lost in the fire."

Stage Ambition Now Detriment

A burst of ironical laughter no doubt was heard when the fates satisfied Charlotte Stevens's ambition to become an actress. For Miss Stevens, who is portraying a leading role in "Jonesy," comedy-drama of American family life at the Vine Street Theater, wanted to be an actress because she liked to see shows. And now she can't see any.

The stellar acting of the diminutive ingenue has won her a succession of roles on the stage, so that now she is always busy at the theater.

BETTY, FRANK, HAPPY

Betty Bronson and her brother Frank are enjoying their vacation together in Europe. They are at present visiting Italy's resort, Lido. According to word received they will sail for home this month.

Pilgrimage Play Premiere Seen as Civic Event

Although the presentation is to be started without ostentation because of its biblical character, the initial performance on Monday night of the Pilgrimage Play in its own theater in Hollywood promises to take on the character of a civic event. Following the lead of Ian Maclaren, who portrays the part of Christ in the play, many members of the cast will be hosts to notables. Maclaren will entertain a group of stage and screen directors and players as his guests.

Phil Whiting, director of the picturesque play, will conduct the final dress rehearsal tonight with the cast of more than 125 and with the elaborately augmented lighting and scenic effects to characterize this year's presentation.

CONCERTO BY ELLY NEY IS ACCLAIMED

Balanced Program Offered by Molinari Wins Approval of Bowl Audience

BY ISABEL MORSE JONES

Friday night at the Bowl is soloists' night. The crowd began to gather at sunset and long before 8 o'clock thousands had found their seats. Elly Ney, the world's most vivid pianiste, played the Emperor concerto of Beethoven with the broad surety to be expected of one so greatly gifted.

Molinari balanced the finished classicism of his Vivaldi, and the concerto gross of Handel, with a Satanic revelation of Duke's "Sorcerer's Apprentice." It matched his "Danse Macabre" of last season, in an alluring and devilish quality. Molinari has been called the Mephisto of the baton and after experiencing his "Sorcerer's Apprentice" and the "Danse Macabre" I think he has been well named.

Vivaldi's "Spring" and Handel's Concerto Grosso No. 6 were closely associated in mood. Sylvain Noack, the Bowl concert master, played solo violin in both numbers and his clear, unforced tone sang out over the huge audience and displayed his artistry to advantage.

The integrity of these two truth-telling composers of another and simpler age, was maintained by Molinari without deviation from that perfection of good taste which marks all his readings. His peculiar sympathy with the classic melody and restrained style make of him the ideal interpreter of Handel, Haydn or Vivaldi.

Elly Ney is one of the great personalities of the concert stage. She is a towering figure of a woman reared under the inspiration of the legends of Wotan, Brunnhilde and Tristan. There is something colossal about her musicianship in keeping with this largeness of spirit.

Her Beethoven concerto had its proper setting in this huge Bowl with 15,000 people listening and having for its support an orchestral accompaniment of great understanding. She plays Beethoven as if she became the master for the moment, entering into the spirit of the work with all the sincerity of her noble soul.

For encore Mme. Ney gave a liberal transcription of one of Beethoven's country dances in an improvisational mood.

During the intermission Mrs. Leland Atherton Irish recalled some of the old intimacy of the Bowl by presenting Artie Mason Carter who regaled the audience with her characteristic "boosting" for the Bowl and received a long and hearty ovation both from the orchestra and the audience.

Tonight Hollywood bids the great Italian maestro farewell.

Writer Claims Crime Pictures Affect Youth

Motion pictures about the underworld which teach the lesson that crime ultimately does not pay, do a great service in turning the thoughts of young people away from this field, according to J. Grubb Alexander, who wrote the screen play and dialogue for "The Gamblers," now in its closing days at Warner Brothers' Theater.

According to Alexander, to hide any subject under cover of darkness, such as the one of crime, is to inspire a great deal of curiosity and interest in it. This is even furthered by the publication of so many lurid books about criminals, which present them in a highly romantic light.

Alexander wrote the screen play and dialogue for "Evidence," which is serving as the vehicle for Pauline Frederick's comeback to the screen after an absence of over a year. This scenarist has also finished work on "General Crack," John Barrymore's latest starring production, for which he prepared both the screen version and the dialogue.

Colorful Event Scheduled for United Artists

A brilliantly lighted pathway will lead directly to the entrance of the United Artists Theater Wednesday night, when "Four Feathers" has its gala western premiere. All traffic will be diverted from Broadway between Ninth and Tenth streets and those attending the opening will drive to the door of the theater through this specially created boulevard.

The premiere of "Four Feathers" is forecast as one of the most colorful affairs ever offered at the United Artists Theater. Practically the entire cast of the film will attend in person, and including such players as Richard Arlen, Fay Wray, Clive Brook, William Powell, Noah Beery, George Fawcett and Theodor Von Eltz. "This Is Heaven," current offering, will have final showings Wednesday afternoon.

Tower Theater Has Color Film

"On With the Show," the first all-talking, singing and natural-color picture produced, is now playing at the Tower Theater. An entirely new color process was used to bring out each color shown in the film in its proper value.

"On With the Show" provides music, dancing, gorgeous settings and costumes. The cast includes Betty Compson, Joe E. Brown, Sally O'Neil, Arthur Lake, Louise Fazenda and William Bakewell.

SAINPOLIS TO APPEAR

John Sainpolis, who takes the part of Mary Pickford's father in "Coquette," starting today at the Fox Uptown, will make a personal appearance on the Uptown stage this evening. "Coquette," Miss Pickford's first all-talking production, is scheduled to show at the Uptown for four days. John Mack Brown appears opposite the star and Matt Moore also has a prominent role. On the same bill with "Coquette," the Uptown offers Fox Movietone News and new Vitaphone shorts.

Favorite Navigates "Big Pond"

Robert McWade
Who again takes the part of an irascible and fussy father in the current stage attraction at the Hollywood Playhouse. His character off stage is said to be exactly the reverse.

JEANNE EAGELS IN SUTRO PLAY

Maurice Chevalier to Film Story at Long Island; Barry Norton Featured at R.-K.-O. Lot; Carmelita Geraghty at Universal

BY MURIEL BABCOCK

JEANNE EAGELS

The dynamic Jeanne Eagels will sweep across the screen next in the Alfred Sutro drama, "The Laughing Lady," which served as a stage vehicle for Ethel Barrymore in 1923.

Maurice Chevalier, French master of laughter and song, is to make his new starring effort for Paramount at the Long Island studio, departing from Hollywood for the east coast as soon as he finishes "The Love Parade" with Ernst Lubitsch, now in production.

These two bright pieces of news emanated yesterday from the office of Jesse L. Lasky, first vice-president of Paramount-Famous-Lasky Corporation, coincidentally with the announcement that Monta Bell, producer at the Long Island studio, had been re-signed on a new contract.

Bell, who went to New York from Hollywood to identify himself with eastern production, will direct two pictures and supervise three during the coming year. The first of these will be the Jeanne Eagels film and the second the Chevalier picture, both to be made at Long Island.

Meantime, Clive Brook has already left for New York to star in "The Return of Sherlock Holmes," production of which is to be started almost immediately. Basil Dean will direct.

BARRY NORTON MOVES TO R.-K.-O. STUDIO

From Fox studio to the R.-K.-O. lot is the road traversed by Barry Norton this week.

BARRY NORTON

Barry, dark-eyed romantic looking lad who was seen not long ago in "Mother Knows Best" with Madge Bellamy, has been borrowed by R.-K.-O. to play the leading role opposite Marceline Day in "Tanned Legs." He goes to work today in the production.

From a story by George Hull and directed by George Seitz, "Tanned Legs" deals with the fast-moving foibles of the younger generation. Barry is to be the one conservative youth among a crowd of whoopee-making youngsters.

Nugent in "Navy Blues"

J. C. Nugent, who came to talking pictures to produce his own play, "The Rounder," as a talking drama and lately played his stage role in "Kempy" at the Metro-Goldwyn-Mayer studios, was cast yesterday for the father role in "Navy Blues," William Haine's new starring vehicle which Clarence Brown is directing.

Nugent plays the father of the heroine, a role enacted by Anita Page. Haines takes the part of a gob aboard a destroyer. Karl Dane is seen as "the Swede," Haines's rival in the Navy. The play is now in rehearsal. It is Brown's first directorial effort since "Wonder of Women," in which he directed Peggy Wood, New York stage star, and Lewis Stone.

Director Turns Actor

Directors changing to actors is becoming rather a common occurrence.

Lester Lonergan, one-time leading man for Mrs. Fiske, an occasional playwright, more recently stage director of "The Command to Love," and known for his production of Drinkwater's "Abraham Lincoln," was engaged by Fox to come west to direct talking cinemas.

Yesterday Lonergan found the call of the grease-paint too strong to resist. He jumped into the part of the judge, the most important male characterization outside of the lead, filled by Paul Muni, in "A Friend of Napoleon," from Richard Connell's story published in a national weekly magazine. Marguerite Churchill is leading woman, while Owen Davis, Jr., son of the playwright, has a part.

Color'ul River Role

Into one of the colorful roles of "The Mississippi Gambler," story of life in the card rooms of the old river boats, has stepped Carmelita Geraghty. Announcement of the casting of the young actress in this new Joseph Schildkraut starring vehicle for Universal was made yesterday. Reginald Barker is directing. The leading woman has not been chosen.

Cissy Fitzgerald Named

A new addition to the cast of "Broadway Hostess," with Billie Dove and Edmund Lowe in production at First National, is Cissy Fitzgerald, who is to play Miss Dove's mother.

"Teacher" Practices

What could be more delightful to a student than to see his teacher called upon to "practice what you preach."

ANN HARDING

This extreme pleasure has just been enjoyed by members of the Pathe School in Talkie Technique. Their tutor, Frank Reicher, just completed a role as the prosecuting attorney in Ann Harding's second all-dialogue film, "Her Private Affairs." Incidentally, Miss Harding yesterday moved her make-up box to United Artists preparatory to starting in "Condemned," with Ronald Colman.

Criterion Ready for "Show Boat"

The Fox Criterion Theater is packing up the tear-stained handkerchiefs left over from the run of "Madame X" and is getting ready for the popular run of "Showboat," which starts Wednesday. "Madame X," all-talking M.-G.-M. drama, finishes its run Tuesday night.

"Showboat" combines three things—Edna Ferber's best-selling novel which broke book records for three successive years—Florenz Ziegfeld's song hits and music—and Universal's all-talking and singing musical version with an all-star cast.

As a novel "Showboat" achieved notable success; as Ziegfeld's musical production it broke all Ziegfeldian box-office figures, and as Universal's all-talking and singing picture it stands first among the 4200 photoplays which Universal has released since 1915.

Actor Desires Comedy Roles

George Leffingwell fears that he is doomed to remain a villain on the stage. "Only once have I been allowed to act a comedy role," says the actor, who appears in Dick Loring in "The First Year," with Henry Duffy, Dale Winter and the Henry Duffy Players at El Capitan. "That was in 'Take My Advice.'"

Leffingwell has operated his own stock companies in various sections of the country. He came to the Pacific Coast to appear in "The Cat and the Canary," the first production made by Henry Duffy as a Coast manager.

NOTED BAND RETURNS TO MONTMARTRE CAFE

With a triumphant home-coming that is still the subject of conversation, Proff Moore and his orchestra returned to the Montmartre this week. The noted band will continue its engagement at the Hollywood cafe, where it is a great favorite with motion-picture players who make their rendezvous there, according to Eddie Brandstatter, owner of the cafe.

Brandstatter also announces the extended engagement of Paul Whiteman's Rhythm Boys, who are introducing brand-new songs and musical novelties. Danny O'Shea will continue to officiate as master of ceremonies.

MASTER OF CEREMONIES SELECTED

Benny Rubin Heads Stage Show at Orpheum; Other Acts Announced

Scheduled to officiate as master of ceremonies besides appearing in a new act of his own, Benny Rubin, stage and screen comedian, will appear as a special attraction on the new Orpheum show opening today. The engagement was arranged through the courtesy of Metro-Goldwyn-Mayer studios.

Ted Lewis and his Musical Klowns with Eleanor Brooks and Arline Langan, held over for a third week by popular demand, headlines the new bill, which also includes "Skyscrapers," a revue with twenty-five entertainers, including Jack and Kay Spangler and Cooper and Clifton, late features of Earl Carroll's "Vanities;" Rosemarie Marston, erstwhile favorite of "Ziegfeld Follies;" Ray Colman, the Eight Broadway Flappers and Zeke Lee's Ten Deckhands.

Other Radio-Keith-Orpheum attractions booked are Peter Higgins, noted young tenor, assisted by Frank Dixon; Nathal, Europe's "Man-monkey;" the Dixie Four, darktown singers and dancers; Wilson, Keppel and Betty.

Actress Makes Stage Debut as Bathing Beauty

Helen Hayes, who expertly impersonates the tragic flirt in "Coquette" at the Belasco, was first greeted by a New York audience on a summer's night at the Harold Square Theater in June, 1909.

In the stage box on the left sat "Diamond Jim" Brady, most noted of first nighters, and in the corresponding box on the left, the radiant Lillian Russell, the toast of Jacks and Delmonicos. Leading the orchestra was no less a personage than the late Victor Herbert. The show was "Old Dutch," and the producer was Lew Fields. In the cast were John Bunny, Vernon Castle and Ada Lewis.

Miss Hayes, but recently taken from a dancing school in Washington, gave a pantomimic imitation of Annabelle Whitford as the Gibson Bathing Girl in the Ziegfeld Follies. She also gave an impersonation of the prima donna, but by gesture only. Had a single word been heard from her—Miss Hayes was then but nine—the Gerry Society would have swooped down and incarcerated her and the entire company, it is said.

Molinari Leads Last Number at Bowl Tonight

Bernardino Molinari will direct his farewell concert at Hollywood Bowl tonight. Beethoven's Fifth Symphony, apotheosizing the conquest of mind over matter, is the first number.

The minuet from Gluck's opera, "Orpheus and Eurydice," will inject the lilt and laughter of strings that have made Gluck a program favorite. In the Mendelssohn scherzo from the incidental music he wrote for Shakespeare's "Midsummer Night's Dream," next on the program, may be distinguished characterizing touches which identify every mummer of the play.

The Moussorgsky fantasy, "A Night on Bald Mountain," on a Faustian theme, presents pliable material for the uncanny Molinari baton. The overture of Rossini's opera, "Semiramide," is the concluding number of the final Molinari program. As the trumpet's blare expends itself on the hillsides of the Bowl, the last notes of the most memorable two weeks of consummate concertizing in Hollywood Bowl will have come to an end.

Chinese Lists Surprises for Midnight Show

In keeping with the practice of furnishing surprise features, two of the younger motion-picture stars recently to attain film success have been invited to appear as special honor guests at tonight's midnight matinee of the "Hollywood Revue of 1929" in Grauman's Chinese Theater. Charles King, Anita Page and Bessie Love will also be guest artists and Frank Richardson, Fox star, will be master of ceremonies.

The trio of Metro-Goldwyn-Mayer players who starred in the "Broadway Melody" and who also contribute to the entertainment of the "Hollywood Revue" will participate in impromptu presentations under the direction of Richardson.

In addition to the introduction of the surprise guests, the management of the Chinese is arranging a number of other features, the nature of which will not be disclosed until the performance starts.

Majestic Ends Summer Comedy

Bringing to an end the successful run of "Love-In-a-Mist," comedy of truths and untruths, tonight, W. D. Horton, producer at the Majestic Theater, has contributed much to the season's summer fare.

"Love-In-a-Mist" presents several interesting "shows within a show," by its numerous highlights, it is said. Besides the plot itself, attention is focused on the antique furniture used in the unusual set. The furniture is from the home of Edward Everett Horton. The cast includes such favorites as Sylvia Field, Mitchell Harris, Lurene Tuttle, John Litel, Florence Mason and others.

PHILLIPS FINISHES

Eddie Phillips, who is now completing the last picture in the final series of the "Collegians" at Universal, is one of the few actors portraying college roles, who actually attended university. He was a student at the University of Pennsylvania when he decided upon a theatrical career.

First Photos From Quake Zone in New Zealand Reach Los Angeles

A SERIES of the most violent earthquakes ever recorded in New Zealand shook the North and South Islands during June, razing villages, blocking rivers and causing damage estimated at millions of dollars. The [illegible] loss of life was small compared with the tremendous physical damage. The photos below on this page are the first to be received in the United States. They were taken by an American news cameraman on [illegible] Zealand at the time and reached Los Angeles yesterday on the liner City of Honolulu. The full extent of the damage has not yet been estimated because of the remoteness of the district affected. (Times photos.)

STARS FIGURED 40,000,000,000

Astronomers Finish Stellar Catalogue Begun in 1910

Involved Photographing of 68,000 Heavenly Bodies

Mt. Wilson Scientist Tells Completion of Task

PASADENA, July 19.—There may be as many as 40,000,000,000 stars in the stellar system, according to Prof. Frederick H. Seares, assistant director of Mt. Wilson Observatory, who today announced completion of a stellar catalogue which will be issued shortly by the Carnegie Institution of Washington.

The work, which will afford important data for astronomical research, was started nineteen years ago at the request of the late Prof. J. C. Kapteyn of Holland. Others who took part in the undertaking which involved photographing 68,000 stars and the determination of their luminosities are Prof. P. J. Van Rhijn, successor to Prof. Kapteyn as director of the Astronomical Laboratory at Groningen, Holland; Myrtle L. Richmond and Mary C. Joyner, both of Mt. Wilson Observatory.

SAMPLES TAKEN

Although a billion stars can be observed with a maximum of human patience through the Mt. Wilson telescopes, it is impossible to study systematically such a number, so a series of sample regions were selected which were studied in detail, Prof. Seares explained.

A similar method, according to the astronomer, might be applied in determining the populations of large cities. Some districts would be more densely populated than others so an estimate would be taken in various sections to arrive at an approximate total.

In compiling the new stellar encyclopedia or catalogue, 139 areas in the sky, each of which occupies less apparent space in the heavens than that occupied by the sun or moon, the observable stars were found to be so numerous that they totaled almost 68,000.

FIRST REAL GUIDE

If the density of stars that cannot be observed with the most powerful telescope is similar to that of those catalogued, according to Prof. Seares, the total in the system must be 30,000,000,000 or 40,000,000,000.

Information on distribution of stars has been available before, but the new encyclopedia is asserted to be the first authoritative and extensive study completed.

Prof. Seares was graduated from the University of California and studied also at the University of Paris and University of Berlin. He has been connected with Mt. Wilson Observatory twenty years.

Woman Bitten by Spider in Critical State

ONTARIO, July 19.—Grave fears were felt today for Mrs. D. P. Irvin, 748 Nocta street, who was bitten by a large black spider at her home. Mrs. Irwin reached under a table and felt a sharp sting in her hand and thought she had come in contact with a splinter but upon looking under the table discovered the spider.

Within a short time she began to suffer and a physician pronounced her condition critical. A special nurse is at her bedside constantly.

EDISON MAN HEADS REDONDO CHAMBER

C. W. Koiner

REDONDO BEACH, July 19.—C. W. Koiner, district manager of the Southern California Edison Company, was installed as president of the Chamber of Commerce here at its annual banquet and forum meeting last night. Other officers seated were E. C. Dearth, vice-president; Miss A. Cummings, secretary, and G. H. Anderson, treasurer. On the board of directors are Grail Fuller, H. J. McNally, Henry Froude, George Evans, J. D. Beebe, E. E. Williams, H. C. McMillen, Oscar Markowitz, H. G. Cooper, F. W. Huff, M. H. Moore, C. O. Pierpont and O. N. Tomlinson.

George Shaw, chief deputy real estate commissioner of the State, was the principal speaker, and entertainment was furnished by Mrs. Ralph Schaeffer, pianist, and Celia Holmes in Spanish dances. The dinner was held in the new Elks' Club dining-room and was well attended.

Action of the directors in forming an advisory board composed of the three immediate past-presidents of the organization was before the membership for approval. W. T. Thompson, Henry Froude and Jack Funk will constitute this board.

WIFE OF BANKER SUES FOR DIVORCE

SANTA ANA, July 19.—Waldo O'Kelly, Fullerton banker, is charged with desertion in a suit filed in Superior Court by his wife, Mrs. Edna Lee O'Kelly. Stating that her husband receives a salary of from $6000 to $7000 per year, Mrs. O'Kelly demands a "reasonable sum" as alimony and for counsel fees and court costs. Attorneys L. A. West and B. Z. McKinney of Santa Ana, represent her in the proceedings. The O'Kellys were married in Anaheim November 4, 1903, and separated June 1, 1928, according to the divorce complaint. They have one son, Lee W. O'Kelly, 24 years of age.

SAN DIEGO LEARNS PHYSICAL VALUE

SAN DIEGO, July 19. — City, county and States taxes will be computed this year on an assessed valuation total of about $223,600,000, of which the net city valuation to be assessed amounts to approximately $157,000,000, figures prepared by County Auditor C. R. Hammond indicated today. The figures were compiled after the City Council and County Supervisors, working on their respective budgets, asked for estimates on which to base a tax levy.

COLE ANNIVERSARY NEARS

Pasadena Patriarch to Observe 103rd Birthday on August 15 at Dinner Given by Masons

PASADENA, July 19.—Indicating the esteem in which he is held by those who walk in the halls of the great, congratulatory letters from President Hoover and other national figures have been received by Galusha M. Cole, this city's revered and oldest citizen, who will celebrate his 103rd birthday on August 15.

Besides President Hoover's letter, messages have been received from Chief Justice William Howard Taft, ex-President Coolidge, Vice-President Curtis, Secretary of State Stimson, Secretary of the Treasury Mellon, Gov. Young, Gov. John H. Trumbull of Connecticut and Henry Ford. These letters and others which arrive before the anniversary will be placed in a leather binder and presented to Mr. Cole at a dinner in his honor to be staged by Pasadena Commandery No. 31, Knights Templar, in the Masonic Temple, Tuesday, August 13.

MEMBER FORTY YEARS

Mr. Cole has been a member of the Knights Templar here forty years, having demitted soon after the local organization was founded, from Richmond, Ind.

The testimonial binder will be presented by Perry W. Weidner, Deputy Grand Master of the Grand Encampment, Knights Templar of America. Roy A. Parkinson, captain general of the commandery, will read the congratulatory messages.

Those who will attend the dinner include former Gov. Stephens, Past Commander of Knights Templar of California; Frederick W. Plaisted, former Governor of Maine, and possibly Gov. Young.

Mr. Cole was born in Pomfort, Ct., August 15, 1826, during the administration of John Quincy Adams. For fifteen years he served as head of the music department of the Richmond (Ind.) schools. He served for many years as a leader of church choirs and as organist of the Knights Templar here.

RAISES GARDEN

The veteran Mason is asserted to be the oldest living Knight Templar in the United States and his proud boast is that he has voted for every Republican President since Lincoln. He formerly obtained his exercise by walking two miles through the business district from his home at 306 South Lake avenue, but he has curtailed his walks this summer to use his energies in cultivating a vegetable patch which he hopes will furnish some radishes for his 103rd birthday dinner.

LAW AIMED AT GAMBLING SHIP

Ventura Council Strikes to Stop Johanna Smith

Prohibits Transportation of Persons to Vessel

Based Upon Municipal Right to Protect Citizens

VENTURA, July 19. — The City Council, sitting in special session last night, declared an emergency and adopted an ordinance prepared by City Attorney Walter Fourt, making it unlawful for any person to carry, transport or convey another person from within the city limits to a gambling ship. The city limits extend one mile out in the Pacific Ocean, and violators of the law are liable to a $300 fine and three months' imprisonment.

EMERGENCY DECLARED

The ordinance went into effect today before operation of water taxis to and from the Johanna Smith started.

The legislation is based on the right of city officials to protect the welfare of residents from any practice which may be deemed detrimental by the city's governing body. Although the ordinance is without precedent here or elsewhere, the City Attorney has declared it to be firmly founded. It is expected to become the criterion by which other cities confronted by similar circumstances may eradicate their difficulties.

NO OPPOSITION

On request of Fourt, the Council met in special session and, in the absence of Councilman H. E. Albero, passed, by a vote of four-fifths of its members, a motion declaring the presence and activities here of the Johanna Smith a situation requiring an emergency measure and, by a similar voted adopted the ordinance presented by the City Attorney.

A man believed to have been a representative of the gambling ship appeared in the Council chambers during passage of the measure. But no comments were offered nor was any attempt made to interfere with the Council's action.

Noted Jurist Blames Crime on Emotions

SANTA MONICA, July 19.—"Lack of emotion, not intellectual subnormality, is the principal cause of crime," Chief Justice Harry Olson of Chicago, one of the advisers drafting a new criminal code for President Hoover's crime commission, stated in an interview here.

The eminent jurist, who presides over one of the municipal courts of Chicago, which with forty-six associate judges, one of the largest single court in the world, has been a guest of John Stuart McGleashan at Pacific Palisades.

A psychopathic laboratory is connected with the court, and trained alienists examine and analyze mental suspects. Causes of such fundamental crimes as robbery, burglary, homicide as the result of the two, and assaults upon women, have been found to be due largely to defects of both the intellect and basal ganglia, in which are seated the emotions, he declared.

"The brutal Hickman case was an example," he said. "The emotionally defective can kill as Hickman killed." He questioned the soundness of basing the legal test for responsibility on knowledge of right and wrong, as now prevailing in every State of the Union.

Quorum Lack Balks Lawyers

SAN DIEGO, July 19.—The meeting of the San Diego Bar, adjourned from the 8th inst. until today, was called off today due to lack of attendance. Nine attorneys appeared for the meeting, but were not a quorum. Those present were former Judge W. P. Cary, president of the San Diego Bar; Secretary W. H. Adams, and Attorneys Gordon Gray, F. H. Heskett, D. L. Ault, J. E. Hewicker, P. B. Green, Clarence Harden and Renwick Thompson.

The meeting had been called for the purpose of recommending a San Diego man for appointment as one of the three judges for the new Appellate Court. The attorneys at the last meeting were about evenly divided between C. C. Haines and L. B. Jennings, both San Diego Superior Court judges, for the recommendation. Attorney Gray is promoting the Haines campaign while Heskett is supporting Jennings.

The meeting today broke up in disgust and the small group present scored their fellow-members for failure to attend and apparent lack of interest.

Douglass Sells Out Newspaper

LA HABRA, July 19.—A change in the ownership of the La Habra Star was announced today. A. V. Douglass has sold his half interests to L. M. Hopper, who thereby becomes associated with A. W. McBride in the ownership and management.

Hopper has been connected with the paper for several years and was associated with Douglass in the publication of a paper at Brea. Douglass founded the Star in 1916. He sold a half interest to McBride on July 1, 1928. McBride has been editor and manager since that time and Douglass went into a real-estate partnership with H. O. Price, which connection he will continue.

HE MERELY WANTS TO BE SURE

Man Applies for License, Lives With Woman Fifteen Months and Now Has Baby But Thinks They Should Get Better Acquainted Before Marrying

REDLANDS, July 19.—Prospero Castro does not like to be rushed. Especially when it comes to marriage. He told Police Judge C. G. Porter this morning that he did not intend to be stampeded into any fast marriage of which he would repent at leisure. Just for that the judge bound him over to Superior Court to answer a charge of seduction.

Castro was charged by his common-law wife with having taken her to San Bernardino, where they filed notice of intention to wed. Prospero then persuaded her to go home with him, telling her, she says, that they would be married in four days. But the four days stretched out to four months, then over a year, and there is now a 3-months-old baby.

Prospero admitted all this on the stand. Then he said he still intended to wed the woman, who has lived with him about fifteen months.

"But Judge, I have felt and do now, that we should not get married until we get better acquainted."

OJAI GIVEN DIAL PHONES

Shift Over from Old Manual-Type Instruments Completed; New Directories Distributed

OJAI, July 19.—Anticipating that with completion of the Maricopa road much progress will be made by this growing city, the Pacific Telephone and Telegraph Company has expended $90,000 for an up-to-date dial telephone system, J. M. Bidlake, district commercial manager of the company, announced today.

All subscribers here now are using the new dial phones, the change from the old manual system being accomplished yesterday.

The exchange building cost $8000 to erect, Bidlake said. Additional cable connections with the Ventura exchange were made in order that the service between these two points might be speeded up.

A total of 9000 copies of the new directories are being distributed throughout the county. This represents an increase in the telephone subscribed list of 1200 over last year. Ventura has 3700 telephones this year as compared with the 3000 listed in the last directory.

STREET CAR TRACKS TO DISAPPEAR

Santa Barbara Council to Advertise for New Transportation System

SANTA BARBARA, July 19.—Immediate legal procedure to compel the Santa Barbara and Suburban Railway to remove its tracks from city streets, as well as all of its other equipment, was ordered in a resolution unanimously adopted yesterday by the City Council. At the same time the company's franchise was ordered forfeited forthwith, the Council, on motion of Councilman Crawford, agreeing unanimously to advertise for bids from transportation companies to establish either a railway or bus system within the city limits, the bids to be returnable August 1, next.

Just prior to the above action, the Council adopted a resolution providing for the immediate removal of all buttons in the streets which marked railway safety zones for passengers boarding and leaving street cars.

Good Swimmer Nearly Drowns With Cramps

VENICE, July 19.—A spectacular rescue from the ocean was made by Lee Cronin, municipal lifeguard, when he pulled Scott Culley, 24 years of age, from a pounding surf after the young Los Angeles man, who lives at 525 West Forty-third street, became helpless from an attack of stomach cramps, Venice police reported today. The rescue occurred at the foot of Avenue 34, and Culley was treated at the Emergency Hospital here before Dr. Joseph Saylin, police surgeon, ordered him taken to his home.

Cronin plunged into the surf when witnesses of the near tragedy summoned aid, sending alarms to the main headquarters at Brooks avenue and to the substation at Avenue 34. Culley was some distance from shore, being a good swimmer; but the sudden attack of cramps, a new experience, he told his rescuer, made him employ all his skill in the water to keep from going down. He could make no shoreward headway, concentrating on keeping afloat.

Chief of Lifeguards Cox and Volunteer Guard Nick Lutze, the wrestler, made a quick trip to the scene from the more distant station, but Cronin had towed the distressed man in when they arrived. Culley was exhausted, but it was believed he would recover completely in a few days.

OFFICERS BUSY WITH MOTORISTS

POMONA, July 19. — Pomona Valley motorists who are required under the new State law to obtain new driver's licenses to operate motor vehicles, are swamping the constable's office here and the Sheriff's substation at San Dimas, applications being taken and passed at the rate of 100 a day at each place. Both have examined 500 each since Monday, when the application blanks were received, making a total of over 1000 who have been examined to date.

PRINTERS PLAN PICNIC

NORTH HOLLYWOOD, July 19.—Apprentices of Junior Typographical Union No. 174, including workers on Los Angeles dailies, are planning to hold a picnic in North Hollywood Park Sunday, August 4. A music and athletic-game program will follow dinner at 1 p.m.

OFFICIALS ASK EARLE TO APPEAR

Former City Engineer of Pasadena Faces Quiz on Graft Evidence

PASADENA, July 19.—Warren C. Earle, former City Engineer here, who was dismissed after charges of paving graft were made against his department, today was requested to appear Monday at the District Attorney's office to make a complete statement in connection with asserted overcharges totaling more than $2100 on city improvement work during the last five years.

It was also announced at the City Hall that City Manager R. V. Orbison has been criticised because of his failure to provide the District Attorney's office with sufficient evidence to present the case to the grand jury today.

Orbison admitted after conferring with Dep. Dist.-Atty. Percy Hammon, legal adviser for the grand jury, that Hammon was disappointed by the report compiled under the direction of the City Manager's office.

It is Orbison's belief, however, that his own investigation of irregularities in the engineering department has proceeded as far as possible, that the city is interested only in the civil end of the investigation, and that it is up to the District Attorney's office to gather evidence for any criminal action.

"The city's reports show irregularities, but do not prove the commission of criminal acts," Orbison asserted. At 2:30 p.m. yesterday, he denied that he had read or studied the completed report which he took from this city to Los Angeles yesterday morning.

Special Investigator J. A. Burwald of the District Attorney's office could not be located this afternoon by newspaper men who wished to ask him to affirm or deny rumors of a break between the District Attorney's office and Orbison.

Chilean Cadets to Pay Visit at San Diego

SAN DIEGO, July 19.—This city is to be visited the latter part of this month by several cadets from the Naval Academy at Valparaiso, Chile, who are due here on the Chilean training ship Daquebano, which is on a cruise around the world. The ship is to proceed from here to San Francisco, being due at the northern city early in August.

A German army officer, Capt. H. Speidel, also is due here within a few weeks, being scheduled to make an inspection tour of local military aviation activities. Capt. Speidel, an artillery officer, is taking a training course in the United States.

HOSPITAL ADDS DOCTOR

NORTH HOLLYWOOD, July 19. Dr. John C. Carter has been added to the staff of the Police Emergency Hospital here. Dr. Robert Dunsmoor is surgeon in charge. Two nurses also are on the staff.

APRICOT PITS DAUBED ON FLAPPERS' FACES

ONTARIO, July 19.—What becomes of the tons of apricot pits taken from fruit during the canning season? This is an oft-propounded question here. The answer was learned today. The pits take a ride to Germany and then come back to America to be eaten or spread over the American flapper's face as powder.

As soon as the apricots have been sliced open at the canneries the pits are placed in large piles on a drying platform. They are then sacked and shipped to Germany, according to cannery men. In Germany the kernels are taken from the pits and treated in various ways. Oil is extracted from them. Tons of the kernels are said to be sold as imitation almonds and still others are chopped up and used in the manufacture of candy.

Some German companies use the kernels as a base for face powder. The manufactured products are sent back to America.

VENTURA NEED OF WATER TOLD

Senator Duval Says Entire County Must Act

Rapidly Lowering Level of Water Basin Cited

Series of Reservoirs and Dams Held Necessary

SANTA PAULA, July 19.—Declaring that the water situation in Ventura county is rapidly becoming more and more serious due to the lowering of the water level in underground streams and reservoirs, State Senator Duval of this city urges construction of a comprehensive system of dams and reservoirs to conserve the winter rainfall and prevent the tremendous run-off of water to the sea.

The entire county is faced with a serious situation, he said today, and should get together in the formulating and carrying through of a program of water conservation that will allow for growth and development of the section. He said that immediate action might not be necessary, but the people should begin to think about it now for the situation is rapidly becoming worse and there must be action before long.

SITUATION SERIOUS

The Senator stated that it is a well-known fact that the water levels are much lower than ever before and the addition of more pumping stations and increasing development projects will force the underground water reservoirs to a still lower level.

"The situation is now becoming more serious and little is being done about it," he said. "When the water level recedes stronger pumps and stronger pipes are put in, but that can't go on forever. There is no telling how long was required to fill the underground reservoirs, but we do know that we are taking out the water faster than it is going in.

SESPE IMPORTANT

"Construction of dams and reservoirs in the canyons tributary to the Sespe and possibly to Piru Creek would be the most feasible means of conserving the water resources of the county, in Senator Duval's opinion. He believes that the Sespe watershed is of the greater importance and dams and reservoirs should be built in the canyons tributary to that stream that would impound water not only for the following year, but for years to come.

All the residents of this county should get together on this water situation as it is a matter for the whole county and not of districts, he declared.

"Little local squabbles should be forgotten in coping with this larger problem and it is a problem that confronts all of us and which must be answered satisfactorily if the prosperity of this section is to continue," the Senator added.

Trio Credited in Crime Wave

REDLANDS, July 19.—Don Wilford, charged by police here with being the head of a gang of sneak thieves, check passers and car strippers working in Colton, San Bernardino and this city was arrested on information furnished by the police here.

Wilford is charged with having passed a bad check at a local market yesterday and with having given bad checks to other merchants. He is also charged with having stolen a radio at Loma Linda, and local police have the radio. Further the police charge him with having stripped several cars.

Frank Howell and Cecil Cooper were arrested with Wilford. The latter is said to be a deserter from the Navy.

Large Walnut Crop Sighted

ORANGE, July 19.—Prospects for a supernomal walnut crop, with the greater number of walnuts grading as No. 1, is the prediction of A. D. Smiley, secretary and manager of the Richland Walnut Association. According to Smiley, crops in Orange, San Bernardino and Ventura counties are extra good while other counties in the State will have a less than normal crop.

Dusting for the aphis is in progress in a number of orchards, Smiley said, this being the second time this season many of the trees have been treated. Many ranchers declare that the crop of 1929 will be larger than the crop of 1927.

CARPENTERS SUE OVER GIRDER CRASH

SAN DIEGO, July 19.—Collapse of girders at the new San Diego High School gymnasium March 6 today resulted in three suits for damage, aggregating $65,104.35, being filed in Superior Court by carpenters injured in the accident. Plaintiffs are A. L. Wright, Harry B. Young, and G. E. McKinnon. Their suits are directed against Orton D. Darnall, Mrs. Vesta Muehleisen, Mildred L. Hale, Jacob Weinberger, and Claude Woolman, comprising the City Board of Education, the National Iron Works and Frank P. Allen, architect. Wright asks $27,221; Young, $10,955.35, and McKinnon, $26,928.

FISHER TO FACE COURT

HUNTINGTON PARK, July 19.—Joe Fisher, who was arrested in Los Angeles last week and held as a suspect in a grocery store robbery, will be brought before Police Judge Edward H. Miller here tomorrow for preliminary hearing on a charge of burglary, the complaint having been filed by Mrs. Nellie Stacks, whose home was robbed of a valuable fur coat last May.

HERE'S LOCH LEVEN TROUT GRAND-DADDY

Ernest Sattler and Catch

Taken from Mono county lake. Note yardstick for comparison. It measures 33¼ inches and weighs sixteen pounds.

VENTURA, July 19.—The "grand daddy of California trout" made just one mistake in fifty years, and as a result he is now being mounted for the trophy room of his captor, Ernest Sattler, local sportsman.

The trout was caught last week by Sattler in Convict Lake, Mono county, after a battle of an hour and a quarter. From bow to stern the trout measures thirty-three and one-quarter inches and weighs sixteen pounds.

Natives of the northern district assert they have heard of one trout, an eighteen-pounder, taken out years ago, but no one has ever been found who ever saw the fish. The caretaker of a lodge near the lake and a resident of the Mono Lake country for more than forty years said that Sattler's fish is the largest ever taken out of the high Sierras, and a check-up shows that this is the largest trout of the Loch Leven species that has ever been hooked in the State. The estimated age of the fish is fifty years. There were several other fine trout in Sattler's catch, but they all look like minnows now.

Sattler was equipped with a special trout rod, made by special order of a local sporting goods store, where Sattler's fish was exhibited on his return. The rod was designed for catching steelhead in the Ventura River. Sattler caught the fish on a twelve-pound test line. He used a seven-pound test leader on a test hook with a 100-yard take-apart reel. The giant trout is now being mounted in Los Angeles.

AIRPORT TO ERECT TWO MORE HANGARS

VAN NUYS, July 19.—Continuing its program of expansion, the Metropolitan Airport, northwest of here, yesterday took out building permits for two more hangars, to be erected at once, at a cost of about $10,000 each. The new buildings will be of the same size and design as the others on the field, erected within the last six months. George A. Chapman, contractor and builder of airport equipments, will have supervision of all work.

SCHOOL COSTS ESTIMA[illegible]

Burbank Board of Education Finds In[illegible] Enlarged Educational Fac[illegible]

BURBANK, July 19.—It will cost the taxpayers [illegible] more to operate the city schools in 1929-30 with [illegible] pletely filled and new rooms added to the [illegible] school system cost during 1928-29, according to a [illegible] parative budget schedule released by the Board of [illegible]

It will cost $572,000 to operate all schools here during the coming year as compared with $508,150 for 1928-29. One additional kindergarten has been added and other kindergartens are developing full time where they have, in some cases, been part-time only during the past term, Frank H. Henderson, superintendent, declared.

The normal salary schedule and some additions account for the salary increase in the elementary division. This sum jumped from $127,000 last year to $145,000 for the coming school period. The expense of teachers' salaries for the 157 instructors here advanced from $369,000 to $310,000 for 1929-30, while the "other [illegible] will cost [illegible] year.

"DEPTH" FILMS PLAN DETAILED

Inventor Says Process Will Dominate Industry

Third-Dimension Impression Declared Feasible

Engineer Holds Cheap Cost to Assure Success

Asserting the invention of a process by which standard film equipment, with a few relatively inexpensive alterations, can screen motion pictures having the illusion of depth, or the so-called third dimension, Ralph O. Fear, motion-picture mechanical engineer with laboratories at 7160 Santa Monica Boulevard, yesterday predicted his device will "dominate the film industry."

Back of his invention Fear puts his record as mechanical engineer for a number of years with Metro-Goldwyn-Mayer, Famous Players-Lasky and technical adviser for a number of other studios. He is a graduate of the University of California.

WHAT HE SAYS

"The outstanding value of my inventions is that they permit the use of all the equipment now in use in studios, film laboratories and theaters and provide but for minor alterations to cameras and projectors, entailing an expense of approximately $100 per machine," Fear said yesterday.

He declared that, although he perfected and applied for patents on his appliances only recently already the major film corporations are negotiating for the purchase of the system.

The stereoscopic picture, or illusion of depth, is obtained by the Fear process, as in other methods recently announced, by increasing the size of the screened picture until the entire range of the eye is absorbed. While the normal screen in use today is fifteen feet wide and twelve feet high, a screen twenty-five feet high and forty feet wide will be used with Fear's apparatus.

COST FACTOR

"It has been found by experiment that the horizontal range of the human eye is approximately 160 deg., and the vertical range about 50 deg." explained the inventor. "When this ratio is kept in portraying pictures on a screen so large that an eye focused on it cannot discern extraneous objects, such as the adjacent stage, the illusion of depth is obtained. The processes proposed up to date, however, have been prohibitive because of the cost. Double-size film would cost twice as much, would require special cameras and projecting machines; in fact, would mean the practical junking of motion-picture theater and studio equipment now in use."

Fear asserts that he eliminates the use of double-size film by taking his pictures in a vertical position of the film and returning them to their normal position on the screen by the use of a special optical apparatus on the projection machine.

ANOTHER ADVANTAGE

The vertical position of the negative, he further asserts, allows for a wider sound track and the broadening of the sound-recording scope, thus allowing recordings of twice the present frequencies now recorded, making it possible to catch every note of violin or piano and to retain the individuality of voices.

"The present sound track," Fear said, "is not wide enough to give absolute fidelity of reproduction. Due to its narrow width, any weaving of the film will cause a change of tone. The recording of the higher frequencies of sound is another problem, only partly solved. The speed of photography was increased from sixteen to twenty-four pictures per second to give a longer sound track. At twenty-four pictures per second the film travels at the rate of ninety feet per minute, but still only comparatively low frequency was achieved, sometimes seriously interfering with overtones and harmonics, and destroying voice individuality."

CITY NURSES OAK TREES FOR FUTURE

SUNLAND, July 19. — Twenty-five thousand young oak trees have been taken in recent months from the oak grove in Sunland Park and are being propagated in the tree nursery of the Los Angeles Park Department in Griffith Park for future use by the city. When the trees are large enough for transplanting they will be replanted in parks and along the more prominent highways. City park experts today said that an oak tree is valued at $5 per inch of circumference at the trunk.

GADD FRANCHISE ELECTION ASKED

Referendum Started Against Pipe-Line Deal

Opponents Plan to Put Issue on December Ballot

Price and Bond Attacked as Inadequate

Opponents of the franchise granted by the City Council of Santa Monica to the Center Securities Company for a pipe-line right of way through the streets of the beach city will demand a final decision at the ballot box, it was announced last night.

Determination to carry the battle against the pipe-line agreement to the voters was voiced at a meeting of the Santa Monica Public Affairs Association held in the City Hall at Santa Monica, where more than 150 business men and citizens decided to start the circulation of referendum petitions against the granting of the franchise.

Signatures to the petitions will be sought immediately, according to Robert Brenke, president of the association, and as soon as the required 4000 have been obtained, the demands will be filed and the question placed on the ballot at the municipal election in December. Spokesmen for the protesting group expressed little doubt over the success of the movement, and declared that their action will delay the pipe-line deal for several months.

OPPONENTS' VIEWS

Opposition to the sale of the franchise for $5000 to the organization headed by Peter Gadd is based, according to Brenke, on the claim that thousands will suffer annoyance for weeks and months during the construction of the pipe line on account of torn-up pavements and traffic congestion. It will also involve fire and flood hazards and possible bursting of the proposed pipe line with its load of dirt and water would cause property damage and endanger lives of the citizens, Brenke said.

The spokesman pointed out also that insurance values would be affected and insurance policies jeopardized, if the proposed plan of Gadd is carried out as provided in the franchise. He called attention to the damages which followed the bursting of a pipe line at Wilmington and one at Downey a short time ago.

PRICE TOO LOW

The financial terms of the twenty-five-year franchise were another point of attack by the protestants, and the claim was advanced by Brenke that the agreement purchased by Gadd for $5000 is worth approximately $300,000. Speakers also charged that the $1000 indemnity bond of the purchaser is not a sufficient guarantee to cover the damages that might be sustained, and that the 2 per cent of the profits coming from the pipe line after the first five years is entirely inadequate as compensation to the city.

The referendum petitions must be filed within thirty days, it was announced, and C. C. Doran of the Main Street Committee of Ocean Park, reported that his organization already has started the signature-obtaining work with favorable results. Members of the Taxpayers' League, from the northeast section of Santa Monica, also have gone on record as opposing the franchise, and property owners along the Palisades Beach road have protested and in some instances threatened a court hearing to decide their rights.

The proposed pipe line would carry a mixture of dirt and water from the coastal canyons north of Santa Monica to Venice, where the slurry would be used to fill and reclaim lowlands.

Breakfast Club of Women Will Offer Pageant

The pageant, "Cleopatra and Marc Antony," will feature the monthly meeting next Thursday of the Women's Breakfast Club, it was announced yesterday by Mrs. Samuel Blake, chairman of the club's program committee.

Reginald Denny, motion-picture player, is scheduled to depict the role of Marc Antony and Julia Duncan, screen actress, that of Cleopatra. Others taking part in the pageant are:

Mrs. George Sunday, Mrs. Buron Fitts, Mrs. Betty Henneman, Tudor Williams, Lenora Ivy and Thaddeus Harvey. Music will be furnished by Pryor Moore's orchestra and dance numbers by the Gould dancers.

The pageant will be conducted at the Riverside Drive location of the organization with Bubbles Steiffel, wife of Reginald Denny, and Mrs. Hascle Freeman, president, serving as hostesses.

Gasoline Burns Two Women; One Near Death

Enveloped in gasoline flames yesterday, two women neighbors were burned so severely that the death of one is expected momentarily at Georgia-street Hospital. She is Mrs. Angelina Taylor, 52 years of age, of 133 South St. Andrews Place. First, second and third-degree burns covered her entire body. Miss Dorcas Cavaness, 33, who lived in the same apartment-house, was reported to have a chance to live. Her limbs, back and face were burned.

According to the hospital records, Miss Cavaness was cleaning clothes in a pail of gasoline on the back porch when the fluid became ignited, setting fire to her clothing.

Mrs. Taylor, responding to her screams, arrived just as Miss Cavaness, trying to get rid of the gasoline, accidentally threw the flaming contents from the pail over her neighbor, the police report. Both women were human torches when J. Taylor, son of Mrs. Taylor, extinguished the fire by playing the garden hose on them.

THEY'RE NEIGHBORHOOD PETS

Twins Also Likened to Two Film Stars

Miriam and Rose Kaplan

The marble-shooting and pinafore-frocked population of Leeward avenue know them as Rose and Miriam, twins, one a curly-haired blond, chubby and mischievous, and the other, dark, deep-eyed and of sober mien. But those old enough to know motion pictures refer to the 2-year-old twin daughters of Mr. and Mrs. Harry Kaplan as "Clara Bow" and "Billy Dove."

The "It" girl's miniature double can prove it, too, for her most common expression is, "I want it." (Meaning candy.)

"Billy Dove" also lives up to her namesake, but her small love affairs are all confined to her sister and attempts to make her smile, and see the funny man—the photographer.

Husband Slays Wife and Self

Orsirio Morales, 22 years of age, of Owensmouth, solved his domestic difficulties with a revolver last night when, according to Van Nuys police, he shot and instantly killed his wife Anita, 22, and then committed suicide.

The shooting occurred at the home of Mrs. Morales's parents, 7039 Canoga street, Owensmouth. The young couple had separated, according to information given the police, and he had visited his wife's parents' home in an effort to effect a reconciliation. Detective Lieutenants Sanderson and Corndaffer of the Central Police Station homicide squad are investigating.

Jury Still Out in Gillett Case

EL CENTRO, July 19. (Exclusive) For more than a day the jury that heard evidence in the trial of Sheriff Gillett, on two indictments charging theft of public money and one charging embezzlement, has deliberated the evidence and the judge's instructions. At 3:30 o'clock they still were out, with no signs of being close to a verdict.

At 10 o'clock last night they retired for the night. At 9 o'clock this mornnig they again went to work on the mass of exhibits and transcript of evidence for which they asked soon after going into session.

DAUGHTERS OF WOOD FILE ESTATE SUIT

SAN FRANCISCO, July 19. (Exclusive)—Suit for an accounting of the $300,000 estate of Walter H. Wood, San Jose capitalist, who died July 29, 1918, was filed today by two daughters, Mrs. Doris Mary Wood Gregory of Sacramento and Mrs. Mabel Aletha Wood Miller of Los Angeles. Defendants are their mother, Mrs. Maude Wood Brand, San Francisco, the executrix, and Floyd A. Parton, trustee.

The complaint sets forth that on October 7, 1919, a decree of distribution was entered which contained a conveyance from the two daughters to their mother of all right and title to their shares in the property. No such conveyance was made by them, they charge, and the court was imposed upon.

FUGITIVE SUSPECT ARRESTED

Edward F. Durant, alias Rupert Howell, wanted at Boise, Idaho, on a charge of violating the national prohibition act and breaking jail at Caldwell, Idaho, was arrested yesterday by deputy United States marshals in a West Eighth-street apartment. He was placed in the County Jail.

PAINTING FUND ASKED

The Police Commission yesterday asked the Council for an appropriation of $3500 a month for painting traffic lanes in the streets, declaring that fines cannot be imposed for disregarding traffic laws if the streets are not properly marked. The request was referred to the Finance Committee.

Sinclair's First Sentence Draws to Close Today

WASHINGTON, July 19. (AP)—Harry F. Sinclair, oil magnate, will tomorrow end his three-months sentence for contempt of the Senate, but the prison doors will not open for him until November 22 at the earliest, as since that term started a second of six months for jury-shadowing in the Fall-Sinclair conspiracy trial has been imposed.

Sinclair began serving his term May 6 and, with five days off each month for good behavior, the term ends tomorrow. On June 22, however, the District of Columbia Supreme Court pronounced sentence on the second conviction and the oil man has been serving the two concurrently. With good behavior allowance he will be free before Thanksgiving.

Mrs. 'Kid' Wedge Gets Annulment

OAKLAND, July 19. (AP)—Annulment of her marriage to Frederick R. (Kid) Wedge, former prize fighter, of recent years a minister and now an inmate of the Napa State Hospital, was granted Mrs. Jennie M. Wedge today by Superior Judge Tryon.

The annulment was granted on the grounds that Wedge is insane, having been committed to the Napa hospital on the complaint of his son Hugh, last February.

Jury Convicts Alameda Ring

SAN FRANCISCO, July 19. (AP)—Seven of the eleven defendants in the Alameda county liquor graft trial were convicted of conspiracy to violate the prohibition laws by a jury in Federal Judge Louderbach's court tonight.

Sentence of two years each was immediately passed in John Filipelli, asserted "boss" of the ring, Clyde Miller, Oakland policeman and T. C. Sedgewick, former Oakland cafe man.

UNFAIRNESS CHARGED

Ontario Highway Officers Instructed to Treat Motorists Courteously

TORONTO, July 19. (AP)—Complaints of unfair treatment to automobile tourists by police in western Ontario are to be investigated by Premier Ferguson.

"Instructions have been issued to all highway officers that courtesy is to be their first consideration," he said, "and if they find some one whose only offense is exceeding the speed limit they have been told to warn him, and do the courteous thing with him."

The Premier said that roadside collection of fines is improper.

Complaints of discrimination against tourists have come both from Americans and Canadians.

DEATH ATTRIBUTED TO INDIGESTION

POMONA, July 19.—Tony Conde, 27 years of age, employee of the Walnut Growers' Exchange at Walnut, and well-known in the Puente district, died this morning in his quarters over the Union Pacific station at Walnut, as a result of an attack of acute indigestion. Failing to report for work at the usual time friends found the man in agony. Dr. Paul Newcomer of Pomona, who was hurriedly summoned, reached the scene just after the man had expired. The body was brought to the Hotchkiss funeral parlors here, but funeral arrangements were deferred until the Coroner signs a death certificate.
